

Where Our Cotton Went.

From September 1, 1903, to June 30, 1904, we exported 5,900,466 bales of cotton for \$368,470,419.

Its distribution was as follows:

Country	Bales	Value
United Kingdom	2,579,736	\$147,846,322
Germany	1,739,271	108,532,264
France	682,764	41,627,788
Italy	334,130	21,801,802
Spain	174,532	10,319,302
Russia	151,098	9,365,624
Belgium	102,491	6,283,683
Other Europe	103,383	6,538,303
British North America	83,748	5,265,871
Mexico	52,341	3,178,050
Japan	42,082	2,636,706
All other countries.	2,068	133,344
Total	5,900,466	\$368,470,419

The average export price was 12.1 cents per pound.

The cotton export record for recent years ended August 31, is as follows:

Year	Bales	Value	Price
1890	4,976,412	\$248,282,000	10.1
1895	6,880,227	197,973,000	9.7
1900	6,009,757	242,675,000	7.9
1901	6,617,464	315,873,000	8.3
1902	6,709,276	288,088,000	8.9
1903	6,616,323	306,288,000	8.3
1904 (10 months)	5,900,466	368,470,419	12.1

Some allowance must be made for the abnormal prices in 1904, secured by speculative holdings.

Walter J. Ballard.
Schenectady, N. Y., July 20.

Tillman's Throat Better.

The Washington Post of the 7th says: Senator Tillman, who represents South Carolina on the Democratic national committee, was in the city yesterday, the guest of Mr. J. Altheus Johnson. He stopped over on his way to New York, where the committee will today organize for the work of the coming campaign. He left for New York on a late train last night. His throat trouble has about disappeared, and he expressed the belief that nothing would prove more beneficial to his vocal organs than strenuous exercise on the stump.

Coast Line to Buy Road.

Tallahassee, Fla., July 28.—The Atlantic Coast Line Railroad company was today granted consent by the Florida railroad commission to purchase and operate the Jacksonville Southwestern railway now operated from Jacksonville to Newberry in this State. The purchase price has not been made public, but it is officially stated that the road will be extended into western Florida, possibly to this city. The Jacksonville Southwestern recently built shops at Jacksonville, which will be enlarged. The purchase carries with it valuable river terminal property at Jacksonville.

A Perfect Painless Pill

is the one that will cleanse the system, set the liver to action, remove the bile, clear the complexion, cure headache and leave a good taste in the mouth. The famous little pills for doing such work pleasantly and effectively are DeWitt's Little Early Risers. Bob Moore, of Lafayette, Ind., says: "All other pills I have used gripe and sicken, while DeWitt's Little Early Risers are simply perfect." Sold by O. B. Davis.

Greenville, July 28.—Yesterday in the Ashmore section, nine miles from the city, Lena Agnew accidentally killed Minnie McKarnell, another negro woman, with a small parlor rifle. The McKarnell woman was sick and the other had called to visit her. The rifle was on a table nearby and as the visitor picked it up to lay it aside it was accidentally discharged, the ball entering the sick woman's brain over the left eye, producing instant death.

Violent Attack of Diarrhoea Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy and Perhaps a Life Saved.

"A short time ago I was taken with a violent attack of diarrhoea and believe I would have died if I had not gotten relief," says John J. Patton, a leading citizen of Patton, Ala. "A friend recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. I bought a twenty-five cent bottle and after taking three doses of it was entirely cured. I consider it the best remedy in the world for bowel complaints. For sale by China's Drug Store.

Fort Worth, Tex., July 27.—The packing house strike situation here is without change today. Manager Judd of the Armour plant says he has enough men to operate the plant. There has been no violence of a serious character. The strikers will open a commissary and rations will be issued to such workmen as are in need.

Sick Headache

"For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well," says Mr. Geo. E. Wright of New London, N. York. For sale by China's Drug Store.

Taken With Cramps.

Wm. Kirmse, a member of the bridge gang working near Littleport was taken suddenly ill Thursday night with cramps such a kind of cholera. His case was so severe that he had to have the members of the crew wait upon him and Mr. Gifford was called and consulted. He told them he had a medicine in the form of Chamberlain's Colic, Cholera and Diarrhoea Remedy that he thought would help him out and accordingly several doses were administered with the result that the fellow was able to be around next day. The incident speaks quite highly of Mr. Gifford's medicines.—Elkader, Iowa, Argus.

This remedy never fails. Keep it in your home, it may save life. For sale by China's Drug Store.

Why It Pays to Employ a Real Estate Broker.

