have been greatly benefited by the rest and

Teachers' Examination.

School Commissioner John T. Green, gives
notice, in this paper, of the Teachers' Exam-
ination which will be held on Saturday, Octo-
ber 31. All teachers who wish to obtain certi-
ficates should be on hand promptly at the hour
named.

Ice Cream Festival.

On Friday evening September 18th, the
Wedgefield Baptist Church will give an ice cream festival for the benefit of
that church. It is hoped that there will be a
large attendance, as it is for the benefit of a
worthy object.

A Lovely Flower.

Last Sunday afternoon Miss Luisa Rose
presented us with a Night Blooming Cereus
bud. As the shades of night began to fall
the petals of the bud gradually unfolded, and by 9 o'clock the flower was fully open, and it
was one of the most lovely flowers we have
ever seen. The whole house was filled with
the perfume it emitted.

The Institute.

The Sumter Institute opened on Monday
with the brightest prospects for a prosperous
session. The boarding department is full,
and the attendance from the city is as large
as usual. The advantages offered for study
of French and German are greater than at any
previous time. Of the other departments it
is hardly necessary to speak, for the standard,
this year, is fully up to the high average
maintained in the past.

Lecture by Prof. Jno. B. Duffie.

The next lecture under the auspices of the
Epsom League will be delivered by Prof.
Jno. B. Duffie, on to-morrow, Thursday, even-
ing, the 17th instant, in the Methodist
Church at 8 o'clock. Every one is invited to
be present, and should attend as these lectures
are both instructive and entertaining.

Graded School Building.

Mr. J. B. Carr, the contractor for the
Graded School building, began the brick work
on Monday morning, and the first row was laid
by Mr. H. K. (col.) of Orange County, N. C.
The excavation for the foundation has been
made under the direction of Mr. Thos. L.
Jones. We may expect the work to be pushed
rapidly now, weather permitting, as Carr
is a hustler.

Another B. and L. Association.

A branch of the Georgia Co-operative Loan
Company, was organized here on Monday,
with the following officers: President, W. F.
B. Haworth; Vice President, L. I. Parrot;
Secretary and Treasurer, H. B. Stokes,
Attorney, T. B. Fraser, Jr.; Directors, D.
Rosendorff, F. M. Beckham and F. H. Boltz.
The organization was effected with
200 shares and it is expected a great many
more shares will be subscribed for.

The telephone line connecting the store of
E. R. Roberts & Co. with Mr. Rembert's
store at Haywood has been completed, and it
works perfectly. The instruments used,
however, are the latest improved of the Bell
Telephone Company, and the excellence of the
service could have been foreseen.

Home Evidence.

Rope Buzz, S. C., Aug. 28, 1891.—I
used 200 lbs of your Globe Guano per acre
this season on my crop of cotton. In com-
parison with the last crop of cotton, regard
yourself as the best high grade fertilizer.

In regard to the intense system of farm-
ing it always pays well to fertilize liberally.

Jameson Jones.

On September 3rd, in the Methodist
Church, Narrelle S. C., Mr. M. V. Izar, of
Marietta, N. C., to Miss Emily Holloman
daughter of Mr. Hiram Holloman, Rev. Mr.

Keels of Sumter, S. C., after a short illness at
the home of E. B. Rhodes, Williamsburg,
Co. S. C., died on the night of the 10th Sept.,

Religious.

The congregation of the Presbyterian
Church are taking steps to provide for the
entertainment of the members of the Synod
of South Carolina which meets in this city
next month.

Evening services will be held in the Presby-
terian Church on next Sunday and on Sun-
day evenings thereafter.

Rev. D. C. Rogers, of Bishopville preached
at the Baptist Church Sunday morning. Dr.
Brown conducted services that evening himself.

Herald.

Rev. W. A. Gregg, pastor of the Presby-
terian Church at Bishopville, has returned
from his summer vacation spent at his old
home in Marion.

Death in Jail.

The verdict of the coroner's jury in the case
of Adeline Benjamin, the colored woman
who died in jail on last Wednesday night,
was that she came to her death from deprac-
tion after child-birth. She is the woman
that threw her newly born babe in the well
on September 2d. For this cause she was
arrested and held in jail, and then died.

Laying of Cornerstone.

At a meeting of the Board of School Com-
missioners of the School District of the City
of Sumter, held yesterday, the Rev. John
Kershaw, R. O. Purdy and Hon. Almon
Mose were appointed a committee to make
arrangements for the laying of the corner
stone of the Graded School Building.

The committee have not yet formulated their
plans, but it is contemplated to invite the
Masonic Lodge to lay the cornerstone.

It is probable that we will be present to
see the laying of the cornerstone.

Colored Industrial Fair.

The Sunter Colored Industrial Fair will be
held in this city October 12th, 13th, 14th
and 15th. The three previous fairs have been
very successful and all indications point to
a greater success this year.

Reduced rates will be given to all individuals
coming to this city and the fair will, no doubt,
be a large attendance of the best element of
the colored population of this State.

Joe Johnson Again.

Administrative.

The White Graded School opened on Mon-
day morning with about 300 pupils in atten-
dance. The school closed the last session
with 361 scholars, and 70 new pupils were
enrolled on last Thursday and Friday.

This school is one of the most attrac-
tive features of the city—that is more
people move to the city on account of this
school than from any other cause. Under
the direction of Mr. Duffield with the able
corps of teachers now constituting the faculty,
we predict a season of greater results to the
community's good than heretofore.

The Lincoln School (col.) also opened on
Monday, and 200 pupils were enrolled, which
is the largest number ever opened with.

There is a prospect for a larger attendance this
year, and what the total enrollment will be
cannot be determined until after the cotton
picking season is over—about October 15th or
November 1st.

Baldy.

Barley seed, Southern seed Rye, Genuine
P. R. oats, at Ducker and Bultman's.

Our Advertisers.

DesChamps Bros. have secured a fine stock
of goods, and are desirous of obtaining a
share of the trade of Sumter and surrounding
country. Their goods have been selected with
care, and the most fastidious taste can be
satisfied in their store. They are carrying the
largest stock of notions and hats to be found
in the city, and are making a lead on them.
Their advertisement appears in to-day's paper.

H. Harby has a new advertisement in this
issue, to which you will naturally turn if
you are wanting anything in the way of
horses, mules, wagons, carriages, buggies,
etc., or lime, fire brick, cement, or any other
article in that line.

Base Ball.

The game of ball between Darlington and
Sumter played on last Thursday afternoon
was witnessed by a large and enthusiastic
crowd. The playing was in the main good.
The Sumter club showed a lack of practice in
team work, but the individual playing was
excellent. The feature of the game was Char-
ley Villeeneuve's home run. The Darlington
club is the best that has played in this
city. The Sumter club was beaten.

For the sumpter side, it will be decided
whether the Sumter club as winners was presented with a box of fine
cigars by Mr. J. C. Eldridge, proprietor of the
Sumter cigar factory.

The Dance.

The young men of this place gave a dance
complimentary to our Darlington visitors on
last Thursday night. Immediately after the
dance the crowd repaired from the Academy of
Music to the Armory Hall, where the dance
continued until late hour. It was greatly
regretted that many of our Darlington visitors
could not remain to witness the dance.

pleted,
