

The Watchman and Southron

WEDNESDAY, MAY 18, 1898.

Entered at the Post Office at Sumter, S. C., as Second Class Matter.

NEW ADVERTISEMENTS.

H. Harby—Still in the Ring. D. Jas. Winn—\$10 Reward. Schwartz Bros—Another Sensation. For Congress—Thomas F. Brantley. J. Ryttenberg & Sons—Shirtwaists and Shirts.

PERSONAL.

Col. J. M. Knight went to Columbia Monday morning. Mr. Walter L. Wilson, of Bishopville, spent Monday in the city. Miss Leila Dick left Monday morning for Columbia to spend a week. Mr. David Williams, of Camden, was in the city Friday on business. Mr. Eugene O. Ingram is in the city for a few days stay on a sick furlough. W. T. Aycock, Esq., of Columbia spent several days in the city last week. R. O. Purdy, Esq., Mrs. Purdy and Mrs. Brown, returned Sunday from Baltimore. Dr. and Mrs. S. C. Baker went to Columbia Monday morning to spend several days. Mr. L. I. Parrott has returned from Georgetown, court having adjourned on Thursday. Miss Laura Mood has returned from Spartanburg after a stay of two weeks with relatives in that city. Maj. H. F. Wilson returned last Wednesday from Asheville, N. C., where he has been on business for several days. Messrs. Altemost Nose and Harry Ryttenberg have returned from Macon, Ga., where they attended the A. O. U. W. Mrs. J. M. Culp and daughter, Mrs. Frank H. Grump and Miss Lois Allen, of Washington, D. C., are the guests of Mrs. Ella Tuomey. Mr. James Holman who went from this city a short time ago to Lexington, Ky., has enlisted in the Sumter Light Infantry and is now in Columbia awaiting examination. Smallpox has reappeared at Claiborne College, Orangeburg. A negro house on Red and White Street was burned last night about 10 o'clock. The fire was of accidental origin. The crops are small for this season, but during the last few days a decided improvement has been observed in all sections of the county. The Sumter Light Infantry needs men who will join the company and serve the State and Nation at this time when men are needed. The vaccination of the residents of this city has been very nearly completed, and it is believed that there will be but a few more cases of smallpox. Surely there is no one in Sumter who wants to hinder the Board of Health in the effort to stamp out the smallpox—then let everybody be vaccinated at once. The Sumter Light Infantry will not be mustered into service to-day. The company was nine men short of the complement last night and more recruits are wanted. A large party of Sumter people spent Sunday in Columbia. They all have relatives or friends in the Sumter Light Infantry, and they went over to pay them a visit in camp. The President of Camden Board of Health has notified Mayor Wilson of Sumter that all persons going to Camden from Sumter must have certificates from Sumter Board of Health that they have been vaccinated. All persons desiring said certificates must either bring to Health Officer a physician's certificate of vaccination or show their vaccination to that officer. Rev. C. C. Brown, who returned Thursday from Washington, says that the people of Sumter get the news from the war as quickly as do the Washington people. This is a fact that few of the Sumter people appreciate. The Daily Item furnishes the news as promptly as any of the papers of the large cities, and although the extra expense is considerable, the subscribers pay no more for the paper than heretofore. The doctors who attended the meeting of the County Medical Association last Friday, went out to the smallpox hospital that afternoon and examined those who are now under treatment. They wished to see the disease in all stages in order that they may be able to recognize it and diagnose it properly if any cases occur in their practice. The recruits who went to Columbia Wednesday to join the Sumter Light Infantry, were: W. M. Huggins, W. M. Lenoir, Jr., J. F. Egan, A. K. Burrows, George Phillips. They went over with Mr. W. H. Seales, who has been acting as recruiting officer for the company during the past week. Mr. R. D. Lee gave Mr. Seales \$10 to pay for the transportation of the recruits while they were in Columbia before joining the Company. There has from the first been a good deal of confusion in Sumter regarding the smallpox, and considerable doubt has existed as to the disease. From what we can learn this has been caused by the fact that chickenpox and smallpox have both been existing in Sumter for some time. Of course the Board of Health will take charge of all cases of an eruptive nature reported, whether they be chickenpox or smallpox. On and after Monday last, the Ordinance of the city regarding compulsory vaccination will be rigidly enforced, and all persons refusing to be vaccinated will be brought before the Mayor and dealt with according to the ordinance. The Board of Health is determined to stamp out the smallpox epidemic at the earliest possible date, and does not want any "fooling" about it. A number of the rejected members of the Sumter Light Infantry have returned home and they are once more civilians and the pomp and glitter and gore of war are things apart from their present imaginations. The larger number of the returning volunteers were very much disappointed that they could not go to the front with the company, but a few candidly and openly expressed their delight that they were well out of the fight. There has been a change in the schedules of all trains on the Atlantic Coast Line. The new schedules went into effect Sunday. The revised schedules are to be found in this paper. The most important change is in the schedule of the Charleston and Columbia passenger. It is due to arrive here at 9:32 a. m. and at Columbia 10:15. It goes through to Greenville over the C. N. & L., making the quickest trip to that city ever put down on a regular schedule. The physicians who have been conducting the general vaccination in the city have been directed by the President of the Board of Health to hand in a list of all who refused to be vaccinated and steps will be taken at once to have warrants issued to bring them before Mayor Wilson for trial. Those who have entertained the mistaken idea that they could defy the orders of the Board of Health with impunity will find out how badly they have erred when they are summoned to appear before the Mayor's Court for trial. If you want a new organ for your old one see Randle.