He saves his clients' time. Every real estate deal takes somebody's time for its negotiation. The land must be shown and its merits set forth. This the real estate broker makes it his business to do, and he can do it better and in less time than can the owner. The client would lose in time more in making the negotiation for himself than the broker's commission.

As a lawyer can better set forth a client's case than can the client himself, so can the broker better set forth the merits of his client's property, than can the owner himself. The position is in each case one of comparative disinterest, coupled with a thorough knowledge of the business in hand. The Real Estate Broker makes it his business to know values of land in all localities and gives his client the benefit of his knowledge and experience.

Have you to offer more than 50 lots in all parts of the city? Also desirable country property throughout Sumter and Clarendon Counties. A few samples are given below:

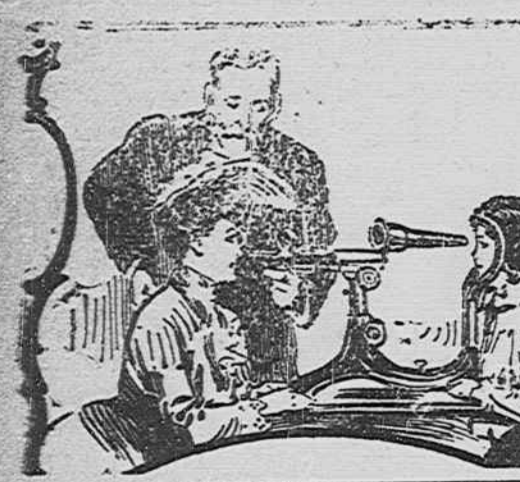

- FOR SALE.**
- No. 6—Lot 53 on Main Street between Canal and Calhoun Streets.
 - No. 13—Tract 210 acres on Dingle Mill Road, 5 miles from City limits; 125 acres cleared; four tenant houses; rents for \$3.00 per acre. All can be cleared. Timber enough for plantation purposes; Corners on Central Railroad. Price \$20,000 per acre.
 - No. 16—Tract 350 acres, in Clarendon County on River Road, 2 1/2 miles from St. Paul, and 6 miles from Remini. Some timber; 4 room farm house; saw mill, 2 1/2 plant, large barn and stables; 14 tenant houses, over one thousand acres in cultivation. Price \$3,000.00.
 - 400 acres—7 miles from Sumter on Brewington Road, about half cleared and tenanted. Timber. Price \$25,000.
 - No. 27—3 lots in Broad Street section. Call and see plat. Each \$300.00.
 - No. 28—12 acres, lying between West Hampton Ave. and Calhoun Street. Suitable for lots. \$200.00 per acre.
 - No. 29—3 lots, 80 x 275 on Purdy Ave. Pretty shade trees, each \$300.00.
 - No. 30—2 lots, 80 x 275 on Calhoun Street, each \$200.00.
 - No. 31—2 lots 67 x 170 on W. Hampton Ave. \$300.00 each.

PROPERTY WANTED.

1. Farm of about 100 acres within four miles of the City.
2. Farm of 200 to 300 acres, must rent for enough to pay interest on price at 8 per cent.
3. 10 acres within miles of City, suitable for a truck farm.
4. Farm of 150 to 200 acres, arable land enough for 4 horse farm.

R. B. BELSER.
Attorney at Law and Real Estate Broker.

THE DULL SCHOLAR.

Many a so-called "dull scholar" is so because of some defect of the eyes. A few simple tests with modern instruments reveals the exact condition of the eyesight. Don't neglect the eyes of your children.

Z. F. Highsmith, Optician,
21 S. Main Street,
Sumter, S. C.

GLENN SPRINGS Mineral Water.

Is unsurpassed, and invalids find sure and speedy relief by its use. It will cure dyspepsia, liver complaint chronic hepatitis, jaundice, torpor of liver and general debility, following upon malarial disease, dropsy, diarrhoea dysentery, constipation, hemorrhoid, uterine, renal and cystic diseases, haematuria, rheumatism, catamenal derangements and other female complaints. Highly recommended by the medical profession.

Glenn Springs Ginger Ale.
Delightful Beverage, Invigorating, Healthful,
Containing the mineral ingredients of Glenn Springs Mineral Water.
Glenn Springs Carbonated Mineral Water—a delightful table water, and positive cure for dyspepsia. Gives immediate relief from indigestion.
For sale by J. F. W. DeLorme, The Sumter Drug Co., A. J. China and The Cash Grocery Store.

A High Tobacco Sale.

