

The Watchman and Southern

WEDNESDAY, APRIL 26, 1899.

Entered at the Post Office at Sumter, S. C., as Second Class Matter.

NEW ADVERTISEMENTS.

Bank of Sumter—Card. Cook & Adams—Sumter Tobacco Warehouse. The Sumter Dry Goods Co.—Spring Trade Coaxers.

PERSONAL.

Mr. O. C. Scarborough spent Saturday in the city. Mr. H. P. Duval, of Cheraw, was in the city Thursday. Rev. James McDowell, of Manning, was in the city yesterday.

Mr. C. E. Strang, of Felders, was in the city Thursday on business.

Mrs. G. W. Hewitt, of Darlington, was on a visit to her mother, Mrs. Brand, last week.

Miss Lou Pate left for Camden Wednesday to visit her brother, Rev. J. Thos. Pate, D. D.

Mr. and Mrs. H. W. Rembert and Mrs. Dr. H. Stuckey, of Mannville, were in the city Friday.

Mrs. Wilhelm, of Statesville, N. C., and Mrs. Harris, of Mooresville, N. C., are visiting at Mr. W. B. Burns'.

Rev. John J. Monaghan, Bishop of the Wilmington, Del., Diocese, was in the city visiting relatives last week.

Messrs. H. Ryttenberg, H. C. Moses and Dr. Hughson, delegates to the Grand Lodge K. of H., returned from Columbia Thursday afternoon.

Mr. J. Frank Pata has again been re-elected State Council Secretary for the Junior Order United American Mechanics at their annual meeting in Columbia last week.

Mr. Geo. H. Davis, of Norfolk, Va., and Mr. Geo. H. Davis, Jr., of Norfolk, Va., are visiting Mr. and Mrs. J. H. Levy. They are the father and brother of Mrs. Levy.

Mr. James B. Holman, who was Color Sergeant of the Second Regiment S. C. V. Infantry, which was mustered out of service August last week, has been in the city for several days.

Mr. John K. Crosswell arrived in the city Saturday morning from New York. He was accompanied by Mr. F. M. Hunter, special representative of the cigar department of R. C. Williams & Co.

Conductor C. S. Lynch, who was injured in the wreck near Sumter about a month ago, has gone back on the road again, having recovered from his injuries.

After Conductor Lynch was scalded he performed the heroic feat of walking four miles to Sumter and reporting the wreck to Florence, in order that a wrecking train might be sent. Such employees are most valuable to railroad companies and Mr. Lynch's action was doubtless appreciated by the A. C. L.—Darlington News.

Mr. G. W. B. Smith, of Fulton, who has been attending the last session of the Dental College at Atlanta, Ga., is at home.

Don't think you can cure that slight attack of Dyspepsia by dieting, or that it will cure itself. Kodol Dyspepsia Cure will cure it; it "digests what you eat" and restores the digestive organs to health. Hughson-Ligon Co.

Dingle Street has been extended from its original terminus at the foot of Washington Street through the Rowland lot to Factory Street. The street bands have been at work on the extension nearly a week, and it has been practically completed.

If you have piles cure them. No use undergoing horrible operations that simply remove the results of the disease without disturbing the disease itself. Place your confidence in DeWitt's Witch Hazel Salve. It will cure you failed to cure others; it will not fail to cure you. Hughson-Ligon Co.

The members of Hollywood Camp, Woodmen of the World, are now carrying \$127,000 in insurance, and the camp is growing in strength every month.

By allowing the accumulations in the bowels to remain, the entire system is poisoned. DeWitt's Little Early Risers regulate the bowels. Try them and you will always use them. Hughson-Ligon Co.

A number of the members of the Second Regiment, members of the Manning Company, were in the city Thursday en route home from Augusta, where they were mustered out the day before.

In 1888 my wife went East and was attacked with rheumatism. She received no relief until she tried Chamberlain's Pain Balm. Since that time we have never been without it. We find it gives instant relief in cases of burns and scalds and is never failing for all rheumatic and neuralgic pains.—D. C. Brant, Santa Ynez, Cal. For sale by Dr. A. J. China.

