

**MILLIONAIRE SHOTS HIMSELF.**

**Jacob Ridgeway Wright Attempts to Commit Suicide in New York Hotel.**

New York, Jan. 20.—A man who registered at the Imperial hotel as Jacob Ridgeway Wright, of Wilkesbarre, Pa., and said to be a prominent millionaire anthracite coal operator, attempted to take his life in his room this morning. He sent a bullet from a .22-calibre revolver into his breast. He was removed to the New York hospital. It was said in the hospital that Wright's condition is not favorable to his recovery.

**Ridgeway Wright Dies.**

New York, Jan. 20.—J. Ridgeway Wright, who shot himself in the Imperial Hotel this morning, died at the New York Hospital about 11 o'clock. He was unconscious for an hour before he died. Just before he lapsed into unconsciousness he said the shooting was accidental. His relatives in Wilkesbarre have been notified.

Dr. Howard Pardee, Wright's physician, who was with him when the shooting occurred, has been arrested. He was taken to the Jefferson Market court, where, after a hearing, he was released in the custody of his counsel until tomorrow. Dr. Pardee told the magistrate that Wright was ill last night and he spent the night with him. About 6 o'clock this morning the coal operator awoke and he went to the bureau, got out papers and revolver and said he wanted to show them to the doctor. Dr. Pardee turned his back to attend to some thing. He heard a shot fire, turning he found Wright lying on the bed with blood coming from a wound on the left side. He said nothing further, he said, as he knew nothing further.

**A Local Freight Wrecked.**

Florence Times, January 17th. There was a slight wreck on the W. C. & A. road this morning. The local freight to Sumter got a few cars off the track about six miles down the road. The rear of the train, containing the passenger coach, was pulled back to the city and the passengers were marooned here until the wreck was cleared, about 3 o'clock.

The next ginners' report will probably appear about the time the convention assembles, that is if the ginners make their returns promptly. Last month the directors of the census was considerably inconvenienced by the delay in receiving returns from a number of ginners and for that reason there is uncertainty about the date when the next report will be made. It should, however, appear in the natural order of things, somewhere between the 23d and 28th. The main influence in the market at the moment is the question of whether farmers are going to hold or whether the recent selling at isolated places is to spread and result in a general liquidation of long holdings. Whoever can answer this question correctly, can solve the problem of prices for the next few weeks.

Little France keeps an army of 6,000 men to maintain its forests. We employ a bigger army to destroy ours. We shall begin to pay for our greed and recklessness in a few years, and we shall pay heavily.
