**SALEM.**

Salem, S. C., May 2.—The regular spring communion will be held at Brick church on next Sunday, the 6th inst. Preaching on Saturday before and on Sunday by Rev. Jas. McDowell, of Sumter.

Miss Leslie Witherspoon returned to her home in Yorkville several days ago.

Mr. Robert Witherspoon, of Guthrieville, S. C., came down on Wednesday to see his old friend, Mr. W. A. Cooper, and returned home on Friday.

Very heavy rain fell here on last Saturday evening. On that morning, about 8 o'clock, a few hail stones were seen.

Good stands of cotton are reported generally and those who had to replant on account of the recent freeze have finished.

Much complaint is made against the railroad for the rough treatment of baggage. Within the past two weeks we know of two trunks that were tumbled off and the bottoms broken out at the Maysville depot.

The morning train from Florence to Sumter is a real treat to those who have to go to Sumter.

Dr. Mack and wife, of Fort Mill, paid several calls to members of his old congregation on Monday.

Farmers are not rejoiced to be taken from their farms at this season of the year to serve as jurors as many of them will be called on to do before the five weeks of court is over with.

A few more showers in May will aid very much to lessen the scarcity of forage that exists now in many places.

Mr. John Team, of Sumter, passed through this section on Monday on business.

**MAGNOLIA.**

Magnolia, S. C., May 1.—Cotton planting in this section is winding up in a rush and would have been finished ere this had not the recent heavy rain come.

The name of Lynchburg postoffice, (that is old Lynchburg,) will be changed to some other name not yet decided on exactly, as the Magnolia postoffice will be changed to the name of the town, Lynchburg. It may require several weeks to effect the changes, but it will be done much sooner if possible.

Magnolia graded school commencement will be on the 25th of May. Prof. Brunson is stirring around lively endeavoring to get every thing in "apple pie" order for that occasion, but then he always takes a great interest in the training of his pupils.

Dr. Tarrant and Mr. John F. McIntosh went to the fish trap in Lynchburg's river last evening and returned last night with 100 perch and bream which were vainly struggling for their freedom in aforesaid trap. This is the largest number ever caught in any one trap at one time. This correspondent saw the fish himself and can certify to it. An even hundred—no more and no less—were caught. They called this correspondent to the street to see the fish, and oh, they were just beautiful, but not one fish did he get. The truth is they were so elated over their big haul that they actually drove off forgetting what they had called him out for. But then that didn't do the disappointment any good—not one bit.

Our Lee County Supervisor and Commissioners, acting under the advice of Mr. McClendon, County Attorney, have refused to pay magistrates holding inquests their fees as provided by the statutes. He or they claim that they are salaried officers and not entitled to a fee. So suit will be commenced against the county for these claims.

Magnolia, S. C., May 8.—Heavy rain fell here yesterday morning about 4 o'clock and early afternoon today which will put a stop to all farm work for several days. If these rains continue many days longer the cotton acreage reduction move can be called off, and that will settle it for this year, "without money and without price." A good deal of corn is still unplanted. Grass is going to get away in sections where hands are scarce, in spite of all that can be done, at any rate it appears that way. Where cotton is up the stands are almost perfect—never saw better.

Dr. E. F. Darby is expected to return from Florida tomorrow.

Mr. Moses E. McDonald, of Columbia, spent yesterday with Col. J. A. Rhame.

To a body who reads, thinks and

tries to keep abreast of the times it does seem like executive clemency is being dished out entirely too freely in this state, which does not tend to diminish mob violence, but on the other hand to offer excuse for lawlessness. Just get a little petition started and soon it increases in size and rapidly like one of these little summer clouds. Half the people in this country would sign their death warrant if presented to them, and, doubtless, not ask a question. This is a dangerous practice. Juries often sit on cases for hours, yes, for days, and after much deliberation and hard effort to reach a just verdict, when they do reach an agreement, whether for acquittal or conviction, they are severely censured. If they find the defendant guilty, it matters not of the terrible nature of the crime, three times out of five a big petition soon starts setting forth all manner of excuses, reasons, justifications and false swearing, and just grounds for pardon or commutation of sentence and executive clemency follows, as a matter of fact. Money tells the tale. Now, why censure a jury? Think of Hoyt Hayes' brutal murder. Watch him a little later.

**STATEBURG.**

**MANCHESTER.**

Dark Corner, May 6.—We had plenty of rain last Wednesday, so much until some of the crops in the bottoms are under water. Farm work has been retarded by the land being to wet to plough. It has been fine weather for those who had sweet potato sprouts ready to set out. I set out a fine patch last Wednesday. Pretty fair stands of cotton is what I hear from farmers generally. The Bracey brothers have commenced to chop, the only ones I have heard of in these coasts so far, though some have not planted and others are not through planting yet.