Timmons ville, as in the past, is leading the other markets in high prices on tobacco. Sales are being held regularly every day at all three houses and the planters are highly elated over the fancy prices they are receiving for their primings—none of the better grades having appeared. We give below a sale made at the Banner Warehouse last week for Mr. E. R. Anderson on his first curing of lugs which had been nicely graded into three lots—one of scrap and two tied: Eighty pounds of scrap brought 4.10; 205 pounds brought 10 1/2 cents, and 50 pounds brought 18 cents. This is the best sale reported so far by any warehouse in South Carolina. Mr. Lea, who understands every detail of the warehouse business, delights in pushing fine tobacco. He is aided by a thoroughly competent force and is considered one among the best warehousemen in the State.—Timmonsville Enterprise.

Seventeen Hundred Miles In An Auto.

Boston, July 27.—Alvan T. Fuller, of Malden, started this morning for a record run to the St. Louis fair in an automobile. He expects to cover the distance of seventeen hundred miles in ninety-six hours. He proposes to sit ninety-six hours in his auto without allowing the engines to stop, and will eat and sleep in his machine.

Free Shortage Paid by Surety Company.

Barnwell, July 27.—Mr. John D. Kelly of Charleston, representing the Fidelity and Deposit company of Maryland, was in town today and paid to the Hon. James E. Davis, solicitor of the second circuit, \$11,300.44 in full settlement of the claim of the State of South Carolina under surety bond issued by the above company on behalf of E. D. Free, late treasurer of Barnwell county. Mr. Davis immediately transferred the warrant to County Treasurer J. B. Armstrong, who will place it in the Bank of Barnwell for collection.

Short Time in Southern Mills.

Greenville, July 26.—Cotton manufacturers of South Carolina, North Carolina, Georgia, Alabama and Mississippi after a brief conference and discussion this afternoon by a vote of 1,183,052 spindles against 103,096 adopted resolutions that all mills represented agreed that production shall be reduced during the months of August and September 25 per cent.

Sparksburg, July 27.—Jimmie, the 5-year-old son of J. K. McGowan of the Palmetto roller mills, while riding on an improvised "shoot-the-chute" this afternoon, met with an accident which may terminate fatally. Some children had erected this chute from the side of a building with two skids and a four-wheel box to ride in. The wagon in which this boy was riding jumped from its track, a distance of seven feet, to the ground. The boy's head struck the ground and he was rendered unconscious. Subsequently he went into convulsions and the physicians pronounced his suffering due to concussion of the brain. Little hope is entertained for his recovery.

St. Louis, July 27.—All reports to the effect that the world's fair is in an incomplete state are false. Without exception the main exhibit palaces were finished before the day of opening. April 30, and since then every State and foreign building and concession structures that was not finished at that time has been completed, with the single exception of one small building.

Do the average jurors really believe that there is such a crime as murder in this State? Shooting an unarmed man on the street without warning and from the side or rear is not a murder. That is killing in self-defense. Killing and dragging off and hiding a Jew peddler for about enough money to buy a pair of shoes is not murder. Our Legislature should define murder, and let the people know whether it is possible to commit it or not.—Carolina Spartan.

The Death Penalty.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or any boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best Salve on earth and will prevent fatality, when Burns, Sores, Ulcers and Piles threaten. Only 25c, at J. F. W. DeLorme's Drug Store.

The packing house combine is said to have an immense stock in cold storage, and until it is sold off at strike prices, it is not likely the trust is losing any sleep over the strike. There is a lot of business strategy and politics, too, in the situation.—Atlanta Constitution.

DeWitt Is The Name.

When you go to buy Witch Hazel Salve look for the name DeWitt on every box. The pure, undiluted Witch Hazel is used in making DeWitt's Witch Hazel Salve, which is the best salve in the world for cuts, burns, bruises, boils, eczema and piles. The popularity of DeWitt's Witch Hazel Salve, due to its many cures, has caused numerous worthless counterfeits to be placed on the market. The genuine bears the name E. C. DeWitt & Co., Chicago. Sold by O. B. Davis.

Montgomery, Ala., July 27.—A special from Hartford says the first bale of the new cotton crop was received there today.

End of Bitter Fight.

"Two physicians had a long and stubborn fight with an abscess on my right lung" writes J. F. Hughes of DuPont, Ga. "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all Coughs, Colds and Throat and Lung troubles. Guaranteed by J. F. W. DeLorme's Drug Store. Price 50c, and \$1.00. Trial bottles free.

A Visit to the Desaussure State Farm.

Have you ever been there? If not a visit will repay you for your trouble. It is in the extreme northwest of Sumter county and contains twelve hundred acres cleared land, half of which is river bottom and hundreds of acres uncleared nearly all of which is swampland. I saw fine land there but a few feet above low water mark under cultivation, producing from year to year the finest crops of grain.

