He has the reputation of being able to get whatever sum he asks for, but this time only got about half of the amount wanted. Rev. A. J. S. Thomas preached Saturday night at To'clock. After the sermon the Asconstion was called to order, and Col. Hoyt was heard in the interests of the Baptist Courier The congregations have been large and attentive.

The people began to arrive at an early hour, and continued to come un-til about one thousand were present. Rev. R. H. Griffith addressed the Sunday School in his funny way, keeping his hearers in a good humor all of the time. He was instructive and entertaining.

The seats on the floor of the Church were being rapidly filled with ladies; The men having to go into the gal-leries. Every available space in the aisles, in front, and on each side of the pulpit, had chairs in it; while some sat on the pulpit steps, and

others stood around the doors. In the galleries, there was a jam. Rev. C. A. Stakely preached from the text: 'Who are God's wit-

nesses?' He prefaced his discourse by saying that: 'No one will deny the existence of God. 'The Heavens declare the glory of God; the firmament sheweth His handiwork. Day unto day uttereth speech; and night unto night sheweth knowledge.' 'Heaven, Earth, Nature, and Revelation are God's witnesses.' 'But there is anoth er witness: Jesus Christ the only begotten Son of God, in taking upon himself the form of sinfal man, with all of our infirmities, yet without sin; and in Ilis death on Calvary bore testimony to the unbounded love of God. His death is the only basis upon which a dying soul can meet an angry God.' . There is yet another witness: The Holy Spirit working in the hearts comen and reconciling them to God.' 'And Christians are God's witnesses. There are four conditions which a good witness - must fulfil: 1st. He must know something about the case. To put up one who knows nothing apout the case is extreme folly. 2nd. How much does he know? His testimony is important in proportion to his knowledge. 3rd. Where did he get his information? it must not be hear say or from a third party, he must be an eye-witness, and 4th. he reliable? Does his testimony bear his life out of the witness box? If he, in the witness box, testifies for God, and outside, joins hands with the devil, he is doing God injury.'

There are three ways of testifying:

We do not heritate to ray that for a year past whave sold more of Swift's Specific (S. S. We have but imperfectly given the outline of the prominent points in his sermon.

At the close, the Pastor announced that a table would be spread on the grounds, to which the public were invited. The congregation was then distributed, and the Association called to order. While the ladies were loading the tables with all sorts of nice

Sent by a principle of the price of the pri ing the tables with all sorts of nice things, the Association was closing its business. After a very fervent and soleton prayer by Dr. J. C. Furman, the Moderator, Rev. D. W. Cuttine,

declared the Association adjourned. About one one hour was spent in supplying the physical wants of the congregation. At 2 o'clock the people began to go in the Church, and were all settled comfortably in their places by preaching time. Dr. J. C. Furman said that it would be impossible to give a complete history of Bethel from its organization, 100 years ago, up to the present time, as he had to depend on the minutes of the Charleston Association, and they were

broken. His text was: 'Now therefore are we all here present before God, to hear all things that are commanded thee of God,' from which he preached a short sermon: and continued by reading the minutes as far as they related to Bethel, occasionally telling an incident of its history not on the minutes, but either known to him or related by friends. Dr. Furman said that at a meeting of the Association held at Bethel fifty-five years ago, a from Charleston, was to preach his this principle. It realizes that trial sermon. Those of you whose heads are gray probably remember the faltering boy who tried to preach to you, and he now stands before you a somewhat faltering old man.' Sacred memories seemed to well up in Dr. Furman's mind, at times almost choking his voice. It was a pleasure to hear him recount reminicences of the flock with Manna from God's word. Civil Engineer. KENDALL'S SPAYIN CURE.

Orders Promptly Attended to it to swell three or four times the natural size, which made him very lame. I tried a THOMAS, Jr., & BRO., great many liniments which failed to benefit the injured part. At last when disgusted. and ready to give up the colt as ruined, I happened to see your advertisement of "Kendall's Blister and Spavin Cure," and thought I would give it a trial, I first applied the 'Blister" to the hock which by this time had become calloused, and to my surprise found it W. C. FORSYTHE & SON, work like a charm. In twenty four hours he part that was hard became soft and the lameless began to leave. I then got some of "Kendall's Spavin Cure" and applied it ac-DRY GOODS according to directions, which has made a perfect cure, and the colt is now as sound as CLOTHING. any horse alive.
