Corn is advancing in price and is now quoted in car load lots at 62 1/2 cents.
Col. A. DeLeon Moses caught a 'possum in his wood house last Saturday morning.
The front of the Diamond Racket Store is being painted, and the appearance of the building is greatly improved.
Mr. Joe. F. Beard sold a big hog of his own raising last Friday. This pig weighed 720 pounds, gross, and 626 net.
Quality and not quantity makes DeWitt's Little Early Risers such valuable little liver pills. J. S. Hugbison & Co.
Council has met at last and made up for all lost time by acting on some important matters and holding a lengthy session.
Since the beer dispensary was closed the county dispensary has been doing a big business in beer—more is being sold than ever before.
Supt. Edmunds reports the following enrollment of pupils up to date: Washington Street School, 475; Lincoln School, 475; total, 950.
Such little pills as DeWitt's Little Early Risers are very easily taken, and they are wonderfully effective in cleansing the liver and bowels. J. S. Hugbison & Co.
The work on the new Baptist church is progressing slowly but nicely. The excavations are about completed and the brick-work has begun.
The old frame building on Main street, recently occupied by Weeks' meat market and the beer dispensary, is being torn down to make way for a brick store which Dr. J. F. W. DeLorme will build for his own use as a drug store.
If troubled with a weak digestion, belching sour stomach, or if you feel dull after eating, try Chamberlain's Stomach and Liver Tablets. Price, 25 cents. Samples free at Dr. A. J. China's drug store.
The Jewish Lecture Hall Society will serve a dinner on Saturday, in February, at the Tuomey Block. The price will be 35 cents per plate, and the society guarantees satisfaction.
It seems as if Monday is becoming as much of a business day as Saturday. The colored people take Saturday for a shopping day and the white people Monday. This is a good change in many respects.
The merited reputation for curing piles, sores and skin diseases acquired by DeWitt's Witch Hazel Salve, has led to the making of worthless counterfeits. Be sure to get only DeWitt's Salve. J. S. Hugbison & Co.
There was a large number of old veterans in town Monday to look after their pensions. They all seem to need the meagre assistance very much. Among a group of veterans stood a young man wearing a blue army overcoat. No doubt he was a son of one of the old men and had served to the late Spanish war. This instance goes to show that our country is now a united land and sectionalism is rapidly declining.

NEATH LACE AND SMILAX.

Mr. Abram Ryttenberg and Miss Miriam Weil Were Wedded.

Savannah News, January 23.
The marriage of Mr. Abram Ryttenberg of Sumter, S. C., and Miss Miriam Weil of this city took place at 8:30 o'clock last night at the residence of the bride's uncle, Mr. E. A. Weil, on Monterey Square. In the presence of the immediate families and near relatives the ceremony was performed, Rev. Dr. I. P. Meodes officiating.

The spacious drawing room was the scene of the wedding, and the decorations of palms, trailing smilax and white flowers were elaborate and beautiful. At the northern end of the room a canopy had been erected and this was draped with white lace and a network of green smilax. Here and there were fastened clusters of white hyacinths, and the same flowers were banded on the mantels, together with coccinella-palms and maiden hair ferns. To the strains of the Wedding March from Loheingr the bridal party entered the room. Mr. Edwin Frank was master of ceremonies.

Mr. Ryttenberg was accompanied by his brother, Mr. Moses Ryttenberg, of New York, while the bride walked with her father, Mr. Henry A. Weil, who gave her away. She wore an elegant gown of white chiffon, combined with Duchesse lace. The bodice was draped with the lace, while the long sleeves and high collar were of tucked chiffon. Graceful panels of Duchesse lace fell over the skirt and train of chiffon, and the whole costume was enveloped in a tulle veil, caught with white byacinths and fastened with two exquisite diamond pins, the gift of the groom. The bridal bouquet was of white hyacinths, surrounded by maiden hair ferns.

An elaborate buffet supper was served after the ceremony and dancing was enjoyed during the latter part of the evening. The happy pair left on the midnight train for Florida, where the honeymoon will be spent. St. Augustine, Palm Beach, Tampa and Cuba will be visited before Mr. and Mrs. Ryttenberg will return. Their future home will be in Sumter, S. C., of which town the groom is a prominent business man.

The bride, who is the eldest daughter of Mr. and Mrs. Henry A. Weil, is both handsome and attractive, and has many friends and admirers in this and other cities.

A number of beautiful wedding gifts were received, several cases of silver, cut glass, bric-a-brac and pictures being among the list.

Cut this out and take it to Dr. A. J. China's drug store and get a free sample of Chamberlain's Stomach and Liver Tablets, the best physic. They also cure disorders of the stomach, biliousness and headaches.

The city is setting out young trees on Republican Street, near Church. This is a good move as trees along the new sidewalk here are much needed. They will be planted wherever they are needed in the city.

The police are still striving in their efforts to break up the crap-shooters. There were several more in the Mayor's court Thursday. If the police keep on it is to be hoped they will soon have the city pretty well cleared of this class of gamblers, say way.

