

Wednesday, Oct. 5, 1892.

The Watchman and Southern was founded in 1870 and the True Southern in 1866.

The Watchman and Southern now has the combined circulation and influence of both of the old papers, and is manifestly the best advertising medium in Sumter.

J. T. Green, Esq., is the author and collecting agent for this paper. He will take new subscriptions, collect bills due and accept for same.

DEMOCRATS RALLY!

The time is short before the general election on November 7th. Now that our exciting primaries are over and our State and County tickets are practically elected, we should by no means forget our duty in the election of a Congressman from the 7th District.

Let all the stores of our city be closed on the 21st of October, and our students, teachers, citizens all honor the day with our presence at the Graded School building.

Let all the stores of our city be closed on the 21st of October, and our students, teachers, citizens all honor the day with our presence at the Graded School building.

OUR COUNTRY SCHOOLS.

While we have never said anything to discourage the efforts of our citizens to make our city one of the leading educational centers of the State, yet we feel it our duty to utter a word of caution to the patrons of our public schools in the county.

General E. W. Moise through his own efforts and those of a few of his friends will make a close canvass of this and the other counties in the district. Public meetings will be called at appropriate places, which we hope will be attended by both classes of our citizens for the purpose of learning the relative fitness of the two candidates now before the district for this important office.

COLUMBUS DAY.

The following address has been issued by the State Superintendent of Education to the School Commissioners throughout the State—calling for a general observance of Columbus Day on the 21st inst.:

Congress has authorized and required the President of the United States to issue his proclamation which has done, declaring Friday October 21, 1892, a general holiday in commemoration of the four hundredth anniversary of the discovery of America by Christopher Columbus.

Congress has also authorized and required the President of the United States to issue his proclamation which has done, declaring Friday October 21, 1892, a general holiday in commemoration of the four hundredth anniversary of the discovery of America by Christopher Columbus.

It is therefore proper and desirable that the schools of the country participate in such exercises as will result and impress the history of the event upon the youth of this land.

To this end I would therefore invite all school officers and teachers public and private, the military and private citizens, and the city authorities, of this State to participate in the program given below, some parts of which have been suggested by the executive committee of Columbus Day celebration.

Most respectfully, W. D. MAXWELL, State Supt. of Education.

The Superintendent of Education suggests the following program to be observed by the schools:

- 1. The assembling at 11:30 a. m. of the pupils of the various schools.
2. At 12 m. the raising and saluting the flag.
3. Song of Columbus Day.
4. The Address.
5. The Ode.
6. America (to be the closing song)

We would suggest that the Superintendent of the Graded Schools invite the other schools of the city to assist in our general celebration at the Graded School Building and also request the co-operation of the Sumter Light Infantry and the Fourth Regiment Band, as also that of all Confederate Survivors in the county.

The flag should be raised promptly at noon with a proper salute from the students followed by that of the Infantry.

In all schools now open in the country and adjoining villages exercises of a like character should be observed. All such schools as are not opened should be invited to participate in the celebration of the city schools.

It is indeed strange that, although our country has reached the four hundredth anniversary of its existence, as we know it, yet it has never entered the mind of an American patriot to suggest a celebration of that eventful day in the history of his country, when by the Providence of God a "better country" was founded upon the civilization of the American citizen.

Let all the stores of our city be closed on the 21st of October, and our students, teachers, citizens all honor the day with our presence at the Graded School building.

OUR COUNTRY SCHOOLS.

While we have never said anything to discourage the efforts of our citizens to make our city one of the leading educational centers of the State, yet we feel it our duty to utter a word of caution to the patrons of our public schools in the county.

General E. W. Moise through his own efforts and those of a few of his friends will make a close canvass of this and the other counties in the district.
