TUESDAY, SEPTEMBER 2.

Published at the Post Office at Sumter, S. C., as Second Class Matter.

EXAMINE YOUR DATES.

We request each of our subscribers to examine the address on his paper, and particularly to observe the date upon it. This date shows the time up to which the paper has been paid for.

NEW ADVERTISEMENTS.

M. B. Murray—A Card. E. B. Wells—Seed Oats. Remington Sewing Machine. W. D. Blanding—Building and Loan Association.

PERSONAL.

Rev. W. W. Edmunds has returned from his vacation trip. Mr. W. W. DeLoane is home again from his visit to N. C.

Death.

Dr. J. M. Pitts, whose health has been very delicate for a number of months died suddenly last Tuesday evening. Dr. Pitts has been for many years a prominent citizen in all the various enterprises of his neighborhood.

Rev. J. E. Rodgers.

This well known Baptist Minister died peacefully at his home, Sunday morning the 24th ultimo. Some months ago he received a slight stroke of paralysis but had apparently recovered from its effects, and has been for some time engaged in his pastoral work.

Sumter Club.

The Democratic Club meeting on Tuesday night was well attended. The hall was very nearly filled by our voters together with a liberal sprinkling of the anti-present small boy, armed and equipped for the fray and making more fuss than a playing mill.

Solid Improvements.

The new brick store on Main Street are all occupied. Messrs. Hoyt & Brother have a most comfortable establishment, and when all their stock and other trunks arrive, can show as pretty an outfit as can be seen in the State, outside of Charleston or Columbia.

Foreston.

Mr. Editor: Your reporter visited the land of Saw Mills and Turpentine Stills last Saturday, for the purpose of attending the meeting of the Black River Union. A crying baby and an early rise in order to meet the train, limited my hours of sleep to a minimum, and the trip to Foreston was passed in a somewhat condition. I was roused up occasionally, however—once, I remember, when the train stopped at Oakland, I heard a feminine voice outside the window, and peeping over I saw the better half of friend Arthur Harvin with a huge pan of eggs which she had brought for a lady who had been visiting her and was then leaving.

The Annual "Laying-by" Dinner on Dr. Furman's Plantation.

Mr. Editor: We had the pleasure of an invitation to attend, as a "looker on," the annual "laying-by" dinner given by Dr. Furman to the hands on his plantation, and to "take 'foot lock'" with the family, on last Friday. When we arrived the steam from large pots and smoke from the brick oven, with a group of cooks in attendance, all bespoke preparation for a big dinner.

Bishopville Letter.

BISHOPVILLE, S. C., Aug. 28, 1884. Our crop prospects, which were so flattering at a time to look hopefully forward to a better time, in the near future, are growing decidedly less encouraging, and some of us are beginning, even, to doubt whether or not we will make enough to pay our debts.

That Speaking.

BISHOPVILLE, S. C., Aug. 29, '84. Mr. Editor: You gave at a recent notice of our campaign meeting last week, and I must add a few words. The meeting was very interesting, as was evidenced by the fact that when one of the candidates for County Commissioner finished speaking the band struck up that soul stirring piece "Get along home Cinda, Cinda," and at the conclusion of the remarks by one of the candidates for Sheriff, who said he could not speak but desired to be elected Sheriff, the music chimed in "The Girl I left behind me."

Visit to Bishopville.

PROVIDENCE, S. C., August 24, '84. Mr. Editor: I have paid a short visit to Bishopville—one of the finest sections of our country—and it is due the thrifty farmers of said place, to say that their labors have been blessed. Mr. W. H. Dixon has a fine field of cotton, grown from the improved large boll cotton, sent him by our late Congressman, J. S. Richardson. Fifty bolls of said cotton will weigh a pound, whereas it takes one hundred of the ordinary kind. It brought half a cent per pound more in the Charleston market last year. Messrs. O. C. Scarborough, L. M. Crosswell, J. W. Dixon, J. N. and R. E. Carnes, F. S. Reams, all have fine crops. They are suffering for rain at present, and some fears are entertained that the crop will be cut short, but almost a full crop of bolls have already matured. Corn crops are fine, and in many instances, ready for the mill. Now if some inventive genius could bring about a substitute for bacon we could live another year notwithstanding the lien law, for the prospects now insure the payment of our present indebtedness.

Statement of Mr. B. F. Hearndon.

