

IONIA ALL RIGHT.

Plenty of Hog and Hominy in that Section.

Ionia, S. C., Oct. 26, '94. We have had some very fine weather for the last ten days, for gathering our 4 and 5 cents cotton. It is very encouraging, but it may be all for the best in the end, for we have almost made a God of cotton, until it has died on our hands, and now we will have to resort to something else, which will be hog and hominy for home use. There are more hogs in our neighborhood at present than there have been since the stock law came into force, which is a good sign. Corn crops are very good, but the pea crop is nearly a failure. The school house near Dr. C. S. Britton's was burned one night last week. Dr. S. E. McCutchen died yesterday morning and was buried this morning. He was sick only about a week or ten days. A heavy hail and rain storm has just past. We had two showers of hail. The first was the largest lumps that I ever saw. Have not heard how far the hail extended, but the cloud was very heavy above this place. We expect Miss Grace Jervey, of Sumter, to teach the Salem school this term. The school session will commence the first Monday in November. If politics don't revive we shall forget when election day comes. Capt. Keels is going around collecting taxes, or for that purpose. "I don't think he is collecting much." Day Jix.

Letter From Wedgefield.

WEDGEFIELD, Oct. 30, '94. The Wedgefield High School was opened yesterday, by Prof. D. L. Rambo, with a full attendance, including three pupils from Clarendon Co., one from Mayesville and several from Privateer. Prof. Rambo has come to stay, and intends to make Wedgefield his future home, consequently the Wedgefield High School has a bright future. The people here have determined upon building in the near future a modern school house, and have every requisite to make a first-class school. The Home Product Co-operative Life Association, of Sumter County, is well thought of by our citizens, and I am glad to see that they are signing their names to the list, thus expressing their desire to become members of the same. They show that they know a good thing when they see it. Mr. Joseph Leisch, the well known piano tuner, of Columbia, spent last Friday and Friday night in the neighborhood. Mr. Jack Strauge died on 26th inst., and was buried in Wedgefield cemetery. Mrs. Minnie Lampley and children, are visiting in town, and saying good bye to their many friends, before going to Union, S. C., where they will make their future home. Nearly all of our people are opposed to a Constitutional Convention. It has some advocates though, among the Conservatives. Mrs. J. H. Spock, has returned from Merion, where she has been visiting her daughter, Mrs. F. F. Covington, who has been very ill, but glad to report her improving. Mr. J. B. Brown is up and about his room and hopes to be driving out very soon.

Letter From St. Paul's.

ST. PAUL'S, S. C., Oct. 29, 1894. A serious shooting affair occurred near Sumter on Saturday last, between Milton Briggs and Manly Jinkerson, both colored. The two men engaged in a fist-fight previous to the shooting. Manly Jinkerson proving the better man of the two. This enraged Briggs to such an extent, being under the influence of "dispensary," or "blind tiger," (we know not which) that he swore vengeance and armed himself with a double-barrel shot gun and pursued Jinkerson to his house, where he told him he intended to kill him, and tried to induce Jinkerson to come out of his house, which, of course, he did not do, but came where Briggs could see him, and he (Briggs) fired both barrels of his gun into the house, missing Jinkerson, the loads going into the walls, whereupon Jinkerson reached a double-barrel gun which was leaning up in the house and came to the door, emptying both barrels into Briggs' body. The gun was loaded with small shot, and at a range of about 8 or 10 steps, one load taking effect in Briggs' face and shoulders, and the other in the abdomen and legs. From description given your correspondent by Trial Justice Richbourg, Briggs is well perforated with small shot from the top of his head to his knees; but still alive. Briggs is regarded a desperate character, when under the influence of liquor. Trial Justice Richbourg has Jinkerson in charge, but it is said he will be secured for him, and the preliminary hearing will be held as soon as Briggs gets able to attend—Lester.

(From our Mayesville Correspondent.) A Good Entertainment.

The Mayesville Minstrels played to a crowded house on Wednesday night. The crowd was kept in a continuous uproar of laughter from the minute the curtain rose until the performance ended, in fact it is one of the best plays ever put on the Mayesville stage. There is nothing stale about it, the jokes are all new and side splitting, the music good and the costumes fantastic. Those who missed the Mayesville Minstrels on Wednesday night certainly missed a rare treat. The following is the programme. Overture—Consists of New Jokes and Comedians, Songs and Music. Plantation Dance—A regular "Old Virginny" Break Down by Sambo and Dinah. "Prevaricate"—A Stump Speech by Uncle Remus. Military Parade—By the "crack callud" company. Music.

South Carolina is discussing the question of a new Constitution. South Carolina is not half as badly in need of a new Constitution as she is of some active work by the boss fool-killer.—Wilmington Star. Sugar is really cheaper now than six months ago, and yet \$43,000,000 will be added to the United States Treasury by taxing it. Who did it? The Democrats.

PALPITATION OF THE HEART.

Shortness of Breath, Swelling of Legs and Feet. "For about four years I was troubled with palpitation of the heart, shortness of breath and swelling of the legs and feet. At times I would faint. I was treated by the best physicians in Savannah, Ga., with no relief. I then tried various Springs, without benefit. Finally I tried Dr. Miles' Heart Cure also his Nerve and Liver Pills. After beginning to take them I felt better! I continued taking them and I am now in better health than for many years. Since my recovery I have gained fifty pounds in weight. I hope this statement may be of value to some poor sufferer."

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.
