

ANOTHER REAL SALE

Taylor's Big Department Store will conduct a 10 per cent sale during the month of December, Christmas Goods the only things exempt and the most of them will be sold at sale prices.

Lots of our goods were bought at the old price which means that you can buy lots of our goods at less than the market price today. Our object in putting on this sale is to reduce our stock as we intend doing a strictly cash business another year and feel that our stock is too large for a town the size of Greeleyville.

We don't propose to swing up stuff all over our store and have the goods damaged like most merchants conduct sales, but the goods will be sold at 10 per cent on actual costs, lots of Shoes and Clothing will go at Cost.

All we ask is that you call and look us over and call for what you want and if you are not convinced that goods are not being offered as advertised, don't spend a cent with us. I know that you have been faked a lot and I don't blame you for being skeptical of sales, but we are putting on an "honest to goodness" sale, our object being to reduce our immense stock.

Final Reduction in Prices

No doubt you have noted in a previous issue of The Record that we had reduced our prices on practically all lines of merchandise we handle. Now, as the season is drawing to a close, we are going to make a final reduction, effective until Christmas. Certainly we are losing money on this merchandise, but we would rather lose now than to carry these goods over for another season.
