We refer our readers to the Quarterly Statement of the Bank of Sumter which is published today. Its large deposit account is proof of the confidence felt by the people of Sumter in this Bank as the custodian of their money, while its very creditable profit account is evidence that its affairs are well Belle Windham, of Clarendon County, were managed. Its loans the past year have aggregated more than half a million dollars. Since the opening of the cotton season it has cashed or credited cotton drafts to the amount of \$610,000. On one day-the largest possibly that Sumter has ever had in that line-it sent off drafts for one thousand bales. It has also done a large business in lumber, staves and tie drafts The new year opens with prospects of increased activity beneficial alike to its customers and stockholders.

Plenty of Money.

The special statement of the condition of the Simonds National Bank at the close of business on Dec. 31st is the best that the bank has made since there have been two banks in the city. The deposit account, \$144.748 11 is the largest the bank has bad; and the net available assets of over \$90,000 is a guarantee of the truth of the assertion, made by the officers of the bank, that they are ready to meet and supply all demands for money, when the collateral offered is satisfactory. When the banks have an abundance of money, the outlook is bright for the country, and the year 1893 opens under a great deal more propitious auspices than did 1892.

Musical Entertainment.

In order to assist in raising a fund sufficient for erecting a lecture room or assembly hall for religious purposes, the Daughters in Israel (Circle No 1) will give an entertainment on Tuesday evening, January 10, at 8 o'clock. There will be tableaux arranged by Mrs. W. A. Pringle's well known taste, with recitations and vocal and instrumental music by some of our local favorites The price of admission will be low so as to be within reach of all, general admission 25c., reserved seats 35c., and it is hoped that the attendance will be large in consideration of the well known liberality of our Jewish friends in helping all denominations on similar occasions.

Mayor's Court There were two prisoners before the Mayor' Court on Tuesday morning-a very light docket, considering the large crowd in town the previous day and the enthusiasm engen dered by the emancipation celebration. Jimmie Dargan was charged with disorderr conduct and carrying concealed weapons. Plead guilty was fined \$25 or 30 days on the

Albert Dargan was taken up for disorderly conduct and public drunkenness. Plead guilty and was sentenced to pay a fine of \$2 or work on the streets for four days.
