

MASSACHUSETTS FOR OLNEY.

Hearst Boomers Preparing to Bolt as Result of Their Defeat.

Boston, Mass., April 21.—Hearst supporters, led by George Fred Williams, thronged Tremont Temple this morning at the opening of the Democratic State convention...

There appears to be little doubt, judging from the trend of the opening proceedings, that the regular convention will succeed in carrying out its original idea of endorsing Olney for the presidential nomination.

Boston, April 21.—By an overwhelming vote the Massachusetts Democratic Convention, at Tremont Temple, today instructed four delegates at large and twenty delegates from the various Congressional districts...

Wm. A. Gaston, of Boston; Patrick A. Collins, of Boston; Wm. L. Douglas, of Brockton, and John R. Thayer, of Worcester.

Columbia, April 20.—The railroad commission has before it about fourteen petitions from various places in the State wanting new depots or the improvement of old ones. Much correspondence has been going on about them, principally with the Southern Railroad and authorities.

View of a Hearst Paper.

New York has spoken. It has endorsed for the democratic nomination for president a man who has never in his life given expression to a single democratic principle, adopted a platform of platitudes and elected a delegation to the national convention and a ticket of electors composed for the most part of bolters, who only vote the democratic ticket when there is no discernible difference between it and the republican ticket.

MARTIAL LAW IN COLORADO.

Trade Union Officers who Defy the Troops Beaten Into Submission.

Denver, Col., April 21.—President Charles H. Moyer, of the Western Federation of Miners, who arrived in Denver today in custody of State troops, after several weeks' incarceration at Telluride, where martial law is in force, in consequence of labor troubles, was taken before the State Supreme Court this afternoon under the writ of habeas corpus which had been issued in his case.

The return of the writ, presented by Attorney General Miller, set forth that the petitioner, Moyer, is lawfully restrained of his liberty, under and pursuant to the express command of the Governor and commander in chief of the military forces of the State of Colorado, as a military necessity.

Gen. Bell's answer declared that Moyer was an active participant in forming and keeping alive the insurrection and rebellion in San Miguel county, and that it was necessary to restrain him for some time to come.

The Court heard arguments on motion of the petitioner for a decision on the question of the Court's jurisdiction, and took the matter under advisement.

Defying the detachment of cavalry which brought Moyer, to appear before the Supreme Court, W. D. Haywood, secretary-treasurer of the Federation, attempted to hold a conversation with the prisoner, while he was being taken from the train at the union depot this morning.

When a demand was made by Police Capt. Lee for the release of Haywood, on the ground that military rule did not extend to Denver, Gen. Bell replied that he intended to hold Haywood as a military prisoner, and would shoot anyone who attempted to take him, but, nevertheless, under orders from Governor Peabody, Haywood was surrendered to Sheriff Armstrong and placed in jail.

Reducing a Verdict One-Half.

Columbia, April 20.—Judge Gary, in the Circuit Court this morning cut down the verdict given young McKay in his suit against the Seaboard. The verdict was for \$25,000, and the Judge cut it one-half. He did this because he thought it excessive, in view of the age of the young man and the salary he received from the road when the accident occurred, that being \$30 per month.

The Sully Bankruptcy.

New York, April 21.—Judge Holt, in the United States District Court today, overruled the demurrer interposed by Daniel J. Sully & Co., against the involuntary petition in bankruptcy filed against the firm by Stephen E. Weld & Co., Gwathmey & Co., and other creditors, giving the defendants leave to answer the amended petition within ten days on the payment of costs.

The receivers of the firm of Daniel J. Sully & Co., today announced that they have sold all but about one hundred bales of the spot cotton held in warehouses for the bankrupt firm. Two thousand bales were sold yesterday and twelve hundred bales today. About \$230,000 have been realized by the sale.

Robbed the Grave.

A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides. Growing weaker day by day. Three physicians had given me up. Then was advised to use Electric Bitters; to my great joy the first bottle brought a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents guaranteed by J. F. W. DeLorme's drug store.

WOULD NOT ADVERTISE.

After Long Fight Large Indiana Retail House Gives up Struggle.

A special to the Indianapolis News from Marion, Ind., says that after a hard fight of seventeen years against competitors who advertised, Gunder Brothers, dry goods merchants, the oldest mercantile firm in Marion, and at one time the largest retail house in northern Indiana, have given up the hopeless struggle and sold out their business.

When gas was discovered in Marion, the town began to grow rapidly, and competition in all business was soon encountered by all the old local merchants. The new merchants advertised but many of the old established firms were slow in believing that it was necessary for them to use printer's ink, as they knew nearly every man in the county. All of them who are now in business concluded that it was necessary to advertise in order to hold what trade they had and to increase it, except Gunder Brothers, who absolutely refused, claiming it was money thrown away.

Not Her Class.

Not far from Willow Grove lives a young farmer whose fine stock of horses are admired by all who see them. The other day a friend, an amateur, called on him in search of "something fast."

"There," said the stock farm owner, pointing to an animal in the field, "there sir, is a mare that could trot her mile in three minutes, were it not for one thing."

"Indeed!" said the friend. "Yes," continued Mr. S., "she was 4-years old last spring, is in good condition, looks well, and is a first-rate mare, and she could go a mile in three minutes; were it not for one thing."

"What is it?" was the query. "That mare," insisted the owner, "is in every way a good mare. I work her three or four days a week. She trots fair and square, and yet there is one thing that prevents her from going a mile in three minutes."

"What in the name of thunder is it?" cried the friend, impatiently. "Well," replied the other, quietly, "the distance is too great for the time."—Philadelphia Ledger.

A story comes from St. Petersburg with the details of the suicide of General Altvater, who has been acting as commander-in-chief of artillery. It appears that some months ago the service needed additional light field pieces, and a number of batteries were secured from Russia.

\$25,000 For a Thigh and Leg.

Columbia, April 19.—Twenty-five thousand dollars is the amount found against the Seaboard Railway Company and the verdict is the talk of the town tonight. Fitzwilliam McKay was an employee of the railway and, while acting as brakeman, fell between the cars, near Columbia. His leg was terribly crushed, so that it was amputated near the hip bone, rendering an artificial limb impossible. Suit was brought for \$50,000 by the parents of the boy, the attorneys being Nelson & Nelson, of this city, and Hoke Smith, of Atlanta. The road was represented by Lyles & McMahan, and the trial took up two days. This afternoon the case was given to the jury and that body was out only about fifteen minutes, returning with a verdict for \$25,000.