MELTON-BELSER.

Marriage Bells in Summerton.

Summerton, May 11.—All thought of war and its rude alarms are banished from our town to-day while we witness the marriage ceremony of one of our most charming young ladies. The contracting parties were Miss Caro Belser of this place and Mr. Wm. Davis Melton of Columbia. Miss Belser is the daughter of the late Mr. R. H. Belser and has a large circle of friends here and over the State. Our town will lose one of its chief attractions at her departure. We can solace ourselves only by the fact that she goes to grace the home of one of Columbia's most promising attorneys. Mr. Melton, the happy groom, is one of a family celebrated for its legal acumen, and is fast forging to the front rank of his profession. He can well dispute with Admiral Dewey for the place of first honor as a successful warrior on account of his brilliant victory consummated to-day.

The Presbyterian Church was crowded at noon to witness the ceremony performed in faultless style by the Rev. John Kershaw, of St. Michael's, Charleston. The church was most handsomely decorated by loving friends and presented a scene of beauty made by an artistic arrangement of cut and potted flowers, vines and plants. The contracting couple took their places beneath a huge well covered by snow white LaMare roses, while the numerous attendants were grouped in easy grace about them. The following were the attendants: Miss Florence Kinard, maid of honor. Mr. A. Wallace Thompson, best man. Miss Isabel Gandy with E. B. Clark. Miss Jessie Spano, with I. L. Withers. Miss Sue Richardson with J. J. McEahan. Miss Annie Gaillard with Prof. E. S. Dreher. Miss Noddie Richardson with R. B. Belser. Miss Bessie Ingram with B. F. P. Leaphart. Miss Pauline Gaillard with E. L. Wingfield. Miss Caroline Richardson with W. D. Simpson. Miss Mary Yeadon with G. P. Logan. Miss Rosa Graham with T. T. Hayne. Miss Minnie Briggs with W. T. Aycock. The bride was given away by her brother, A. G. Belser. Ushers: J. C. Bailey, R. C. Richardson, J. T. Melton and Lucian Brailsford. Flower Girls: Emma Baker and Carrie Bakr. Pages: Ervin Belser and Tommie Beall. Miss Annie Burgess presided at the organ, rendering Mendelssohn's Wedding March as the procession moved up the aisle, and Lohengrin's Bridal Chorus at the conclusion of the ceremony.