Claremont Lodge, No. 64, A. F. M., held a regular convocation last Thursday evening at 8 o'clock. The Fellow Craft degree was conferred on Entered Apprentice R. I. Manning, J. C. Spain and R. T. Hall.

Dr. M. A. Simmons Liver Medicine Clear, the Complexion, gives buoyancy to the mind, cures Headache, Regulates Stomach, Bowels and Liver.

The Baptist Courier of April 20 contains an obituary notice of Mrs. Julia A. McLeod, who died on March 22, 1899. She was a daughter of Rev. J. J. Myers, of Providence, and wife of Dr. Harry A. McLeod, of Bishopville, S. C.

Mothers, we call your attention to Pitts' Carminative. It acts promptly, it is pleasant to the taste, and the children will take it without coaxing. It relieves promptly and permanently. If we can get you to use it, you will get others to do likewise. Your druggist sells it. J. F. W. DeLorme.

Thursday afternoon a little negro, son of Marshall Fields, undertook to crawl through one of the sections of terra cotta drainage pipe that is being put down on Republican Street and got fastened in it. He could go neither backward nor forward, and the assistance of several men had to be enlisted before he could be extricated.

Mothers wishing stout healthy girls should give them Simmons Squaw Vine Wine or Tablets as they approach puberty.

A crowd of the mustered out volunteer soldiers passed through the city Thursday afternoon, and a great many of them were drunk as lords. A half dozen of the soberest came up to the dispensary and laid in a big supply of no X and they went on their way rejoicing.

Wednesday night a crowd of them raised a big row at the depot, fighting among themselves, kicking out glasses in the depot and raising Cain generally. Yesterday afternoon there was considerable disorder, but nothing like the row of the previous evening.

The right of way through the Bell Mill plantation for the Sumter & Wateree R. R. was condemned last Wednesday afternoon by a jury summoned for that purpose. The right of way was given by Mrs. Tuomey for the nominal sum of \$1, but as she under the will of the late T. J. Tuomey is only a life tenant of the property it was necessary that the deed be confirmed by condemnation proceedings.

MARRIED.

Last Thursday night at 8:30 o'clock at the home of Mr. J. W. Holliday, father of the bride, Mr. J. D. McLeod of this city, and Miss Marion Holliday of the Jordan neighborhood, were united in marriage, the ceremony being performed by Rev. Mr. Copeland, of Wedgefield.

Flowers and evergreens had been tastefully placed to lend an additional attractiveness to the pleasant hour, and with the assembled men and women attired in fashion's latest creations, the occasion was made a most delightful one.

At the appointed hour the young couple entered the parlor, and in the presence of friends and relatives the solemn words were pronounced which made them man and wife. Congratulations followed, and if good wishes will benefit them, their future pathway should be strewn with roses.

An elegant supper was served in splendid style, and those who partook of the bountiful repast evidenced their pleasure by lingering long around the richly laden table.

After supper the happy party indulged in social converse, and the hour of midnight had passed before the last of the guests departed.

Mr. and Mrs. McLeod will make their future home in Sumter. They were the recipients of many handsome and valuable presents.

Married on the 13th instant at "Hopedale," the residence of the bride's family, near Greelyville, Williamsburg county, by the Rev. O. Y. DuRant, Benjamin D. Colchough, formerly of Sumter county, to Miss Margaret C. Burgess, youngest daughter of the late Dr. James M. Burgess.

DEATH.

The wife of Mr. Joshua Myers, of Providence, died last night. She was quite old, and death was from natural cause.

H. L. B. Wells, Esq., received a telegram Friday morning announcing the death at Freeport, Maine, of his mother Mrs. Eliza S. Britton. Mrs. Britton taught school and lived here many years ago, and had many friends among our people. She was about 78 years old.

News was received last Saturday by the family, of the death at Tucson, Arizona, on Sunday, April 16th, of Knox, son of Mr. and Mrs. W. J. Cotbett, of that place. The child was two years old.