Every one knows that these swamp lands, having a soil of unlimited depth, have been reclaimed by means of huge dams, some of which run within thirty yards of the river. Some of the best land now under cultivation only a year or so ago was covered with water which by means of a large canal was carried away to the river. All of these canals or ditches which pass out through the dams are well trunked, each trunk having a gate to let water off. They never let in water from the river during a fresh or at any time because it imperils the dams. Mr. W. R. Gardner, the superintendent, told me how on one occasion one of his best and strongest dams was broken by fresh water, raised into waves by heavy winds and beating against it. They never, if they can prevent it, allow fresh water to come in; the lands are plenty rich so as not to require it. Practically all the swamp land can be put in a condition for cultivation, and I suppose will be in the course of time. "Why not now?" Because it is so expensive, is a herculean task, and because at present they have all the land they need.

In company with W. S. Thompson, one of our best farmers, your correspondent went to the "farm" last Saturday, expecting to see something fine in cotton, but not surpassing what we had left behind, but as we wended our way through the broad acres all in the finest condition, perfectly clear of grass, Mr. T. remarked, voicing my feelings exactly, "I feel just as if I had been doing nothing." We were well received by Mr. Gardner and his kind wife, who showed us every attention we could desire, Mr. G. taking us on a drive through the farm. I never saw better developed or better fruited cotton in my life.

No doubt, Mr. Editor, you noticed in my writings about farming that I was a bit conceited. You do not now, it is all gone; that trip to the State Farm cured me.

Mr. Gardner, who is forty-three, and was reared in old Kershaw county, small of stature, with dark hair and eyes, is a practical farmer, who can interest and instruct you. Under his management the Desaussure farm is a paying institution. Bad as last year was it paid to the State over and above all expenses \$6,800, which amount would have been swelled considerably had a number of incidentals been considered. Desaussure is every whit the equal of the upper farm in value, in appointments, etc.

"Shall we keep Mr. Gardner there?" By all means; he is the right man in the right place. I must quit, not before remarking that I saw the largest heaps of clean wheat and oats, and onions enough to season the country.

Crops in and around the Peninsula, Hagood, etc. are ahead of anything I have seen elsewhere lately with one possible exception.

We have some excellent farmers: besides those already mentioned in your columns we would name Clarence and Charley Jackson, young and full of energy, Charles Mitchell, W. S. Thomson, W. W. Mellette and Wilder James.

I do not think our community can be surpassed for upland corn, J. S. Jackson and others having as good as I ever saw, and this too in spite of the drought. Yes, we suffered from the drought, but not so badly as some communities; everything seems to have fully recovered now.

There is no sickness to speak of among us.

John Harris, a man of color, a "free issue" was bitten, as was supposed by a moccasin. For the benefit (?) of others I give his heroic treatment: a half pint spirits of turpentine, one joint tobacco and all the nicotine of an old pipe taken inwardly. The theory is that when this meets the poison of the snake they will all come up together.

Mr. A. E. Jackson went off the other day to Florence and brought back as his wife one of its most charming girls in the person of Miss Rosa Gilbert.

Mr. Herbert Gilbert of Florence is spending some time with relatives in our community.

Hagood.

Chicago, July 27.—Judge Parker, the Democratic Presidential candidate, will not come to Chicago to attend the Democratic demonstration planned for August 30. This information was contained in a letter received today by Mayor Harrison from Judge Parker. The Judge, after expressing regret at his inability to visit Chicago on the date mentioned, urged the mayor to visit him at Esopus. Mayor Harrison said he would accept the invitation.

Cholera Infantum.

This disease has lost its terrors since Chamberlain's Colic, Cholera and Diarrhoea Remedy came into general use. The uniform success which attends the use of this remedy in all cases of bowel complaints in children has made it a favorite wherever its value has become known. For sale by China's Drug Store.

Charlotte, N. C., July 27.—Nine prisoners, two white and seven colored, escaped from jail at Dallas, N. C., about 4 o'clock this afternoon. It is said that the cells had been insecurely locked and the men rushed past the guard at the door.

Suicide Prevented.

The startling announcement that a preventive of suicide had been discovered will interest many. A run down system, or despondency invariably precedes suicide, and something has been found that will prevent that condition which makes suicide likely. At the first thought of self destruction take Electric Bitters. It being a great tonic and nerve will strengthen the nerves and build up the system. It's also a great Stomach, Liver and Kidney regulator. Only 50c. Satisfaction guaranteed by J. F. W. DeLorme Druggist.