I have no sick to report this week. Helped to bury my old friend, Mr. J. V. Geddings at Bethel church, where the Black River Union was in session.

Heard Dr. C. C. Brown, of your city, preach one of his instructive sermons on the Cross of Christ. Bro. Thos. P. Side preached Bro. Geddings' funeral after Bro. Brown had preached in the morning to the Union. The Greenland Savannah Sunday School has been reorganized and Mr. J. M. Kolb has been elected superintendent and J. B. Osteen, secretary. It has over 70 names on the roll.

Mr. B. P. Broadway, of Pinewood, made us a nice talk last Sunday evening on Sunday School work.

Mrs. H. C. Scott and children, of Ramsey, visited relatives here and near Pinewood last Sunday, Monday and Tuesday.

Mr. G. W. Scott, of Soeven, visited his father-in-law, Mr. R. P. Weeks, last Thursday.

Rev. Perry, a Holiness preacher, is conducting a tent meeting at Pinewood this week.

Mr. J. M. Ardis and daughter, Miss Mary Lee, visited Mr. A. L. Burkett, of Pinewood, yesterday.

**REMBERTS.**

Remberts, May 8.—St. Matthews School closed its scholastic term here on last Thursday and the balance of the week has been a gala time with the little ones.

After the close of the school that evening Miss Lottie Wienges, principal of the school held the exercises in McLeod's Chapel, and by eight o'clock the church was well filled with the parents of the school and visiting friends. The exercises consisted of debates, compositions, and recitations, and were very creditable to both scholars and principal. The following pupils received prizes:

1st Marion Reames for preparing and reading the best paper on a cotton question in debate.

2d Jimmie Griggs for having received the greatest number of head marks in his spelling class.

3d Gilbert Flowers Young for the best composition on "Longfellow."

4th Elizabeth Reames and Rosa McLeod for deportment.

6th Minnie Brown for writing.

7th Nita Cox and Mattie Baker for faithfulness.

The prizes for the debate and the Longfellow composition were awarded according to the decision of the judges and seemed to give entire satisfaction to all present. Mr. W. J. Young the Chairman of the Board of Trustees presented the prizes in his usual style, adding much fun and amusement to the occasion by his witty remarks as he presented each successful competitor with his or her prize, and after all was over a vote of thanks was voted Miss Wienges for her untold efforts in adding so much pleasure and enjoyment to all present.

The picnic given to St. Matthews school which has been previously mentioned came off today. The morning dawned cloudy and threatened rain, but about ten o'clock the bright sunshine made its appearance gladdening the heart of many a little child. The picnickers began to gather by 12 m., from all quarters, some in carriages and some on horseback, and soon the school house grove was well filled. The little ones lost no time in commencing their games of amusement. First the school had a vote for a Queen of the picnic and Elizabeth Reames was elected Queen. Mary Harlee and Ruth Hussey, maids of honor, and Gilbert Flowers Young and Jimmie Griggs the gallant knights, and at once Gilbert Young led the fair Queen to the stand and with a few appropriate remarks, crowned Elizabeth Queen of love and beauty.

Next came old Mother Goose calling her children once again and heard them say their little rhymes. Then dinner was announced which was a bonny affair for all. After dinner Miss Wienges gave the children a very brief adjoining the grounds and Arthur Brown got the prize for finding the most eggs. Last but not least came a "hoop drill" by the school, this was particularly good and showed much training and painstaking by the principal and scholars. The entire program was very nicely gotten up and everything passed off very pleasantly, and the patrons of the school were so much pleased with the progress their children had made they drew up a paper signing their names and presented to the principal, Miss Lottie Wienges, expressing their approval of her as teacher and requesting her to make application again to the honorable board of trustees, to be returned to the next ensuing session.

Rembert, S. C., May 9.—We have had excessive rains in this section for the past week and very little plow work has been done. Cotton chopping is in full blast and young grass is matting the cotton beds. Today the sun is shining and we trust good weather from now on will enable the farmers to get straight and catch up with their work.

Corn is looking well, but the stands in the bottom lands have been eaten up by the bud worms and it will be June before good stands can be secured.

Oats have improved very much since the rains have set in and a fair average crop will be made with no disaster.

The health of the community is very good at this time, but Mr. W. J. Young is on the sick list and could not attend court in Sumter this week as jurymen, but sent his physician's certificate to excuse him. Mr. H. C. McLeod has been quite sick, but I am glad to report him improving.

Miss Manola Cauthen, of Sumter, attended the school picnic here last Saturday.

Miss Lottie Wienges left Rembert on yesterday to spend her vacation at home with her parents near Charleston.