Early in November, 1881, while sewing on the machine, my wife was taken with a severe pain in her side, which was soon followed by hemorrhages from her lungs and a severe cough. Ever commencing, she could neither eat nor sleep, and in a few weeks she was reduced to a living skeleton. The attending physician told me that he thought one of her lungs was entirely gone. She could not retain the third dose, I began to notice some improvement in her condition. I continued the medicine regularly, and by the time she had taken two bottles, she was able to walk about the house. She is now in perfect health, and enjoys her former life. I believe the Lung Restorer saved her life. We have a family of six children, some of them young.

For the Watchman and Southeron.] Mayesville Items.

MAYESVILLE, S. C., September 1, 1884. Mr. H. H. Wilson has returned from his mountain trip looking younger, fatter and handsomer. Dr. Corbett is also back home ready for the Fall campaign in dissecting hands and arms after they are sawed up by guns. Miss Mattie Johnson, our Milliner, and Mr. A. A. Strauss have gone North for new goods. Mr. Junius Mayes is home from Charleston on a visit to his parents. Mr. Dean has an abscess in his hand from which he is suffering intense pain; and Mr. A. J. Bateman is under the weather—hardly able to creep about.

VERMONT'S GREAT CHEMIST.

"I find, on analysis, that the Royal Baking Powder advertised as 'absolutely pure' contains 'Ammonia.' Ammonia is a DRUG which should never be administered to a well person. This, with the fact that bread baked with such powder retains the ammonia, indicates that the less medicated bread we have the better for public health."

"DR. PRICE'S CREAM BAKING POWDER does not contain AMMONIA, but is a scientific combination of wholesome materials."

CHARLES S. BOYNTON, M. D., Analytical and Consulting Chemist.

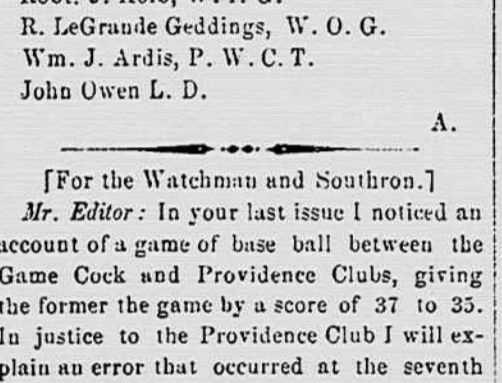

Brandon, Vermont, June 2, 1884.

The Royal Baking Powder Co. cannot evade this issue, "Ammonia," by any of their tricks, crying Lime. DR. PRICE'S CREAM BAKING POWDER does not contain Lime. The public demand that the "Royal Co." defend the use of the disgusting drug Ammonia.

DO NOT TAKE OUR WORD FOR IT.

Every housekeeper can prove the truth of our statements by placing a can of the "Royal," top down, on a hot stove until heated, then remove the cover and smell "AMMONIA." This test will show that the "Royal" contains AMMONIA; that Dr. Price's Cream Baking Powder does not contain Ammonia. The strength of our powder can be proven by the consumers' reliable test.

HAILED WITH DELIGHT

BY CHILD-BEARING WOMEN. THE DEAD OF ANTICIPATED MORTEHOOD.

DISPENSED, AND THE DANGER TO LIFE OF BOTH MOTHER AND CHILD DIMINISHED BY THE USE OF THE

Mother's Friend

Read and ponder the words of praise—unfeigned, voluntary testimonials—did have been sent to me, selected from hundreds received from grateful beneficiaries.

"I most earnestly trust every one expecting to be confined to use the 'Mother's Friend,' for during a long obstetric practice I have never known it fail to produce a quick and safe delivery. It has cured many of our former obstinate friends (Holmes' Liniment) in her fourth confinement, suffering either of her former confinements and recovered in much less time."

"I only mention who used the 'Friend,' said after through this trial so easily and with such relief, that I have never seen one pass through confinement, who did not feel the benefit of 'Mother's Friend.'"

"An experienced midwife writes: 'I found delight in using 'Mother's Friend.' In every instance where I have known it used in all cases, it has proved a most excellent preparation. I feel I would recommend it to all.'"

"A lady of Huntsville, Ala., moving in the highest circles, writes: 'I have used 'Mother's Friend' (Holmes' Liniment) and can truthfully say it is an excellent preparation. I feel I would recommend it to all.'"

Send, \$1.00 per bottle. Sent by express on receipt of the price.
