Mrs. A. L. Wallace, of this city, has issued invitations to the marriage of her daughter, Annie Maude, to Mr. Leo A. Walker, Jr., of Columbia. The ceremony will take place this afternoon, June 12th, at half-past 6 o'clock in the First Methodist Church.

DEATH.

Mr. William E. Mills died at his home near Mayesville at 11 o'clock Tuesday night, June 4th, aged 85 years and a few months. He had been in feeble health for several years and that the end of his long and useful life was near at hand has been evident for sometime. Mr. Mills was one of the best known and most highly esteemed men of this county and those who knew him best admired and respected him most. He was a man of strong character and intellect and his influence and example were always for the moral and material improvement of the community. He was the father of Rev. W. W. Mills, of Camden, Mr. L. C. Mills and Capt. Anderson Mills. The funeral services were held at 11 o'clock today at Salem (Brick) Church.

The June term of Court will convene on Monday morning Judge O. W. Buchanan will preside. Fifteen lunatics have been sent to the asylum from Sumter County since January 1st.

Try the new remedy for constipation, Chamberlain's Stomach and Liver Tablets. Every box guaranteed. Price, 25 cents. For sale by Dr. A. J. Chisum.

The next street improvement that will be necessary is the portions of Bartlett and Harvin Streets leading to the new passenger depot. The Delgar racing team did not make a very handsome appearance in Newberry with farm wagon racing rig, but they captured a prize and are satisfied.

Now that there is the prospect of the early establishment of mail delivery in this city, something will have to be done about numbering the houses. The east quantity and most in quality describes DeWitt's Little Early Risers, the famous pills for constipation, and liver complaints.—J. S. Hughson & Co.

Bishopville is working for a Seaboard connection and may secure it. How would the business men of Sumter feel if Bishopville got this connection and Sumter got left?

If Sumter people do not buy dry goods and clothing this summer it will not be the fault of the merchants, for many of them are offering goods at and below cost. The new road across Black River is said to be in very bad condition and in need of immediate repair. The causeway is said to be so badly washed in places as to be almost, if not quite, impassable.

You are much more liable to disease when your liver and bowels do not act properly. DeWitt's Little Early Risers remove the cause of disease.—J. S. Hughson & Co. Work has been commenced on the tracks in the A. C. L. yard. As the entire yard is to be remodeled and a large number of new tracks put in, a force of hands will probably be kept busy throughout the summer.

Some railroad men have the idea that the head officials are planning to erect a despatcher's office in connection with the new passenger depot and that the despatcher's office will either be re-established here or that the despatcher's office force now in Florence will be transferred to this point. "Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. I quickly secured a bottle of One Minute Cough Cure, giving her three doses. The croup was mastered and our little darling speedily recovered." So writes A. L. S. Ford, Chester, Mich.—J. S. Hughson & Co.

We have received an invitation to the annual commencement of the Medical Department of the University of Pennsylvania on June 12th from Mr. Frank K. Holman, of this city, who will receive his degree as a doctor of medicine on that occasion. There should be as little delay as possible in the construction of the new jail. The prisoners can be safely kept in the city guard house by keeping a guard on duty day and night, but the guard house is small, poorly ventilated, the cells are cramped and there are no accommodations for the number of prisoners usually in jail.

Mrs. Florence Newman, who has been a great sufferer from muscular rheumatism, says Chamberlain's Pain Balm is the only remedy that affords her relief. Miss Newman is a much respected resident of the village of Gray, N. Y., and makes this statement for the benefit of others similarly afflicted. This preparation is for sale by A. J. Chisum.

The county boards of education recently appointed were announced a few days ago. The members of the Sumter County board are E. C. Haysworth and R. W. McCutchen, of Bishopville. Mr. Haysworth has been a member of the county board for several years, but Mr. McCutchen is a new member, succeeding Mr. S. H. Edmunds.