After the ceremony a reception was given to about 100 guests, at the home of the bride's mother. An elegant table was spread, loaded with an elegant wedding repast. After receiving the congratulations and well wishes of the town, the happy young couple left for an extensive northern tour, after which they will settle down to the joys of married life in our sister city of Columbia. Large quantities of rice and many old slipper girls left the bride party as they left. The presents were both numerous and handsome, many elegant pieces of silver, gold and cut glass. Among the visitors were noted; Mrs. Melton, mother of the groom; Capt. T. J. Baker and wife, Capt. P. P. Gaillard and wife, Maj. A. M. Brailsford, Mrs. J. J. Canty, Mrs. James E. Tindal, Miss Marguerite Tindal and Mrs. Dr. Chandler Baker.

Marriage in Bishopville.

Miss Minnie Crosswell and Mr. T. B. Blythe were united in marriage on Wednesday afternoon, May 11. The ceremony was performed by Rev. Mr. Smith in the Bishopville Baptist Church. S. E. Parker, Sharou, Wis., writes:—"I have tried DeWitt's Witch Hazel Salve for itching piles and it always stops them in two minutes. I consider DeWitt's Witch Hazel Salve the greatest pile cure on the market."—Hughson-Ligon Co. Manning and Camden have quarantined against Columbia and Sumter on account of smallpox. Why don't they quarantine against the country districts where smallpox is prevalent and where no efforts are being made to stamp it out? S. M. Geary, Pierson, Mich., writes:—"DeWitt's Witch Hazel Salve is curio: more piles here to-day than all other remedies combined. It cures eczema and all other skin diseases."—Hughson-Ligon Co. One new case of smallpox was reported to the Health Officer Thursday, from the Silver Street section of the city. Another case was admitted to the pest house that night—a negro woman from the country who applied for admission. The human machine starts but once and stops but once. You can keep it going longest and most regularly by using DeWitt's Little Early Riser, the famous little pills for constipation and all stomach and liver troubles.—Hughson-Ligon Co. Messrs. Vernon Scarborough, Ernest Clyburn, Roland Heaton, Geo. McCutcheon and Arthur Duran, of Bishopville, and J. L. Andrews, of Clarendon, W. F. Smith, of Providence and Hazel Jones, of Sumter, went to Columbia Monday morning to join the Sumter Light Infantry. The Cuban question and political issues sink into insignificance with the man who suffers from piles. What he most desires, is relief. DeWitt's Witch Hazel Salve cures piles.—Hughson-Ligon Co. The Columbia dealers in shot have done a rushing business since the soldiers have been in that city. A company that buys from these parts is said to have purchased 225 pounds within the past few days. It is to be noted that the shot was not bought to kill Spaniards but to give weight to the recruits. "One Minute Cough Cure is the best preparation I have ever sold or used and I can't say too much in its praise."—L. M. Keenan, Merchant, Odel, Ga.—Hughson-Ligon Co. One new case of smallpox has been reported to the Health Officer during the past three days. The disease is not spreading and is believed to be under control. Several of the first to take the disease have been discharged from treatment and detection, thoroughly cured, but marked for life. Late to bed and early to rise, prepares a man for his home in the skies. Early to bed and a Little Early Riser, the pill that makes life longer and wiser.—Hughson-Ligon Co. The Sumter Light Infantry will never see Cuba unless a second army of invasion is organized and the reserve regiments of volunteers transferred from coast guard duty to active foreign service. The indications at present are that the full regiment of South Carolina volunteers will not leave the State, but will be retained to do garrison duty on Sullivan's Island or elsewhere on the coast. The battalion will go to Cuba within a few weeks with the army of invasion now organizing at Tampa and will see hard service in company with the regulars and volunteers from other States.

Success—Worth Knowing.

40 years' success in the South, proves Huggins' Tonic a great remedy for Chills and all Malarial Fevers. Better than Quinine. Guaranteed, try it. At Druggists 10c and \$1.00 bottles. x 1 oct.

Success—Worth Knowing.

If you want your machine made new, bring it to Randle.

MUSTER IN OR GET OUT.

Governor Ellerbe Issues Ultimatum—Good Work of Maj. Thompson of the Independent Battalion.

