The American House Manager is today a member of the army that is fighting to save democracy in the world. More than 11,000,000 managers of American homes have enlisted for the duration of the war and pledged themselves to support the fighting men by the way they buy, cook and serve food. Food will win the war, and these women will help to win it. America must send food to Europe. The armies cannot hold out if we fail to send it. Only certain foods

can be shipped—those that pack the most food value into the smallest shipping space. These foods are wheat, meat, fats, sugar. We cannot eat them and send them too. We cannot eat them and send others. We must send these foods, and in order to do that we must eat other foods ourselves. The American House Manager will see to it that no food comes into her home that does not do its full duty under her management in winning the war.

The Explanation of War.
 God has ordained that the wickedness within us shall always find its expression and punishment in outward evil. War is nothing more than a reflection or image of the soul. It is the fiend within coming out. Human history is nothing more than the inward nature manifested in its native acts and issues. Let the soul continue unchanged, and, should war cease, the inward plague would still find its way to the surface.—William Ellery Channing.
