Mother's Club Meeting.

The Twentieth Century Mothers' Club held an important call meeting Friday afternoon at the home of the President. Mrs. R. K. Wallace, Mrs. T. E. Arrowsmith and Mrs. J. D. Britton were appointed a committee to select a superintendent for the children's monthly Story Hour. Entertainment for the children was discussed at some length, and a committee composed of Mrs. Claud Thompson and Mrs. Donald Montgomery was appointed to see if Mr. Thompson could arrange for appropriate motion pictures for the children on Friday nights. There was also some discussion of having the regular monthly meeting include a social feature in charge of two members each month. It was decided that any mother could join the Mother's Club with an entrance fee annually of one dollar.

The next regular meeting is to be in charge of Mrs. R. K. Wallace and Mrs. S. J. Deery on Friday afternoon, June 18th, at the home of Mrs. Deery.

To Serve Ice Cream and Cake.

New Candidates

Mr. J. D. Britton has a card in this paper announcing himself a candidate for Clerk of Court of Williamsburg County. John has been in this office as assistant to his father for about fourteen years. He is familiar with every detail of the office, and in view of the fact that his father, Mr. H. O. Britton is not a candidate, John, we predict, will receive a substantial vote, although there may be other aspirants to the office.

The Hon. P. H. Stoll announces himself in this paper for reelection to Congress from the Sixth district. Mr. Stoll is too well and favorably known in Williamsburg, and, in fact, the district, for The Record to attempt to enumerate his merits, his fitness, his ability to ably and honestly fill the position. He has the best wishes and hearty endorsement of this newspaper because we have faith in him to do the best that can be done for the district and the State.

The Hon. J. J. M. Graham is a candidate for the legislature, so announced in this paper by his friends.

Mr. Thornley, a young man of the community, announces himself today as a candidate for Magistrate at Hemingway.

The announcement is made in this issue of The Record of the candidacy of Mr. J. J. B. Montgomery for reappointment to the office of Auditor. "Daddy," as everyone knows him is the court house clown, but he's a good auditor, and we feel safe in predicting his election, especially if he runs in this primary as he has in the past ten years.

Two Men Injured by Falling House.

Leon Weinberg, of Manning, and Dallas W. McKenzie, of Atlanta, were injured, the latter very seriously, on Pawley's Island Monday afternoon by the collapse of a lookout house on the sand hill below which they sat watching the surf bathers. Mr. McKenzie, who is a young civil engineer, was buried beneath the wreckage and it is believed that he has sustained a broken back, besides other injuries. He was brought from the island last night and taken this morning to a hospital in Charleston. Mr. Weinberg, while painfully bruised all over the head and limbs, is not thought to be seriously hurt. He is a prominent merchant of Manning, and his wife, who was formerly Miss Cornelia Ehrlich, of this city, is with him at their summer home on the island. Mr. Weinberg is a brother of Mr. L. S. Weinberg, of Kingstree.

Rumor Unfounded

Mrs. Eichelberger, who have been spending the week in Charleston, where Mr. Eichelberger has been attending the United States Court, returned to the city last night setting at rest the wild rumors which had persisted here all Saturday night and Sunday that the detective had been shot in a raid near Andrews.—Florence Times.

The South Carolina department of the American Legion in convention at Spartanburg went on record as being opposed to a withdrawal from the national organization and as opposed to the legion agitating a cash bonus for ex-service men. Delegates to the national convention were instructed to use every effort to have the national convention repudiate the activities of the national executive committee in regard to the cash bonus.

Governor Cooper yesterday named E. R. Plowden sheriff of Clarendon county, to fill out the unexpired term of E. B. Gamble, deceased. Mr. Plowden was recommended by all members of the Clarendon county delegation.

NOTICE TO THE PUBLIC.

Having decided to go to New York and take a post graduate course in embalming, I take this method of informing my friends and the public generally that I will be away for a period of three or four weeks.

However, I have made arrangements to have my business carried on during my absence. Parties desiring undertaking services will have their needs carefully looked after if they will phone Mrs. P. S. Courtney, phone 91, or call at J. M. McGill & Co.'s. I have made adequate arrangements to have all embalming services properly attended to also.

I also wish to state that my reason for taking this course is to better equip myself to handle all cases entrusted to my care in the most modern and satisfactory manner possible. P. S. COURTNEY.

Found Excuse for Him.

William, looking out of the window one day, was much scandalized to see a man walk up to a woman and kiss her. He evidently thought it over, however, for he said presently: "Well, perhaps he is one of her ancestors."

Palm Trees Live Long. Brazilian coconut palms live from six hundred to seven hundred years, and the date palm from two hundred to three hundred years. On the Mount of Olives, Jerusalem, there are olive trees known to have been flourishing in 1068.