We have a remarkable old lady in this community—she is the oldest living person here—a Mrs. Sallie Brown, widow of Jack Brown, who has been dead 30 years. This old lady is 107 years of age and is quite active and all of her faculties seem to be well preserved.

**DURANT.**

Durant, S. C., May 2.—There was a neighborhood picnic near Mr. Willie Gaillard's home on last Saturday. The weather looked threatening in the morning, which no doubt prevented many from attending. About 3 o'clock that afternoon the crowd was driven indoors by a heavy rain and the wind was quite high for a while.

Mr. Sam McFaddin spent Friday night with friends here.

The measles are here among the colored people. They seem to be of a mild type and as yet there have been no deaths from them.

The school at Durants will close on Friday to the delight of the children.

**BRAUN.**

Braun, May 8.—The farmers commenced plowing today for the first since the heavy rains. Crops, considering the rainy seasons, are growing nicely, cotton is being chopped to a stand.

Morris Brooks, an old negro, who the negroes report to have been over a hundred years of age died near here on yesterday. Mr. and Mrs. A. K. Weldon spent Monday in Sumter, while there Mr. Weldon had the pleasure of spending a few hours with his brother, Rev. J. B. Weldon, who was passing through the city on his way home from Conference.

**LEE COUNTY NEWS ITEMS.**

Through the effort of Hon. A. F. Lever the R. F. D. carriers wait now until the passenger train comes in and persons living on the rural routes get the morning mail the same day it arrives here.

Professor J. F. Thomason and Miss Elanche DesChamps left last Monday and Miss Hattie Roland yesterday morning for their respective homes. We wish them a pleasant vacation.

Dr. and Mrs. J. B. Lane left last Tuesday for Glenn Springs and other summer resorts.

Mr. Henry Wilson returned to his work at Bluefield, West Va., Thursday. Dr. and Mrs. Turner left the next day for their home in Georgia.

Mr. John M. Smith, our popular probate judge, has resigned the position of clerk for the county commissioners.

The town was considerably excited last week over a case of small pox that had broken out among the hands employed by Mr. John W. Davis in building the dwelling of Mrs. Levy. Drs. Jennings and Wilkinson pronounced it a genuine case and upon their suggestion the board of health ordered the negro house quarantined and it has been strictly guarded ever since. No other case has developed so far and since the board has ordered everybody not vaccinated to do so at once. We hope there will be no other case of it.—Bishopville Vindicator.

Wanted—applications from other counties for the convicts of Clarendon's county chain gang. The institution is too expensive for the service so small a number can render. If no applications come in, we would suggest to the commissioners to consult their attorney and ascertain if what few convicts they now have, cannot be sent to the penitentiary, so that some of the expense can be cut down, and also suggest to our Representatives in the legislature to provide at the next session some law which will prevent in the future such a condition as we have now, if the law does not already provide for it.—Manning Times.

**Letter to Dr. B. B. Breeden.**

Sumter, S. C.  
Dear Sir: Thad R. Manning, Esq., editor of The Gold Leaf, Henderson, N. C. sends us this tale of Devoe in his town.

Mr James A. O'Neill's house was painted twenty years ago with Devoe; and lately was painted again. Twenty years is too long; but the paint looked better than other paint in half the time. This answers for quality.

Takes less quantity too. A gallon Devoe will go as far as five to ten quarts of common paint.

Yours truly  
F. W. Devoe & Co.

Oats harvest will soon be on. Get your twine from W. B. Boyle.

**THE PENSIONERS.**

Columbia, May 8.—The Sumter county pension roll for the new year embraces 138 names and is one of the shortest in the state. Spartanburg has all the counties beaten with a list of over 700. In 1904 Sumter's list was 140. The list by classes and the amount each pensioner will receive follows:

- Class A., 5; \$96.00.
- Class B., 3; \$72.00.
- Class C., No. 1, 2; \$48.00.
- Class C., No. 2, 73; \$15.50.
- Class C., No. 3, 8; \$48.00.
- Class C., No. 4, 47; \$15.50.

The check for distribution among the petitioners will be forwarded to the Sumter clerk of court in about a week accompanied by a list of the pensioners. The state board believes that the list from practically every county in the state contains the names of a number who have no right to be on the lists has adopted a resolution asking the papers to publish their county lists as an assistance to purging them.

It will be recalled in the case of Anderson which has a list this year of 477, that her delegation to the last legislature was one of the most insistent upon important changes in the pension law. Representative Prince put in a bill to do away with the present appropriation of \$200,000 for pensions and relieve state finances by requiring each county to take care of its own pensioners by a levy of one mill, the county veteran associations to distribute the amounts so raised according to rules and regulations which they should see proper to adopt.