Columbia, May 17.—Gov. Ellerbe has notified the captains of the companies that have not been mustered into service that they must be ready to be mustered in with the full complement of men on Friday. Failing to do so he will order them to return to their homes, and will call for more volunteers, accepting the first companies that report with the correct complement of men. Governor Ellerbe has suggested that the Richmond Volunteers and Governor's Guards consolidate and that the Bamberg Guards and Palmetto Rifles of Aiken, do likewise. All of these companies are weak and there seems to be no immediate prospect of their filling up.

Much ill-feeling has been aroused in camp by the practice of enticing the men of one company to join another. Yesterday the Governor's Guards entered a number of men from the Palmetto Rifles and the attention of Capt. Fuller and Gov. Ellerbe was called to the matter by Capt. Sawyer of the Palmetto Rifles. They have decided that the deserters from the Rifles will not be mustered into service with the Guards. A detail of men under the command of Lieut. McKee went to Union yesterday to bring back Sherman the deserter from the Johnston Rifles. Sherman will be tried by court martial, and, as there were no extenuating circumstances, he having thrown down his gun while on guard at night and left camp he will probably be convicted and sent to Sing Sing prison.

The independent battalion will be ready for marching orders within a few days. Maj. Thompson is losing no time but is working energetically to have the battalion thoroughly organized and disciplined. The following general order was published yesterday: Headquarters First (Independent Battalion) Fair Grounds, Columbia, S. C., May 16, 1898. General Order No. 1. Paragraph No. 1.—By order of His Excellency, Wm. H. Ellerbe, Governor and commander in chief, this battalion is composed of the following companies: Darlington Guards, Sumter Light Infantry, Edisto Rifles and Manning Guards.

Paragraph 2.—Beginning this afternoon at 7 o'clock, there will be three drills every day except Sunday as follows: Company drills at 7 a. m.; battalion drills at 7 p. m. Paragraph 3.—Lieut. B. D. Wilson, of the Sumter Light Infantry, is hereby appointed acting adjutant until the regularly appointed adjutant, W. Elliott Goetzels, reports or duty. Paragraph 4.—Sergeant Norman H. Bull, of the Edisto Rifles, is hereby detailed to act as sergeant major of the battalion. Paragraph 5.—On the occasion of the drills mentioned in the foregoing paragraphs, captains of the companies are hereby directed to place in the ranks, until further orders, all sergeants who have not been thoroughly drilled and who may therefore need instructions. By order of Major Thompson. B. D. Wilson, Lieutenant and Acting Adjutant.

Gov. Ellerbe has appointed Dr. E. J. Wandamaker, of Orangeburg, assistant surgeon of the independent battalion. Walter Griffin, of Darlington, was appointed hospital steward. The troops yesterday lost their first man by death. Corporal W. H. Parker of the Butler Guards of Greenville, died of pneumonia at the Columbia Hospital, after an illness of ten days. He was 21 years of age, and his captain said last evening "he was a fine young man, possessed of many excellent qualities." He was well up to Wednesday of last week, standing his physical examination and being accepted. On that day, however, he was attacked by pneumonia, and was promptly removed to the Columbia Hospital. He got worse steadily, and his company had to be mustered without him.

I have been a sufferer from chronic diarrhoea ever since the war and have used all kinds of medicines for it. At last I found one remedy that has been a success as a cure, and that is Chamberlain's Colic, Cholera and Diarrhoea Remedy.—P. E. GRISHAM, Ga. Mills, La. For sale by A. J. China. To see to try, to try is to buy the "White". The White is king of sewing machines. Col. D. J. Auld has requested The Item to state as a matter of justice to Gus Lynch, that the report of his desertion from the Sumter Light Infantry is wholly unfounded. He was discharged from the Company by order of Gov. Ellerbe who was impounded daily to do so by Mrs. Lynch. She would take no denial, and finally to settle the matter, Gov. Ellerbe ordered Gus Lynch to go home. T. B. Rice, Druggist, Greensboro, Ga., writes as follows:—"In the past eight years, I have sold more of Dr. Pitts' Carmine than all the soothing syrups, colic drops, and other baby medicines combined." Sold by J. F. W. DeLorme.