K. of P. 5—Manning 2.

In the fastest and most exciting game of the season Wednesday afternoon the Game Cock Lodge, K. of P., defeated a splendid aggregation of ball players from Manning and Summerton by a score of 5 to 2. An immense crowd witnessed the game, and cheered the numerous fine plays that were made, irrespective of the teams. But above all the din and confusion that is essential to the thorough enjoyment of a game and to the great pleasure of the spectators could be heard the lusty voices of the gallant Knights Shaw and George as they gave encouragement to their team by splendid "rooting."

From the minute that Durant stepped in the box for the locals, he inspired confidence in the rest of the team, and caused the enthusiastic supporters of the Knights to wear a satisfied expression. His work was superb, and can best be judged by the detailed account below.

Gillespie was fast and sure at shortstop, and made two very sensational catches of difficult chances. Cantey on second evoked cheers very often by his quick work, and accurate throwing.

For Manning, Sublett pitched a good consistent game, giving but one free pass to first, and keeping the bits well scattered. Dickson, the backstop, caught admirably, and made several good throws to second base. Cantey was very fast at short, and took everything that came his way. Iseman played a good field, and was the only one of the visitors that could handle the stick with good results, he got two clear hits, and made one of the runs for Manning.

Mr. Sanders from Hagood officiated as umpire, and his thoroughly impartial decisions pleased not only the players, but the crowd as well. The game in detail was as follows:

McLeod up for the visitors, fanned out, Brown hit fly over shortstop, which Gillespie takes in by making a beautiful running catch; Belsler hit safe to left field for one base; Dickson retired the side by a fly to short.

Gillespie got a free pass to first; Cantey hit safe to center field; Gillespie went to second; Mulloy walked; Durant, R., hit over first, and in a general mix-up which followed, caused by Gillespie's going to sleep on second, a double was made retiring the side.

Appelt struck out; Cantey got base on balls; Sublett fanned; Iseman flied out to second.

Cuttino, Cantey, S., and Durant, E. go out in one, two, three order.

Horton gets to first, on Canteys error, and was advanced to third by a wild throw; McLeod hit a hot one to first, Horton out at home; Brown bunts to pitcher, out at first; Belsler out on fly to second.

Wildor, E., out on grounder to short; Wildor, J., fanned; Gillespie hit safe to center field; Cantey put one in left garden, which scored Gillespie; Mulloy fanned.

Dickson led off with a nice hit to left field for two bags; Appelt and Cantey fanned; Sublett out on grounder to second.

Durant flied out to first; Cuttino hit safe for two bases; Cantey, S., gave the right fielder an easy chance, which he dropped, and advanced Cuttino to third; Durant hit safe to center field, and on a wild throw to catcher the three men on bases scored. Both Wilder boys failed to connect with the ball.

Iseman hit safe through short, and stole second; Horton fanned; McLeod hit to first and dies there; Iseman reposed on third sack, on Brown's big to right field; Iseman scored; Belsler hit to right field but was thrown out in his endeavor to convert his single into a two bagger.

In this inning no man on either side reached first; Iseman, Horton and McLeod all expire on infield hits.

Durant, E., hits safe to right field; Wilder, E., was thrown out at first after getting a clean hit to same place; Wilder, J. scored Durant on a hit through short but was caught stealing second; Gillespie out on fly to center field.

Brown safe at first on Cantey's error; Belsler out on fly to short; Dickson hit to left field advancing Brown one peg; Appelt hit over second and Dickson died, but Brown scored; Cantey out on fly to second.

Cantey out on bunt to pitcher; Mulloy and Durant, R., out on grounders to short.

Sublett expired on grounder to second; Iseman hit safe to center field; Horton fanned; McLeod out on fly to second.

Candidates Who Have Filed Pledges.

Goodwill, S. C., July 27, 1904. Editor Item: It may be of interest to voters and prospective candidates to know who have filed pledges, and I therefore send you a list up to July 27th of all who have filed pledges and paid assessments:

- L. I. Parrott, Clerk of Court.
 - T. B. Fraser, House of Representatives.
 - T. H. Osteen, Mag. 4th Judicial District.
 - J. S. Wilson, Solicitor.
- The assessment of Solicitor has been remitted by order of State Executive Committee.
- E. W. Dabbs, County Chairman.

Fewer gallons; wens longer; Devoe.

A Sweeter Breath

is a never-failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick, of White Plains, Ky., writes: "I have been a dyspeptic for years; tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am restored in weight, health and strength and can eat whatever I like." Kodol digests what you eat and makes the stomach sweet. Sold by O. B. Davis.

NERVALGINE,

THE GREAT HEADACHE AND NEURALGIA CURE. A sure and prompt cure, every package guaranteed.

For sale by Sumter Drug Co., Olin B. Davis and all Druggists.

May 4—3m.