The most soothing, healing and antiseptic application ever devised is DeWitt's Witch Hazel Salve. It relieves at once and cures piles, sores, eczema and skin diseases. Be ware of imitations. J. S. Hugbison & Co.

The condition of Main street at the crossings is very bad. Although it is macadamized, in wet weather it becomes about as muddy as ever. Some new crossings would undoubtedly be a remedy.

The new ordinance about cess pools and dry wells goes into effect March 31. This will give ample time to have the necessary preparations made. Next week we will publish the ordinance in full for the benefit of our readers.

When threatened by pneumonia or any other lung trouble, prompt relief is necessary, as it is dangerous to delay. We would suggest that One Minute Cough Cure be taken as soon as indications of having taken cold are noticed. It cures quickly and its early use prevents consumption. J. S. Hugbison & Co.

The Sumter Grocery Co., who have purchased the retail establishment of Crosswell & Co., will be open tomorrow morning at Crosswell's old stand. See their ad in today's item.

The new Sumter Hotel is nearing completion and is quite a handsome building in every respect. With the completion of this hotel, Sumter will have ample accommodations for travelers.

Pepsin preparations often fail to relieve indigestion because they can digest only albuminous foods. There is one preparation that digests all classes of food, and that is Kodol Dyspepsia Cure. It cures the worst cases of indigestion and gives instant relief, for it digests what you eat. J. S. Hugbison & Co.

The tracks at the depot are being improved and the yard in general built up. A new track has been laid near Dingle street. When the other improvements are made, which have been mentioned, we will have a first class depot in most respects.

"Farmers' Guide" is the name of a book, and as its title indicates, is a guide to farmers in the cultivation and fertilization of all crops typical to American. This book is handsomely bound, profusely illustrated, and every farmer should have it in his library. It can be had without charge from the German Kali Works of No. 93 Nassau St., New York City.

The attention of lovers of fine poultry is directed to the advertisement of J. A. Cullum, Ridge Springs, S. C. The premiums he won at the last State fair are a guarantee of the excellence of his stock; and from personal experience we can assure fair treatment to parties who buy either fowls or eggs from him. All who ordered eggs for setting last season from Mr. Cullum were well pleased with both the hatch and growth of chicks.

According to the new ordinance concerning cess pools they must be constructed of brick and cement. All brick being laid and cemented. The bottom must be 18 inches thick, the sides 12 inches and the top 9. There must be a brick arch on top and all of the interior must be coated with cement. There must be a 2 1/2 inch suction pipe, a vent pipe 2 inches in diameter, to be pumped out with a odorless pump.

Persons who suffer from indigestion cannot expect to live long, because they cannot eat the food required to nourish the body and the products of the undigested food they do eat poison the blood. It is important to cure indigestion as soon as possible, and the best method of doing this is to use a preparation known as Kodol Dyspepsia Cure. It digests what you eat and restores all the digestive organs to perfect health. J. S. Hugbison & Co.

On Thursday evening next a very interesting entertainment will be given at the Magnolia Street Church under the auspices of Miss Mamie Brinkley's Sunday school class. The programme will consist of vocal and instrumental music, recitations, etc. An admission fee of 15 cents for adults and 10 cents for children will be charged. At the conclusion of the entertainment light refreshments will be served at the residence of Mrs. Brinkley next door to the church. The public are invited to attend.

What Our Representatives Are Doing.

Sumter's representatives took prominent parts in the debates in the house of representatives last Friday. Messrs T. G. McLeod and T. B. Fraser spoke on the school supervision bill and Mr. Moses on the medical students bill. The following reports of their speeches are clipped from the morning papers:

One of the best speeches made at this session was that of Mr. McLeod of Sumter. He said he had been more deeply interested in the public school system than in any other question, and he had welcomed this bill as a panacea for existing evils. But upon closer study he had been reluctantly forced to oppose it. The schools need more money and better teachers rather than better county superintendents.

This bill would have a superintendent drawing a salary of \$1,000 and a board drawing \$400 or \$500 more, all doing their duty faithfully. Yet what good would they do? They might discharge incompetent teachers in the middle of the term, but what good would that accomplish, for without more money they could not hire better teachers. The system is top heavy now, and this step would be unwise.—State.

Mr. T. B. Fraser, of Sumter, felt deeply interested in the school question. He favored the bill because it was in the right direction. The very best of teachers should start the child's education. It has been said that the proper thing to do is to start at the base. If a factory is disorganized what is done but to get a competent head? If a piece of road be badly worked who is responsible? Not the man who handles the shovel. So it goes all the world over. He believed in good supervision and he wanted the county schools given the same supervision as the city schools.—News and Courier.

