DEATH.

Mr. Copeland Stiles aged 21, only son of Rev. C. A. Stiles, of Eastover, Richland County, and brother of Mrs. A. W. Crosswell, of this city, died on July 4th from fever and pneumonia.

Rev. A. E. Chandler, died at his home in this city last Thursday night after a protracted illness, aged 79 years. He was a native of this county and was actively engaged in the work to the ministry for about 50 years. He leaves a wife to mourn his death.

The funeral services were held in the Presbyterian Church at 5 o'clock Friday afternoon.

A SAD BURIAL.

Wedgefield, July 10.—This community was shocked this morning to learn that Mrs. James Williams, nee Miss Marie Singleton, recently of Tampa, Florida, eldest daughter of Mr. and Mrs. Richard Singleton, was dead and her remains would be here on the 10 a. m. train for interment in the family burying ground.

In silence was her mortal remains laid to rest. Although the family have been burying there for one hundred and fifty years, those historic grounds certainly never witnessed a sadder interment. "The heart feels most when the lips move not." D.

To arouse a dormant liver and secure permanent regularity of the bowels, use Dr. M. A. Simmons Liver Medicine.

Ladies agonized by female disorders should avoid unpleasant examinations, and at once cure themselves with Simmons Squaw Vine Wine or Tablets.

Base ball cranks were disappointed yesterday. The Camden boys, for some reason, were unable to come down.

Messrs P. P. Finn, Robert Haynsworth, A. W. Suter and Frank Brunson are having a day at DesChamps mill yesterday.

To cure depression of spirits, falling of the womb and weakness of back usual to change of life, take Simmons Squaw Vine Wine or Tablets.

The Harby-Moise-Moss juvenile aggregation is having a picnic and fish fry at Cain's mill yesterday, with Mrs. Robert Murrell as chaperone.

"What might have been"—if that little cough hadn't been neglected—is the sad reflection of thousands of consumptives. One Minute Cough Cures coughs and colds—Hughson-Ligon Co.

Judge Wells' court was in full blast yesterday in the effort to straighten out a financial entanglement among the Daughters of Tabor, a colored beneficiary society of the county about DesChamps' mill.

DeWitt's Little Early Risers benefit permanently. They lend gentle assistance to nature, causing no pains or weakness, permanently curing constipation and liver ailments.—Hughson-Ligon Co.

The meeting of creditors of R. E. Carnes and Richard H. Pate, bankrupts, took place Monday, and there were several strangers in the city in consequence.

Mr. and Mrs. B. Lackamp, Elston, Mo., write: "One Minute Cough Cure saved the life of our little boy when nearly dead with croup."—Hughson-Ligon Co.

Work on the compress sheds and platform is being pushed, and everything will be in readiness for the handling of the next cotton crop.

You can't cure dyspepsia by dieting. Eat good, wholesome food and plenty of it.—Kodol Dyspepsia Cure digests food without aid from the stomach, and is made to cure.—Hughson-Ligon Co.

The land cases of Elmore vs Davis which have been in court several years and also to the Supreme Court, have been settled under a decree of Judge Aldrich in favor of plaintiffs, the defendants having agreed to pay so much money in lieu of plaintiffs interest in the land.

A diseased stomach surely undermines health. It dulls the brain, kills energy, destroys the nervous system, and predisposes to insanity and fatal diseases. All dyspeptic troubles are quickly cured by Kodol Dyspepsia Cure. It has cured thousands of cases and is curing them every day. Its ingredients are such that it can't help curing.—Hughson-Ligon Co.

There were only two sinners before the Mayor on Monday. Sam Hamilton was up for being drunk and disorderly, and was given \$10 or 20 days; he took the days. Henry Nelson, a colored boy, answered to the charge of disorderly conduct. He was proven guilty, and was sentenced to pay a fine of \$2 or work on the streets 4 days.

Gun-shot wounds and powder-burns, cuts, bruises, sprains, wounds from rusty nails, insect stings and ivy poisoning—quickly healed by DeWitt's Witch Hazel Salve. Positively prevents blood poisoning. Beware of counterfeits. "DeWitt's" is safe and sure.—Hughson-Ligon Co.

A crowd was drawn together on Main Street yesterday by a negro woman who fell down in a fit or fainting spell several times, first in the Post Office, next in the Cash Grocery, and then on the pavement in front of Walker's Hall entrance. She was finally carried up into Walker's hall, where she was ministered to and recovered.

DeWitt's Little Early Risers expel from the system all poisonous accumulations, regulate the stomach, bowels and liver, and purify the blood. They drive away disease, dissipate melancholy, and give health and vigor for the daily routine. Do not gripe or sicken.—Hughson-Ligon Co.

