A Sure Sign of Croup.

Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack.

In 1887 Mr. Thomas McIntosh of A. Lee-town, Tenn., had an attack of dysentery which became chronic. "I was treated by the best physicians in East Tennessee without a cure," he says. "Finally I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using about twelve bottles I was cured sound and well."

Council Meeting

The City Council met at 6 o'clock last Friday night with Mayor Hughson and Aldermen Purdy, Epperson, Hurst, Finn, Boyle, Flowers and Stuckey, present.

The minutes of the meeting of October 25th, were read and confirmed. Mr. H. L. Scarborough, Superintendent of the Sumter Water Co., was present to renew his request for the passage of an ordinance making it unlawful for persons to take water from private or personal pigots contrary to rules of the company.

The case of the City vs. George F. Epperson, appealed from the Mayor's Court, was called for a rehearing. H. F. Wilson, Esq., representing Mr. Epperson, read his exceptions and stated that the defendant was willing to submit to a nominal fine.

The Finance Committee reported that bills referred at the last meeting had been approved and in reference to the license tax question that all persons paying an annual license tax on business commenced after January shall be allowed proportionate repay on license for the following year.

A letter from City Attorney Fraser, was read relative to the power of council to enforce removal of drain pipes which empty on paved streets. He submitted with his letter an ordinance entitled "An Ordinance to Prevent Drainage of Water or Slops on Paved Streets."

Mr. Finn called up the matter of drainage of Factory Branch and advised that something should be done now to improve the conditions in that locality. It was referred to Committee on Public Works to confer with the County Commissioners and with the Southern Railway to get their co-operation in the work, and report at the next meeting.

Mr. Finn offered the following: "Resolved that livery stable business, the sale of cigars and ice are matters of business necessity and exempt from the operation of the Sunday ordinance."

Mr. Purdy offered as a substitute: "Resolved that Council considers it a work of necessity that liverymen and hackmen carry travellers to and from Sunday trains."

The substitute was voted down. Mr. Finn's motion was also lost by the following vote: Ayes—Hurst, Epperson, Finn, Naves—Purdy, Flowers, Stuckey, Boyle.

Mr. Flowers called on Special Committee for information concerning the proposed building for No. 3 Hose Reel Squad.

Mr. Purdy for the Committee stated that only one bid had been received for the work, and this was considered excessive. The Clerk was directed to call for other bids to be in by the 16th instant, at which time Council will meet to consider same.

Mr. Finn renewed on behalf of Mrs. Toomey, a request for aid in putting down a sidewalk in front of her block of stores on Main Street.

Mr. Purdy moved that the city pay for one half the brick to be used, and his motion was carried. Mr. Hurst opposed the motion on the ground that a bad precedent would thereby be established which the city cannot afford.

Mr. J. W. LaMotte was elected a special policeman. He was required to subscribe to the oath of office and authorized to enter upon the discharge of his duties at once.

Mr. Finn moved that an election be called to vote upon the issue of bonds to pave Main Street from Calhoun Street to the Atlantic Coast Line depot and Liberty Street from Church Street to the old C. S. & N. depot.

The Clerk's report for October was referred to the Finance Committee, as also were the bills presented.

The council then adjourned to meet on November 16th.