Mr. Moses said that the mistakes of the lawyer can go into the court house, but the mistakes of a doctor go to the cemetery. It should not be argued that because law students are exempted from examination that young physicians should be so treated. In Pennsylvania and Virginia the graduates of the State medical colleges are examined by the State boards, and Mr. Smith had just stated that these are the only medical colleges which are superior to Charleston college. The fact that it is the "South Carolina" medical college is no reason why it should receive any more special favor than the "South Carolina" telephone company or anything bearing the name of the State. He had read with sorrow a telegram published in The State in which the dean of the college had said that the life of the institution depended on the passage of this bill. Why should such a statement have been published?—The State.

Col. J. H. Wilson.

The work of the legislature is not entirely that which is exhibited in open session. It is in the committee rooms that the real thinking is done. The best legislators are not always the ones who make the finest speeches. The man who is able to get at the meat of a bill as it is presented to the committee is a legislator.

The house this year is fortunate in having as chairman of its most important committees gentlemen of character, intelligence and experience.

The chairman of the ways and means committee is Col. J. Harvey Wilson of Sumter, who, when the State was in turmoil, was ever regarded as a cool headed, fearless and honest man, yielding not to prejudice. Col. Wilson is a native of the Salem section of Sumter county. He was prepared for college by Joshua W. Hudson when Mt. Zion institute flourished at Winesboro. He afterwards attended Oglethorpe college in Georgia, but before graduation left to join the Sumter Grays, one of the finest companies to volunteer for Confederate service. After a year's service with this company, Col. Wilson took part in all the principal battles of Virginia as a member of Gordon's battery of Light Artillery, serving gallantly until the surrender at Appomattox.

He then returned to Sumter and engaged in farming, which pursuit he still follows. In 1880 he was elected to the legislature, but did not offer for reelection. In 1894 he was again elected, and has been reelected in all succeeding elections. In 1894 he was made a member of the ways and means committee, and this session became chairman of that committee. This is the committee which frames all bills looking to the appropriation of the State's money, and the recommendation of the committee, backed by the efforts of the chairman, are usually adopted.—The State.

Line Repaired.

The telephone line to Florence has been broken at some point for several days but has been repaired, and communication was resumed Thursday.

The Chief of Police has received a circular concerning Dr. Thomas L. Phillips and Mrs. Jack Garner. This couple is said to have eloped from Atlanta and their arrest is requested. The affair has caused quite a sensation in Atlanta.

Mayor Stuckey has decided to remit the fine of T. B. Jenkins, Jr., who was arrested a short time ago while going to a fire at night and required to pay a fine of \$3 for riding a bicycle at night without a lighted lantern. Hereafter no exceptions will be made either in favor of policemen or firemen.

This season there is a large death rate among children from croup and lung troubles. Prompt action will save the little ones from these terrible diseases. We know of nothing so certain to give instant relief as One Minute Cough Cure. It can also be relied upon in grippe and all throat and lung troubles of adults. Pleasant to take. J. S. Hugbison & Co.

Mr. R. E. L. Bunch, who was appointed general passenger agent of the Seaboard Air Line Ry. system, Jan. 1st, has inaugurated a service over this railway second to none, and the best ever given in the south. There are two trains daily in each direction, the "Metropolitan and Florida Limited" and the "Florida and Atlanta Fast Mail," each composed of the finest equipment made by the Pullman company. The trains carry Pullman drawing room sleepers, compartment, observation and dining cars and also day coaches of the finest make for which no extra fare is charged. Trains leave Columbia, northbound, at 5 45 a. m. and 6 01 p. m., southbound, 10 a. m. and 11 30 p. m.

ENTERTAINMENT AT MAGNOLIA STREET CHURCH.

The entertainment to be given at the Magnolia Street Methodist Church on Thursday evening next at 8 p. m., will be very interesting. The exercises are under the auspices of Miss Mamie Brinkley's Sunday School class and the proceeds are for the benefit of the church parsonage. An admission fee of 10 cents will be charged, and at the conclusion of the entertainment refreshments will be served at the residence of Mrs. Brinkley next door to the church. The public are invited to attend.

The following program will be rendered:

A. Y. M. C. A. Organized by the Colored People.

About two weeks ago Mr. Julius Edwards, Jr., and Mr. Jacob Robinson spoke to Rev. J. C. Watkins about organizing a Y. M. C. A. among the colored young men of Sumter. A paper was circulated last week for signatures the result of which last Sunday afternoon at 6 30 p. m. about 20 young men met in the chapel of Kendall Institute and Rev. Watkins organized them into a Y. M. C. A. The following persons were elected officers: Mr. Samuel Green, president; Mr. Marion Bradford, vice president; Mr. Samuel Gilliard, secretary; Mr. French I. Davis, corresponding secretary; Mr. Hampton Lewis, treasurer. Mr. Jacob Robinson was appointed chairman of the committee on worship. Mr. Francis A. Bostick also was appointed chairman of membership committee.

Other committees will be appointed Friday night coming, the first business meeting. This was a good beginning and other young men are requested to join. We ask the prayers of the Christian people both white and colored for our success. The meetings will be held every Sunday at 6:30 p. m. at Kendall Institute. The public are cordially invited to attend. French I. Davis, Corresponding Secretary.
