Mr. A. Gilman Brown, of the Providence neighborhood, left yesterday for Florida. Mrs. Kershaw left for Augusta yesterday to attend the marriage of her brother to Miss D'Antiqua.

Mr. Walter L. Wilson, formerly of this county, is now one of the editors and proprietors of the Banner, published at Monticello, Ga., a copy of which has been received by the W. & S.

The many friends of Miss Maggie Scarborough, who has just recovered from a long illness, are glad to welcome her back to Bishopville. She has resumed her duties at the school.

Mr. Henry Solomons, who had been a citizen of this town for thirty-one years, removed with his family to Sumter last Monday to live. "Uncle Henry" as he was familiarly called, will no longer be seen on our streets entertaining his friends with his rare wit and good humor. He expressed to us before leaving a great appreciation of the citizens of this town and county, and of their uniform kindness to him, and requested us to extend to them for him an affectionate good-bye—Kingsley Record, Nov. 1.

Col. S. M. Boykin, of Sumter County, who came over to present, on a traveling, and who remained over to spend some time with his old war comrade, Dr. A. S. Salley, is a veteran of three wars. He is the only survivor of the Sumter County company which took an active part in the Seminole war. He is one of three who served in the Mexican war. In the late civil war he fought most gallantly and succeeded Col. Keith, of this county, as colonel of the 20th South Carolina regiment. While over here Col. Boykin had the pleasure of meeting a great many survivors of his old regiment—Orangeburg Times.

Mrs. Cleo Trotman has been appointed postmistress for Wedgefield. Arrangements for a ball in the Armory Hall, on Wednesday evening, the 29th instant.

A well developed rumor is current that the Plant System contemplates the purchase of the S. E. N. R. R., and will build through to Yemassee.

Mr. Geo. Manotte is organizing a class in French and those desirous of a knowledge of the "polite language" will please report to him at once.

The Hot Spur given at the residence of Mr. W. S. Dinkins last week for the benefit of the Southern Church was a great success. The net proceeds were \$126.35.

The dwelling of Mr. Lucius Durant was recently entered about 4 o'clock in the afternoon, while the family were absent, and \$30 in money and a gold ring stolen.

A package of liquor was seized in the Myrtleville depot on Saturday by a dispensary constable, and as he could not get the railroad agent to receive it for shipment, knowing what it was, he had to bring the package to Sumter by private conveyance.

The State Convention of the Young Men's Christian Association will meet in Sumter on Friday, and State Secretary W. M. Lewis will be in the city on Friday making arrangements for it. One hundred and twenty delegates are expected to attend.

Referred to Mr. Tribble. On Main Street just below the Episcopal Church is the stump of a tree blown down in the cyclone of Aug. 27th. In falling, the roots tore up the sidewalk. The stump should be removed and the hole filled up.

Drunkennes and Vagrancy. James Young and R. Lynn, two white men, were arrested about a fortnight ago for public drunkenness and sentenced to ten days service on the streets. They were again arrested on the same charge, together with vagrancy, and sentenced to 30 days in the County Jail.

The State Fair. The ticket agent of the A. C. L., here, informs us that up to this time the sales of tickets to the State Fair has fallen very far behind those of previous years. Probably to-day and to-morrow will show better results. The fare is \$2.30 for the round trip, including an admission to the Fair Grounds. The Columbia papers speak in glowing terms of the success of the State Fair, and it will not be their fault if the attendance falls short this year.

Dispensary Sales and Profits. The gross sales of the Sumter Dispensary for the month of October, 1893, amounted to \$4,875.67, an increase of nearly one thousand dollars over last month's sales. Since the dispensary opened in July, the profits to the city and county have amounted to \$1,869.97, or \$934.98 to each. The State's profits, and salaries, have been already taken out. The figures given show only the net amounts left to be divided between the city and county.

A Valuable Knife. Mr. George Shiver, a native of this County, and one of a family noted for their ingenuity and skill, has recently made a combination tool knife that deserves more than a passing notice. Mr. Wiley J. McKain is the fortunate possessor of the knife, it having been presented to him by Mr. Shiver. The knife is made of steel, with a marlinite handle, and has a full, a razor edge. Besides these blades, the knife contains a lancet, a gimlet, a corkscrew, a punch and drill, a pick, a pair of tweezers, a hoof cleaner, a nutcracker and a screw driver. Everything about it is homelike, and it is a fine piece of workmanship; reflecting great credit upon Mr. Shiver's creative powers.

Fire. The residence of Mr. R. E. Muldrow, situated near Bishopville, was destroyed by fire on Tuesday night. All the furniture was burned, and \$70 in currency, which he had in the house. He was insured with A. C. P. of the German American for \$1,200.