Rheumatism Cured.

My wife has used Chamberlain's Pain Balm for rheumatism with great relief, and I can recommend it as a splendid liniment for rheumatism and other household use for which we have found it valuable.—W. J. Cuyler, Red Creek, N. Y.

Mr. Cuyler is one of the leading merchants of this village and one of the most prominent men in this vicinity.—W. G. Phipps, Editor Red Creek Herald. For sale by Dr. A. J. China.

The stores will close at 6 p. m. every afternoon, except Saturday, from May 1st to September 1st. The merchants and other business men have signed the agreement to close their places of business, as in former years, at 6 p. m., Saturdays excepted, from May 1 to September 1.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children.—W. A. Stroud, Popoake City, Md. For sale by Dr. A. J. China.

Sumter Gentlemen in Columbia. Mayor H. F. Wilson, Dr. John S. Hughson, chairman of the street committee, and W. A. Tribble, superintendent of streets, came up from Sumter yesterday and inspected the city rock quarry and examined into the system and cost of working the streets here. They also visited some of the country roads, which they found in good shape.

Mayor Wilson was impressed with the work done on Main street beyond the postoffice, and with the work now in progress on Taylor street. This, he says, is the kind of work which will be done in Sumter. However, he was somewhat puzzled to know the cost of fixing the streets in this way, as the figures he obtained from different parties were conflicting. While he was talking about street improvements two or three carts were standing in front of the Columbia hotel being filled with dirt which had been raked up in piles all along the street. He expressed surprise that Main Street had not been worked as are some of the side streets which are now being improved.

Sumter has taken hold of the matter in earnest. There is an abundant supply of rock there as in the vicinity of Columbia, and the crushed rock will be bought here and shipped to that place. The merchants of Sumter will contribute the use of their wagons to haul the rock and will aid in other ways in improving the streets. The city has made appropriation for the heavier expenses.

So, while Mayor Wilson came to inspect our system his object will probably be not to do as Columbia has done but as she ought to do.—The State.

No Right to Rginess. The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause, pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50¢ at J. F. W. DeLorme's Drug Store.

Sad Accident. A very sad accident happened at Packsville last Saturday to the wife and one-year-old child of Mr. Charles Broadway. Mrs. Broadway discovered her child's clothing to be in flames, supposed to have come from a spark from the chimney, and in the mother's efforts to extinguish the fire her own clothing became ignited, and she became alarmed and ran to the house of Mr. Will Troublefield, a near neighbor, where they succeeded in putting out the fire. Mrs. Broadway and her child are very seriously burned, although not necessarily fatal.—Manning Times.

Mrs. Broadway is the sister of Messrs R. W. and A. A. Bradham, of our city.

His Life Was Saved. Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cts and \$1.00. Trial bottle free at J. F. W. DeLorme's Drug Store, every bottle guaranteed.

When you ask for Dr. M. A. Simmons Liver Medicine, see that you get it and not some worthless imitation.

BURGLAR CAPTURED.

Peg Leg Turtle Was Too Sharp For the Robber.

Last week on Monday night the stand of Peg Leg Turtle, the one leg negro who runs a cigar, grocery and boot black stand on the corner of Main and Dingle Streets, near the Curtis House, was broken open and everything in it was carried off by a burglar. Tuesday night Peg Leg camped in his stand, expecting the robber to return to make a raid on the new stock he had put in. About 4 o'clock next morning Peg Leg was awakened by some one attempting to force an entrance. Going outside he found John Phillips, colored, and seized him. Both drew pistols, but Peg Leg got the drop and held Phillips up until assistance was called. Phillips was brought up to the guard house and that morning was turned over to Magistrate Wells. Several bags of smoking tobacco, that were stolen from the stand on Monday night, were found in Phillips' pockets, and there was other evidence to prove that he is the man who committed the burglary Monday night.

John Phillips, Peg Leg Turtle's burglar, was given a preliminary hearing before Magistrate Wells last Wednesday and was committed to jail for trial.

