Report From Florida of Many in Existence---Five Located in Leon County.

Tallahassee, Fla., Sept. 6.—Since Saturday night's trouble it has been learned that there are five "Beforeday clubs" in Leon county. While it is said these clubs were organized last Christmas there are a number of per-sons who will make affidavits to the effect that these clubs have been known in Leon county for the past three

It is asserted that about three years ago a negro appeared in Richmond, Va., (many averring that he came direct from Wshington city), who made an incendiary speech advising members of his race to do all manner of mean things. He advised the organization of the "Beforeday club." This organization has become national in its character. The clubs in this county are located at Tallahassee, Lake Hall, Lake Jackson, Dawkins Pond and the Meridian neighborhood. Many of the best negroes of the county are located at Tallahassee, Lake Hall, Lake Jackson, Dawkins Pond and the Meridian neighborhood. ty have refused to become members and are not in sympathy with such an organization.

It is firmly believed here that Mr. Epps was a victim of this organization, and many of the people in this section are nervous and excited, but there are numbers of men in Leon county who are brave and determined, and who are prepared to meet and settle this issue squarely.

The local military company was called out but they were outwitted by the men who conceived the idea of smoking out the prisoner.

At 10.25 o'clock the jail was fired in the back yard and burned fiercely, a dense smoke spreading through the upper stories and cells of the building. The fire department was not allowed to approach within a block of the scene and was driven away with bullets. The command on the outside would allow nobody to enter or come out until the person of Horace Maples was surrenudered to the crowd. The sheriff and his guards would not give in but in some manner the negro got through a window and jumped out of the building into the crowd. He was chased down and a rope thrown around his neck and he was pulled up to the county court house. There was an im-