The excavation of the dirt from Main Street between Republican and Liberty is still progressing, and wagons are hauling it away as fast as it is dug up and piled. Sixteen car loads of rock have been received up to this time, but it will probably be next week before any rock is hauled and put down, as it will take the balance of this week to complete the excavation and grade and otherwise prepare the foundation.

Thomas Rhoads, Centerfield, O., writes: "I suffered from piles seven or eight years. No remedy gave me relief until DeWitt's Witch Hazel Salve, less than a box of which permanently cured me." Soothing, healing, perfectly harmless. Beware of counterfeits.—Hughson-Ligon Co.

There is a meal famine in the city today. A merchant remarked that a peck of meal could not be bought in the city. Several car loads of meal that were expected have not arrived, and the stock in store has run out.

The reel squads seem to have gone to sleep since their return from Columbia. The wagons have not been on the streets in 15 or 20 days.

The tobacco warehouse will be opened for business as soon as there is any tobacco for sale in this section of the State.

"During the hot weather last summer I had a severe attack of cholera morbus, necessitating my leaving my business," says Mr. C. A. Hare, of Here Bros., Cincinnati, Ohio. "After taking two or three doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy I was completely relieved and in a few hours was able to resume my work in the store. I sincerely recommend it to any one afflicted with stomach or bowel trouble." For sale by Dr. A. J. China.

Rev. E. E. Ayres has resigned his pastorate in Baltimore, and has accepted a professorship in Georgetown College, Kentucky. Mr. Ayres is pleasantly remembered by many of our citizens and his election to this position is noted with pleasure.

BOARD OF HEALTH MEETING.

Permission Granted For Continuance of Work on Main Street.

The City Board of Health met in regular meeting last Wednesday night with all the members except Mr. Graham present.

Dr. J. C. Spann who was recently elected, was sworn in.

The board was reorganized by the election of Dr. H. M. Stuckey as chairman, to succeed Chairman S. C. Baker, whose term has expired.

Mayor H. F. Wilson and Alderman John S. Hughson were present and presented a request from the Street Committee of City Council that permission be granted by the Board of Health for the continuance of the work of macadamizing Main Street.

They stated in support of the request that all arrangements for having the work done at this time have been made, that the work of excavation has been commenced, that this season is the most opportune and convenient for paving Main Street owing to the comparatively light traffic on the street during the summer, and that the excavation necessary to be done is not likely to endanger the health of the community as it will all be in the business part of the city.

A resolution was adopted granting the permission asked, all members of the Board voting in favor of the resolution, except Dr. J. C. Spann, who opposed it, and asked that his vote be recorded.

The election of a Health Officer was postponed to a full meeting of the Board.

Spain's Greatest Need.

Mr. R. P. Olivin, of Barcelona, Spain, spends his winters in Aiken, S. C. Weak nerves had caused severe pains in the back of his head.

On using Electric Bitters, America's greatest Blood and Nerve Remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing you need it. Every bottle guaranteed, only 50 cents. Sold by J. F. W. DeLorme, Druggist.

Health Officer Elected.

The City Board of Health held a meeting Friday to elect a health officer. There were eight applicants for the position, as follows: S. F. Flowers, W. W. McKagen, E. I. Reardon, C. L. Rhome, J. B. Roach, B. M. Leiby, W. H. Combs, H. B. Bloom, E. I. Reardon was elected.

The Sumter Dispensary.

The net profits of the Sumter Dispensary for the quarter ending June 30, and which were paid over to the County Treasurer on the 10th by dispenser J. M. Reames were \$328.29. The gross sales during that time, were \$7,119.23, divided by months as follows: April, \$2,899.08; May, \$2,704.75; June, \$2,115.73.

The beer sales have fallen off very much since the opening of Schiewer's beer privilege, but the dispensary still sells enough to pay expense of handling it.

The removal of the dispensary to the Tamey block on Main Street is being considered as a matter of economy, rent being cheaper there than at the present stand. As the contract for place now occupied is for the year, no change will be made for the present, unless Mr. Toomey offers rent free until the term expires for the present stand.

E. F. Kenemor, Pickens, S. C., writes: Dr. M. A. Simmons Liver Medicine has for 10 years greatly benefited me and many others. I think it a better medicine than Black Draught; use it in preference as it is milder, yet more efficient.

The celebrated Garrett vs. Weinberg case is being prepared to go to the Supreme Court on appeal again, for the fifth time.

The grading on N. W. R. R. (to Camden) has reached Wolf Pit Swamp, five miles from the city. The cutters on right of way are in Green Swamp, two miles beyond.

The dangers of a malarial atmosphere may be averted by occasionally taking Dr. M. A. Simmons Liver Medicine.