If you suffer from tenderness or fullness on the right side, pains under shoulder-blades, constipation, biliousness, sick-headache, and feel dull, heavy and sleepy your liver is torpid and congested. DeWitt's Little Early Risers will cure you promptly, pleasantly and permanently by removing the congestion and causing the bile ducts to open and flow naturally. They are good pills. Hughson-Ligon Co.

It makes no difference how bad the wound if you use DeWitt's Witch Hazel Salve; it will quickly heal and leave no scar. Hughson-Ligon Co.

The Stores Will Close.

The following merchants and business men of this city have signed an agreement to close their places of business, as in former years, at 6 p. m., Saturdays excepted, from May 1 to September 1:

O'Donnell & Co., Schwartz Bros., Corinne Miller, Knight Bros., W. H. Yates, L. W. Folson, John Reid, Bultman & Bro., L. E. LeGrand, D. J. Chandler, W. B. Burns, B. J. Letter From Magnolia.

Magnolia, S. C., April 22.—Cotton planting in this section will soon be over, though with many, unusually late. Some have not finished planting corn yet. The farmers are making good use of the few days of favorable weather. Tobacco plants are being transplanted wherever large enough, but the plants, as a general thing, are smaller than at this season last year.

Mr. James W. Wilson's son, McDonough, of the 2d Regiment, S. C. V., has returned and speaks most favorably of the natural conditions of Cuba. Mr. Moultrie Truick, also of the 2d Regiment, has returned, bringing with him a Cuban boy 12 or 15 years old. He can speak and understand some English words very well. Many of the 2d Regiment, from what we hear, would like to enlist in the U. S. Army, and go to the Philippine Islands.

William Thomas, a negro lad, left this community last fall, and while in Charlotte, N. C., during that memorable freeze in February last, got both of his feet "fros bitten," but managed by some means to get back to his home, near this place. His father, poor and ignorant of his son's true condition, did not get a physician to see him until about two weeks ago. Dr. E. F. Darby is making an examination and discovered that gangrene had set in and that both feet would have to be amputated. He performed the operation on Sunday the 16th, without the assistance of experienced help.

Very few persons, if any, who saw the negro before and after the operation, thought that there was any chance for him to recover as he was so emaciated and exhausted from loss of blood, long suffering and neglect. Dr. Darby can certainly afford to feel proud of this case. At this writing the boy is getting on nicely.

We will know in a few days whether we are to have a tobacco warehouse this season, though, as yet, we have no cause to be less hopeful of its erection and operation. What we need now is more enterprise and less of the "I-don't-see-how-you-can-do-it" class. There is certainly a sufficiency of money and brains in and around this place (I mean Magnolia and Lynchburg) to erect and successfully operate a tobacco warehouse.

Mrs. Dr. Rice, of Columbia, was funeralized at the Lynchburg M. E. Church by Dr. O. A. Darby and Rev. E. W. Mason on the 19th instant. After the funeral services the remains were taken to the family burial ground at St. Luke's Church, and there laid away.

J. D. Bridge, editor and proprietor of the Democrat, Lancaster, N. H., says: "I would not be without One Minute Cough Cure for my boy, when troubled with a cough or cold. It is the best remedy for croup I ever used." Hughson-Ligon Co.

Preparing to Pave Main Street. Mayor Wilson, Alderman Hughson and Street Commissioner Tribble went to Columbia last week to inspect macadam work that has been done in and around Columbia during the past two years and to obtain all possible information concerning the methods adopted in that city to secure the best results from macadam as a material for paving streets. The committee will make a report to council and this report will be a determining factor in planning the work to be done on Main Street under the recent resolution of Council.

Two Lives. Upon the strength and condition of an expectant mother depend not only her own life but the life and perfection of her child.

MOTHER'S FRIEND will overcome all ills peculiar to the period preceding childbirth, and will prepare the delicate organism directly involved for the final ordeal. Mother's Friend is not an internal cure-all, but a scientific liniment approved by medical authority and established by years of successful use.
