confined to use the 'Mother's Friend,' for during along obstetric practice I have never known, it to fail to produce a quick and safe delivery."

Another says: "My wife used the 'Mother's Friend' (Holmes' Liniment) in her fourth confinement, and says she passed through it with one-half the suffering of either of her former confinements and recovered in much less time."

A lady patient who used the "Friend," said after her confinement: "I have never seen one pass through this trial so easily and with so little suffering God bless the discoverer of Holmes' Liniment."

An experienced midwife writes: "I am delighted with the 'Mother's Friend.' In every instance where I have known it used its effects have been all I could ask. I consider it a great bless-

ing."
A lady of Huntsvile, Ala., moving in the highest circles, writes recently; "I have trued 'Mother's Friend' (Holmes' Liniment) and can truthfully suy it is a most excellent preparation. I freely recommend it to all,"