Mr. Jos. A. Warren has been appointed manager of the Sumter Telephone Exchange and has entered upon the discharge of his duties. He will make every effort to improve the telephone service in every respect possible and all complaints made to him will receive prompt attention. One Minute is not long, yet relief is obtained in half that time by the use of One Minute Cough Cure. It prevents consumption and quickly cures colds, croup, bronchitis, pneumonia, is gripe and all throat and lung troubles.—Hughson-Ligon Co. Several recruits went to Columbia last Saturday to enlist in the Sumter Light Infantry. The company is filling up and the late reports received state that only twelve or fifteen more men are needed to fill up the roll. S. C. P. Jones, Milesburg, Pa., writes:—"I have used DeWitt's Little Early Riser ever since they were introduced here and must say I have never used any pills in my family during forty years of house keeping that gave such satisfactory results as a laxative or cathartic."—Hughson-Ligon Co. According to the Columbia papers the Sumter Light Infantry had 53 men accepted and 32 rejected. The figures do not account for all the men who went with the company and have since gone over as recruits. What has become of the others? Jeff Clark and Sam Garner were before Mayor Wilson yesterday morning for disorderly conduct, fighting and cursing on the street. The row occurred in Sam Garner's shop on Liberty Street, and knives and razors were brought into section as well as a flood of profanity. The police gathered the combatants in before any blood was spilled, however. Jeff Clark was sentenced to pay a fine of \$10 or work the streets for thirty days. Sam Garner had the option of \$5 or ten days on the street. Both took the days.

Some people may assert that the war is not felt by the average man, but it is felt and that severely all the same. For instance, a farmer stranded early in the season to obtain \$20 worth of supplies each month. This was the best he could get money on. Now the advance in the price of all provisions renders it impossible to live on \$25 worth per month and he has been forced to make new arrangements in order to live until his crop is made. I now cost him \$25 a month to live as a result of war prices.

The June Term Jurors.

The petit jurors to serve during the June term of Court were drawn yesterday. For the June term but one panel is drawn, the docket as a rule being light and there is no need for more than one panel of petit jurors. The jury list is as follows:

J. R. Maves, D. G. Rembert, P. L. Jones, H. C. Watson, Willis White, Hy S. Emerson, M. D. Weaver, J. F. Bradford, W. W. McKagen, R. M. Brown, S. J. Mims, J. L. Neil, J. M. Nelson, H. T. Edens, E. F. Barrows, T. H. Osteen, T. F. Cole, T. D. Chandler, J. C. Parnell, Geo. M. Sanders, W. R. Weldon, J. K. McLeod, D. V. Kels, J. E. Herriot, J. T. Muldrow, Richard London, John W. Geddings, T. M. Moore, W. B. Cauthen, E. G. Brown, M. A. Grooms, W. E. Pritchard, Samuel Ragin, W. A. Brown, J. F. Baker, R. O. Dixon.

Hood's pills are prompt, efficient, always reliable, easy to take, easy to operate. 25c.

The evidence in the case proves Hood's Sarsaparilla cures rheumatism, dyspepsia, catarrh, that tired feeling, scrofula, salt rheum, boils, humors and all blood diseases.

Connie Gallagher who was examined last week not only passed the rigid examination, but was complimented by Dr. Woods, the United States Surgeon, who has charge of the examination of all recruits. Dr. Woods told Connie that he was the best specimen of physical manhood he had encountered since beginning the examination of the South Carolina Volunteers. Connie is every inch a man and will give a good account of himself whenever duty calls him. He holds the hundred yards championship of the Carolina's, having won the first prize at Charlotte last year, and if he encounters the enemy he will stand a slim chance of escaping. There is no possibility of Connie utilizing his fitness to escape from the Spaniards for he belongs to the "fighting race," and has been raised a Game Cock.

