Presentment of the Grand Jury.

To the Honorable J. B. Kershaw, Presiding Judge.

That on that our previous session inspected the Poor House and Jail and examined into the several county officers and made a full and specific report thereof to the June term of the court, we have no special report to submit at this time. Except as follows: The County Commissioners have made the following report, viz: That the Grand Jury recommend that the General Assembly enact a statute giving the County Commissioners authority to dispose of the old jail building and all it occupies (proper) to the best possible advantage and to pay over the proceeds of such sale to the County Treasurer to be used in defraying general county expenses, &c.

The Poor House has been reported to us as needing steps and repairs on chimney.

We have passed upon all bills given to us by the Solicitor and have discharged all the duties devolving upon us during our term of office as we have had time and opportunity.

In making this our final presentment we beg to acknowledge the assistance your Honor has rendered us in the discharge of these important duties, and the courteous treatment we have received at the hands of the various county officers.

From time to time during our term of office we have called upon H. F. Wilson, Esq., for advice and counsel, and to assist us in examining the accounts of the several county officers submitted to us, and we recommend that for these services he be paid the sum of \$10 dollars, and that the County Commissioners do pay the same.

All of which is respectfully submitted.

October 4, 1892. J. J. SHAW, Foreman.

Schwartz Bros.' Opening.

On Wednesday and Thursday last this enterprising firm furnished their lady customers another treat in the way of their fall opening. No one expected this opening to be other than a great success, for the proprietors and their salesmen are thoroughly known for their tastes in everything going to make up their numerous customers in this and adjoining counties. To attempt to describe minutely all that was presented to catch the fancy, suit the economy, or satisfy the desires of the most fastidious would be a needless undertaking. The increased patronage that will surely be gained by this enterprising firm by reason of such a display of goods, will be the best compliment that could be paid the Palace Dry Goods Emporium of our city.

The Y. M. C. A. Library.

The Y. M. C. A. of this city has formulated and adopted rules and regulations to govern their library. Any one may be entitled to the use of the books upon the payment of a fee of \$3.00, subject to the rules prescribing manner and time of the taking out and returning same. We trust that the number of volumes in this library will increase rapidly and that the general public will aid as much as possible in the accomplishment of that end.

With a full and complete public library in our midst unusual advantages will be offered our people—the most of whom are unable financially to satisfy their thirst for literature without it.

Schwartz Bros. have a new advertisement this week. In it they tell all about the beautiful stock of goods which they have. Go and see them.

"Are you out of business?" is the heading of an advertisement in this issue. Read it, it may be of interest to you.

Mr. H. W. Hood notified the public this week that he is prepared to repair boilers, engines, bicycles, guns and anything that is worth repairing. He also does Electro Silver Plating, a sample of which was shown us a few days ago. Anybody who wants silver made new need only send it to his shop. Mr. Hood has with him his father, and both father and son are skilled mechanics and any work entrusted to him will receive careful attention.

The attention of the ladies is directed to the advertisement of Browns & Purdy, from which it will be seen that they have opened their Dressmaking Department. Miss McLean, of New York, will be in charge of it.

A fine assortment of Lamps, Tinware, Woodware and Crockeryware, at R. M. & L. W. Jenkins.

Columbus Day Celebration.

Columbus Day, October 21, will be celebrated by the Sumter Graded Schools. It is hoped that the citizens generally will take an interest in the occasion and do all they can to have the Gamecock City in the front rank with all the country in this the first celebration of what was certainly a very important event in the history of the world, and especially so to our part of it.

A note from Superintendent Duffie says: We have arranged for quite an elaborate program on "Columbus Day," but do not think it necessary to have the program published yet. We expect to request the military company and band to assist us. An Address by General Moore and songs and recitations by nearly every grade in school, in fact we hope to celebrate the day in the right way.

Most men break down when afflicted with rheumatism. If they can get Salvation Oil they can get relief.

For Sale Butter and Cheese and pure Leaf Lard Kingman & Co. Dealers.

Sumter County Republicans.

The fight for the chairmanship in the County Convention held here last week was decided by the election of Z. E. Walker of this city over R. H. Richardson of Wedgefield. G. W. Murray, candidate for congress was the backer of Richardson, and the result may be taken as an indication of Murray's weakness. Richardson and his friends attempted to contest the delegates elected to the State Convention, but failed.

Walker is considered a more liberal man, and to represent the better element of his party in the county, and it is hoped that his administration will bear out this estimate.

Sumter's Tobacco Exhibit.

The attention of our farmers who have engaged in cultivating tobacco is called to the importance of making a fine exhibit of our products at the Columbia Exposition. The following notice in regard to the collection and arrangement of samples for that purpose is republished with the view of urging them to give early attention to the matter, if they have not already done so:

John M. Bates, superintendent of the Tobacco Department of the Columbia Exposition has requested Mr. W. H. Gardner, of Sumter, to prepare an exhibit of the tobacco of Sumter County. Mr. Gardner has consented to do so and requests the co-operation of the tobacco planters of the county. He desires a sample—about one or two pounds—of the best grade from each farm, which he will arrange in the most attractive manner. The county will get the credit of the exhibit, and it will be of great benefit as an advertisement of the county and its resources. Mr. Gardner has only a few months in which to prepare the exhibit and consequently he desires to secure the samples as soon as possible. As he is doing the work voluntarily and without remuneration, we hope he will be aided in every way possible by each and every tobacco farmer in the county. Address samples to W. H. Gardner, Rembert P. O., S. C.
