PAIGE

The Most Beautiful Car in America

A Feature of the Shows

It is no exaggeration to say that our new "Glenbrook" model has been a sensational feature of both the national and local automobile shows.

Its fame has traveled from state to state, city to city, and it now occupies an unchallenged position of leadership in the field of five-passenger cars.

In our long experience as manufacturers, we have never produced a model that has so quickly won its way to public favor.

Everyone, apparently, recognizes in the "Glenbrook" an engineering and designing achievement of the utmost importance.

Designed and built in the Paige

shops—and powered with our new six-cylinder motor—it surpasses every standard heretofore accepted as the best in five-passenger motor cars.

The "Glenbrook" is now one of the fastest selling cars on the American market and the demand is increasing with each succeeding day.

Already our production schedule has been sorely taxed and orders for spring delivery will undoubtedly result in an oversold condition.

Compare it with any five passenger car that the market affords and determine whether it is not, indeed, the greatest dollar-for-dollar value in the light six field.