The stores of J. S. Potts, C. E. Timmons and S. Copeland, of Magnolia, were burned on last Wednesday night. The fire originated in the store of Mr. Potts, and spread to the other two. A Petition. The following petition to the General Assembly is now being circulated for signatures in this city:

"We the undersigned citizens of the City of Sumter respectfully ask your Honorable Body to amend the School Law of the said City of Sumter in such a manner that the citizens thereof may be allowed to elect the School Commissioners of the School District thereof for the reason that the law as it now stands makes the Board of School Commissioners self-perpetuating and allows its citizens no voice whatever in the management thereof."

The C. S. & N. Inspected. Railroad Commissioner H. R. Thomas, inspected this road last Friday. He reports the physical condition of the road to be very satisfactory. He regards the condition of the road and depots as able to bear comparison favorably with some of the best roads in the State. The Santa Fe Bridge is being worked on now, and the officials promise to put it in thorough repair. The Santa Fe train needs some few repairs, which are now in progress. All the other trackage are in good condition, and are being filled in as fast as the hard times will warrant. All this speaks well for the energy of the management, and should be encouraging to them, as well as satisfactory to the traveling public.

The Haynsworth Family.

In an article in the News and Courier, Mr. Donald Farman of this county says: "Mr. J. O. Prude, of Alabama, is compiling a history of the Haynsworth family and its collateral branches, which he intends to publish in a handsomely bound volume. For several years he has been engaged in this genealogical work, but at first without a view of publication. He will trace the history of the family as a people as far back as the Christian era. In the payment of the debt secured thereby, he said The People's Building and Loan Association of Sumter, S. C., will sell at public auction, to the highest bidder for cash, all the real estate owned by the People's Building and Loan Association of Sumter, S. Who Can Beat This? Mr. H. H. Evans, of Smithville, butchered a calf last week only eleven months old which weighed 400 pounds net. Can any one beat that? We asked Mr. Evans how he managed to raise such a fine calf. His answer was that he fed it—gave it all it wanted, and a great deal of raising fine stock—feeding well.—Waterloo Messenger.

An Interesting Incident. The following incident in the trial of Sullivan, at Anderson, for the murder of Gilreath, at Greenville will doubtless interest our readers: We copy from the People's Advocate:

"At the very inception of the case the court and the spectators present witnessed the most interesting incident of the trial, when Judge Melton and Dr. J. Thomas Pate, the pastor of the Methodist Church in Greenville, that has been witnessed in the Court House in many a day. One of the gladiatorial contests of the ancients and could almost see the sparks fly as the keen thrusts and parries followed in rapid succession. It was a most interesting and the imagination one could see the bright gleaming of the blades as each nerved himself to receive or give the stroke and for an hour or more the spectators were treated as if they were in the arena. Judge Melton found his match in a witness with a well trained brain and a fine intellect. It was as if he were in the arena, and he was so seldom that they have seen a witness on the stand successfully withstand the badgering of a lawyer and come off with his colors and his honor intact. It was a subject of universal remark on the streets that the array of witnesses brought forward by the State was remarkable for character and intelligence, and the array of testimony thrown around the defendant was strong in every link and that it would be a difficult matter to break through it. The line of defense adopted was to show that the killing and for this purpose the main reliance seemed to be a note written by Mr. Gilreath and sent to Mr. Sullivan on the night of the killing and Mr. Sullivan's own testimony."

Thanksgiving Proclamation. WASHINGTON, Nov. 3.—The President today issued the following Thanksgiving proclamation:

By the President of the United States of America: Whereas the American people should every day remember with praise and thanksgiving the divine goodness and mercy which have followed them since their beginning as a nation, it is fitting that a day in each year should be especially devoted to the contemplation of the blessing we have received from the hand of God and to the grateful acknowledgment of His loving kindness.

Therefore, I, Grover Cleveland, President of the United States, do hereby designate and set apart Thursday, the 30th day of the present month of November, as a day of thanksgiving and praise to be kept and observed by all the people of our land. On that day let us forego our ordinary work and employments and assemble in our usual places of worship where we may recall all that God has done for us and where from grateful hearts our united tribute of praise and thanksgiving may be offered to the Father of our country. Let the nation be kindred and of friends lend cheer and enjoyment to the duty and let the generous gifts of charity for the relief of the poor and needy prove the sincerity of our thanksgiving.

(Signed) GROVER CLEVELAND, By the President: Walter Q. Gresham, Secretary of State.

"A chemical success and medical triumph," so speaks an eminent physician in reference to Ayer's Pectoral; and the eulogy was not so extravagant. No other medicine is so safe and efficacious in all diseases of the throat and lungs.

An English admiral, says: "It is true, the life-saving service of America is not equaled anywhere in the world." It is also true that Ayer's Pectoral is a remedy of nearly a century's standing. Invaluable in sudden colds, throat, and lung troubles.

The number of subscribers of these accounts due makes the aggregate sum quite large and it is important that we make collections.