The roller has arrived up town and is firmly anchored near the dispensary on Liberty Street to prevent the small toys from playing with it. Superintendent Tribune will give any information sought for.

Mr. E. I. Reardon, who is now in Batesburg, will return to city in a few days and resume his duties as health officer.

Mr. T. C. Coffey was the last victim to fall into the clutches of the police while riding a bicycle on the sidewalk within the forbidden section of the city. His fine was \$1.

Work is progressing rapidly on the cotton compress, and surveyors for both the A. C. L. and Southern have laid out side tracks to connect with the compress.

Scholarship Examinations.

The competitive examination for the Winthrop College Scholarship, and also examination for entrance into the S. C. College will take place at the Court House on Friday, July 21st. Those who expect to apply should remember and be on hand. There is no scholarship vacancy in the S. C. College this year.

Broke His Shoulder Blade.

A horse belonging to Stephen Bradford, while being driven on Main Street one day last week met with a singular accident.

When in front of the Craig Furniture Co.'s store the horse stepped on a broken brick which gave a sudden twist to the foot a leg causing the shoulder bone to break. The horse fell down and had to be hauled out of town in a wagon. The animal was lean and appeared to be weak, which no doubt had something to do with the occurrence.

Bank Statement.

The statement of the condition of the First National Bank of Sumter is published today under the call of the Comptroller of the Currency. By comparison of this with the last statement published, it will be found that the amount of deposits has increased about \$5,000, and the volume of business is about \$20,000 greater. This is a good showing.

Davidson College.

The catalogue for the sixty-second collegiate year, ending June 7, 1899, of this old and popular institution has been received. It is a handsomely printed pamphlet of 62 pages, with well executed engravings of the buildings and grounds of the college. From it we learn that the attendance of students has been 157, of which 23 were from South Carolina. The fall term begins September 7. Catalogue can be had by addressing, Rev. J. B. Shearer, President, Davidson College, N. C.

GREAT BASE BALL.

The Sumter and Orangeburg Teams Celebrate the Fourth by Playing the Finest Game of the Year.

The best exhibition of skillful ball playing seen in Sumter for several years was afforded by the match game played on the 4th of July by the Sumter and Orangeburg teams. It was interesting from start to finish, and, as the two teams were almost evenly matched and both played to win in every inning, the result was in doubt until the ninth inning had come to an end.

The Sumter team had the advantage in pitchers, but the work of the Orangeburg outfield and basemen was superb and the batting of the Sumter players did not yield the harvest of runs that would have been theirs had the Orangeburg fielders failed to cover the ground so skillfully that there was always a man under the ball when it descended. For the first few innings the men were put out in one, two, three order and neither side scored, but then Sumter got on to the Orangeburg pitcher, and by hard work they pitted up five scores to their credit, while the Orangeburgers got only two.

The game was full of snafu, and there was none of the monthly wrangling and kicking that disgraces the game at times and disgraces the lovers of sport and good ball.

Cutting's work in the box was especially good. He is speedy, has fine control of the ball and pitches a combination of curves that are too puzzling for the average batter. He struck out thirteen men and only three safe hits were made. Gillette at first base was fine, and he did his full share at the bat and on the base line toward making the five runs and winning the game for the home team.

The Orangeburg team plays fine ball and the members of it know how to take a defeat gracefully. We hope to see them in Sumter again this summer, and we wish them better luck next time.

The score was as follows:

Table with 2 columns: Team, Score. Orangeburg, 5; Sumter, 2.

A One-Sided Game of Base Ball.

Base ball enthusiasts in Mayesville are very scarce now. The Mayesville boys went up to Bishopville last Thursday and were so badly defeated that they are wondering how if they ever knew how to play ball. The game was long drawn out and at its conclusion one Mayesville man had crossed the plate, while the Bishopville boys had grown tired running around the bases. The score stood: Bishopville 23, Mayesville 1.

WOMAN'S NIGHTMARE.

She Shudders When She Realizes the Danger and Pain of Child-bearing.

There is so much suffering and danger in store for the young mother, that her happy anticipation soon gives way to a feeling of dread at the thought of the pain which she must undergo. This constant fear so preys upon the mind of many women that it fills them with terror and makes baby's coming a source of the greatest anxiety and dread.

All the suffering and danger of the ordeal can be avoided by the use of "Mother's Friend," which prepares the body for this important event. It relieves "morning sickness," and many other unpleasant conditions which exist during this time. Thousands of women praise "Mother's Friend" for bringing them safely through the most critical period of their lives.

Every woman should send their name and address to the Bradford Regulator Co., Atlanta, Georgia, and receive free, valuable information on the subject.
