The blood to make healthful and pure.

Cured by S. S. S. after the Potash and Sarsaparilla Mixtures Failed. I contracted a severe case of Blood Poison in 1883 and my physicians put me under a mercurial treatment of three months without doing me any good; in fact I was gradually growing worse. I then consulted another physician, who tried me with Potash and Sarsaparilla, but with no better result. I then became disgusted with doctors and their remedies, and commenced taking Swift's Specific (8. S. S.) After taking seven bottles I was entirely cured, and I have not had any symptoms of a return since. I have recommended S. S. S. to others, who have used it with the same good results.