Many old soldiers now feel the effect of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rosville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you charge me for one dozen bottles." Mr. Anderson wanted it both for his own use, and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swelling, cuts, bruises and burns, for which it is unequalled. For sale by A. J. China.

Look! A stitch in Time. Saves nine. Huggie's Tonic (new improved, taste pleasant), taken in early Spring and Fall prevents Chills, Dengue and Malarial Fevers. Acts on the liver, tones up the system, better than Quinine. Guaranteed, try it. At Druggists 50c and \$1.00 bottles. x 1 oct.

Council Meeting.

The City Council held a regular meeting last Wednesday evening. Miller & Lowry were elected public printers for the next two years. It was decided to postpone the election of other officers until the next meeting. A resolution was adopted to borrow \$2,000 to meet the expenses of the Board of Health and some other bills. Mr. George D. Saxe was elected a member of the Board of Health to succeed Mr. L. S. Carson, who resigned when elected a member of the Council.

Pitts' Carmine aids digestion, regulates the bowels, cures Cholera Infantum, Cholera Mortus, Dysentery, and all diseases of the stomach and bowels. It is good for both children and adults. Sold by J. F. W. DeLorme.

Institute Commencement.

The invitations to the commencement exercises of the Sumter Institute have been issued. The order of exercises will be as follows: Baccalaureate Sermon, Sunday, May 29th, 8 o'clock p. m.—Rev. J. A. Clifton, D. D. Concert, Monday, May 30th, 8:30 o'clock p. m. Graduating Exercises, Tuesday, May 31st, 8:30 o'clock p. m. Literary Address by President F. C. Woodward. The young ladies who will be graduated as the class of 1898 are: Misses Addie Brogdon, Essie Fleming, Beulah Fox, Mary Hugh Fraser, Ada Mays, Kitty McFaddin.

Another Case of Rheumatism Cured by Chamberlain's Pain Balm.

My son was afflicted with rheumatism which contracted his right limb until he was unable to walk. After using one or two bottles of Chamberlain's Pain Balm he was able to be about again. I can heartily recommend it to persons suffering from rheumatism.—JOHN SNIDER, Free, Fairbairn Co., W. Va. For sale by A. J. China.

Shooting Scrape on Ricker's Row.

Monday afternoon just before six o'clock word was sent up town from Ricker's Row that a negro had been killed in a fight that had occurred in one of the dives at that section of the town. A little later it was ascertained that the man had not been killed outright, but had been shot through the thigh and was bleeding to death for want of attention. Medical attention was despatched to the wounded man and Deputy Sheriff Gaillard and Constable Frank K. Wain set out to arrest the man who did the shooting. Henry Carr, the wounded man, was found lying on the ground, bleeding profusely from the wound in his thigh, but the hemorrhage was soon controlled and he was then removed to a house near by. The wound is serious but not necessarily fatal, and with the proper care Carr will recover. William Williams, who shot Carr attempted to make his escape across a field but was run down by Mr. Gaillard, who was on horseback after an exciting chase. Williams had his pistol in his hand and would have used it had he not been covered by his pursuer and made to hold up his hands. Williams was carried to jail and will be held until the result of Carr's wounds can be determined.

War in sewing machines, but the "White" is victorious.

Perfect Health.

Keep the system in perfect order by the occasional use of Tott's Liver Pills. They regulate the bowels and produce a Vigorous Body. For sick headache, malaria, biliousness, constipation and kindred diseases, an absolute cure. TOTT'S LIVER PILLS.

PARSONS' CURE FOR COLIC, CHOLERA, AND ALL FALSE PAINS.

Best Cough Syrup. Tastes Good. Use in time. Sold by Druggists.

THE MANAGEMENT of the Equitable Life Assurance Society in this territory is desirous of securing the services of a man of character and ability to represent its interests, with Sumter as headquarters. The right man will be thoroughly educated in the science of life insurance and the art of successful soliciting. There is no business or profession, not requiring capital, which is more remunerative than a life agency conducted with energy and ability. Correspondence with men who desire to secure employment, and are ambitious to attain prominence in the profession, is invited. W. J. RODDEY, Manager, March 22-23
