Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

Theford's

BLACK-DRAUGHT

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I took it in broken doses after meals. For a long time I tried pills, which gripped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive."

Those who desire to pay their taxes through the mail may expedite matters by dropping the Treasurer a card asking for the amount of their taxes, so as to avoid sending the wrong amount, also stating the township or townships (if property is owned more than one) and if possible give school district where property is located. After paying taxes, examine your receipts and see if all your property is covered; if not, see about it at once.

By following the above suggestions complications and additional cost may be avoided.

ABOUT ROMAN CATHOLICS

Some people believe one thing, others something else, but nearly every real American wants to know both sides of a question before he approves or condemns.

We make it our business to tell the truth about the Catholic Church—Her doctrines, Her ambitions, Her system and Her authority. If you would like to ask a question write us and you will receive a courteous reply.

We have nothing to sell, no charge to make. Just a simple question brings a truthful answer—and nothing else.

Cause of Fatigue

A man who has made a study of the causes of fatigue declared that people get tired not because the work involves muscular effort, but because they remain in one position all day. Thus the woman who has to be on her feet at housework all day is tired—but not more so than the office woman who has to sit at a desk all day. It is the confining position without change or relaxation that makes fatigue more than laborious effort.

Early American History.

Plymouth was the first permanent white settlement in New England and dates its founding from the landing of the Pilgrims, Dec. 21, 1620. The iron works on the banks of the Saugeen river, established in 1643, were the first iron works established in America. A small iron pot cast there in the first forge in America is now the property of the city of Lynn and is in a glass case in the Lynn public library.