The schedule of the A. C. L. Charleston and Columbia passenger train was changed on Sunday. The morning train from Charleston now arrives at 9:53 a. m. and the afternoon train from Columbia is due at 4:33 p. m. The schedule of the passenger trains on the North-western R. R. has been changed so as to have the train make close connection with the A. C. L. trains. "I have been suffering from dyspepsia for the past twenty years and have been unable after trying all preparations and physicians to get any relief. After taking one bottle of Kodol Dyspepsia Cure I found relief and am now in better health than I have been for twenty years. I can not praise Kodol Dyspepsia Cure too highly," thus writes Mrs. C. W. Roberts, North Creek, Ark.—J. S. Hughson & Co.

SECOND REGT. BAND CONCERT.

Something About the Programme Arranged for Wednesday Evening.

The Band concert will be given without fail on Wednesday night and one of the best programmes ever given in Sumter by amateur talent has been arranged for the entertainment of the large audience that the members confidently expect to be present on that occasion. Mrs. H. J. Harby, whose sweet, pure soprano has frequently charmed Sumter audiences, has consented to assist the band in making this concert a complete musical success and will sing several selections. Miss Alice Harby who has taken a special advanced course in the study of music at Converse college will play the accompaniments for Mrs. Harby. Miss Daisy Dean Goldsmith of Georgia, who is visiting Miss Anita Harby will recite, and as she is a talented and accomplished elocutionist, a treat is in store for the audience. The Minnet will be danced by the following young ladies and gentlemen dressed in quaint old costumes of the Colonial period: Miss Annita Harby and Mr. Ernest Friar, Miss Goldsmith and Mr. C. B. Yeadon, Mrs. Agnes Bogin and Mr. E. W. Hutchinson, Miss Rosie Moses and Mr. Julian Levy, Miss Jessie Moise and Mr. Ansley Harby, Miss Theo Lopez and Mr. W. S. Graham, Miss Alice Harby and Mr. Jackson Harby, Miss Ada Winn and Mr. Willie Bultman, Miss Gertrude Jennings, Pianist. The male Sextette, directed by Prof. D. L. Rambo, will have two places on the programme. This sextette is said by competent critics to be especially good. Mr. Kendrick Wilder will play a triple tongue cornet solo with band accompaniment. Mr. Wilder is an expert cornetist and has a mastery of his instrument that few players ever attain. This number will be one of the most attractive on the programme. The programme arranged by the band is not long, but good. Standard as well as popular music will be played so as to suit all tastes. Admission: Balcony 25 cts., down stairs 35 cts. Tickets for sale by all members of the Band. Box office will be open Wednesday morning.

"It is with a good deal of pleasure and satisfaction that I recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Druggist: A. W. Sawelle, of Bartlett, Conn. "A lady customer, feeling the remedy exposed for sale on my show case, said to me: 'I really believe that medicine saved my life the past summer while at the shore,' and she became so enthusiastic over its merits that I at once made up my mind to recommend it in the future. Recently a gentleman came into my store so overcome with colic pains that he sank at once on the floor. I gave him a dose of this remedy which helped him. I repeated the dose and in fifteen minutes he left my store at once informing me that he felt as well as ever." Sold by A. J. Chisum.

Second Regiment Band concert will be given in the Opera House tonight. The band is a local institution that the people of Sumter are much given to boasting about to strangers, and this evening will afford an opportunity for showing how much the people really appreciate the band. It is rumored that the Delgar Reel Squad will challenge the Camden Hose Company for a race to be pulled off in Camden on the 4th of July. Nothing definite can be learned, but we hear the squad will endeavor to perfect arrangements to carry a crowd of excursionists over with them. A day in Camden can be pleasantly spent for the old historic town is a very pretty place. We believe if the young men succeed in their intentions they will have with them in Camden on the day of the proposed race several hundred of our people. We hope the Delgars will succeed in the undertaking.

Arrangements are being made by several gentlemen to run an excursion train to Asheville, N. C., about July 1st. The present plan is to have a train of five or more passenger coaches and baggage and refreshment cars. The train will leave about 6.30 and reach Asheville about midday. Two and a half days will be spent in Asheville and the return trip will be made on the night of the third day. The trip will be the cheapest ever offered to the people of this section of the state and the excursion will afford the best opportunity they have ever had or will have this summer to visit the mountains of North Carolina. The arrangements have progressed so far that the excursion may be regarded as a certainty and only the details as to the date and rates are yet to be settled.

Biliousness is a condition characterized by a disturbance of the digestive organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loss of food, pain in the bowels, dizziness, coated tongue and vomiting, first of the undigested or partly digested food and then of bile. Chamberlain's Stomach and Liver Tablets allay the disturbances of the stomach and create a healthy appetite. They also tone up the liver to a healthy action and regulate the bowels. Try them and you are certain to be much pleased with the result. For sale by Dr. A. J. Chisum.

SENATOR TILLMAN CANNOT GO. Senator Tillman will not speak in Bishopville on the 20th instant at the laying of the corner stone of the new town hall, as heretofore announced, owing to a previous engagement that will prevent him from reaching Bishopville in time for the exercises on that date. The corner stone laying has, therefore, been postponed for the present and the date for the ceremonies will be announced later. It is hoped that when the corner stone is laid Senator Tillman will be able to be present and deliver the address.

Working 24 Hours a Day. There is no rest for those tireless little workers—Dr. King's New Life Pills. Millions are always busy, curing torpid liver, jaundice, biliousness, fever and ague. They banish sick headache, drive out malaria. Never gripe or weaken. Small, taste nice, work wonders. Try them. 25c at J. F. W. DeLorme's.

THE FIREMEN'S TOURNAMENT.

Camden Wins First and Sumter Second--Both Lower the Record.

Newberry, June 5.—The horse wagon contest took place this afternoon and the spirited races were enjoyed by a dense crowd which jammed the sidewalks, packed the big stand and filled the windows and climbed the housetops. The judges were J. D. McNeil, of Charlotte, starting judge; J. R. Haynes, of Greenville, hydrant judge; S. C. Holtz, of Newberry, W. S. Brown, of Anderson, C. J. Beck, of Columbia, E. S. Miller, of Sumter, time judges. The order in which the teams ran and the time made are as follows: Anderson, 42 1/2 seconds. Columbia No. 3, 37 3/4 seconds. Camden, 35 seconds. Greenville, blew off at the nozzle. Independence, of Columbia, blew off at the nozzle. Palmettos, of Columbia, blew off at the hydrant. Delgars, of Sumter, 36 seconds. The contest was exciting, and the fine teams made beautiful runs, especially the winning ones, Camden and Sumter, the former getting the \$150 offered and the latter \$50.

Lane is Coming. Judging from the interest shown by those who expect to hear Prof. Charles Lane on the occasion of his appearance before a Sumter audience, it is evident that a large crowd will hear Lane and laugh. Prof. Lane will appear at the Opera House, June 18th at 8.30 p. m., delivering his remarkable lecture "The Analysis of Laughter," under the auspices of the Magnolia, St. M. E. Church, South. Tickets will be sold at 50, 35, and 25 cents. The following comments from the press speak for themselves: Prof. Lane would grace any occasion and any platform. He has no superior as a humorist in the South.—Atlanta Constitution. Prof. Chas. Lane is the most capable man within our knowledge to fill an audience with uproarious delight.—Nashville American. Prof. Chas. Lane fairly discounted Eli Perkins at San Marcos Chattanooga.—San Antonio Express. Prof. Lane can put more genuine, clean, fresh fun into an hour than any man in the South.—Columbus Enquirer.

The man that Prof. Lane does not make laugh may as well buy a cemetery lot. He is a dead-shot on blues and torpid liver. Hear him and you will get a new lease on life.—Atlanta Journal.

Emmanuel Church Celebration. Children's Day at Emmanuel Methodist Episcopal Church, June 9th, was celebrated in a very fitting manner. 11 a. m. the pastor, Rev. Wm. R. A. Palmer preached a sermon to parents and children, having for his subject, "Samuel the Boy Christian."

Nine children were baptized at this service. 8 p. m. Musical and literary exercises of a very high order formed the program of this service. The celebrated choir and band furnishing the former.
