

MR. BRYAN'S CAMPAIGN PLAN.

Friend Says He Will Not Make Train Specials and Will Not Attack Corporations.

A dispatch from Lincoln, Nebraska, says: Here are the plans of William Jennings Bryan, as outlined by a close friend and stalwart supporter: "Mr. Bryan," the friend said, "is a genius endowed with the passion for hard work. He has outlined plans for a presidential campaign, the most determined, resolute, and at the same time the most dignified in the history of the nation. He has no doubt of his nomination.

"At his home at Fairview, Mr. Bryan will receive delegations from all parts of the country. Speeches will be made but they will be quiet dignified addresses.

"In the life of Mr. Bryan nothing has come by chance. When he planned to charm a convention with his oratory he worked on his effort for a year in advance. When he planned to capture the following democratic nomination by acclamation he went about it in the same manner. After his St. Louis convention episode he participated in the campaign enough to show his good will. Then he outlined a globe trotting tour which attracted the attention of the world.

"Soon after Mr. Bryan's return Fairview will be remodelled and a large porch will be added. Landscape gardens will transform the rolling lawn into a garden where ten thousand persons may hear a political speech.

"Mr. Bryan will not rush around the country in special trains. He will make but two trips. He will deliver one masterpiece, an oration which will be carefully planned and will contain such matchless Bryannic paragraphs. As for the remainder of the speeches, they will be full of dignity. Just before the campaign closes Mr. Bryan will make another supreme appeal.

"Mr. Bryan will not join in the extreme and radical ideas like those of Mr. LaFollette, and he will be moderate in his expressions, as compared with Mr. Roosevelt. Instead of scaring capital he will reassure. Trusts he will urge, should be curbed, but curbed with no injustice to capitalist or investor.

"Mr. Bryan will not interfere with the sentiments of his party. He will act in an indifferent manner toward endorsements and urge the claims of any one who should aspire to the nomination. At the same time the endorsements will come with such frequency that it will be extremely discouraging for the opposing candidates.

"Mr. Hearst will be humored and Mr. Parker ignored. During the months after his return to Lincoln Mr. Bryan will make public his idea of the political systems of foreign countries. All the while he will be directing the views of the national democratic organization in a safe and sane channel.

"In this his own State it will take all Bryan's diplomacy to prevent a factional breach. These hostile factions must be placated before Mr. Bryan returns, and he will do his best to organize the State for a democratic victory in 1908. Mayor Dahlman is a royal partisan of Bryan and his election in Omaha means much to the Fairview statesman. Another piece of good luck was the election of Mayor Brown, a staunch Democrat in Lincoln."

FLOOD IN LONDON.

Newspaper Offices Put Out of Business and Railroad Tracks Submerged.

London, June 29.—Owing to a fearful rain and wind storm and an extra high tide in the river Thames London was flooded this morning and the neighborhood in which several newspapers are published was submerged. After considerable delay the papers finally appeared. The tracks of several railroads were covered by the water.

Modest Claims Often Carry the Most Conviction.

*When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise. Instead of disappointment, it is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim, is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by all druggists.

A CURE FOR ICE IMPOSITION.

An Ohio Judge Comes to the Public's Relief.

Toledo, Ohio, June 25.—In the Common Pleas Court today Judge Kinkade imposed the maximum sentence of \$5,000 fine and one year imprisonment in the workhouse on each of five men, found guilty of conspiracy in restraint of trade.

The judge said the sentences might be mitigated in the event the men made restitution.

Hearings on motions in arrest of execution cannot be heard for some time and the men will stand committed until the fines are paid or the sentence otherwise disposed of.

All of the men are prominent in business and social circles. They were taken to the county jail to await the making out of the necessary papers to commit them to the work house unless in the meantime they meet Judge Kinkade's proposition to make restitution to the public. These men were indicted for combining to restrain trade in violation of the Valentine law.

Under the pretext that ice supply was much smaller than in recent years, these dealers combined and advanced the price to 50 to 100 per cent. They were indicted, and one of them stood trial, but was convicted. The others entered pleas of guilty. The sentence is the maximum under the law. If they would save any part of it they must pay back to customers all overcharges and must agree to sell ice at the price prior to forming the combination. The law provides for imprisonment as well as a fine and if the men go to the work house they will be put at hard labor. Two or three of them are worth at least \$100,000 each.

COAST LINE IN TROUBLE.

Washington, D. C., June 27.—Attorney General Moody has directed that suits be brought against a large number of railroads to recover the penalties for violation of the safety appliance law, through failure to keep their equipment in proper condition.

The largest number of violations attributed to any road is fifty two against the Atlantic Coast Line.

It will cure incipient Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." Durant's Pharmacy.

SEIZED SWEDISH ISLANDS.

London, June 28.—Diplomatic circles regard the reported seizure by Russia of Aland islands, which control the mouth of the gulf of Bothnia, as serious and likely to breed trouble. The reason given by Russia for the seizure is said to be that the residents of the islands supplied arms to the Finlanders. The next move by Sweden is awaited with interest as the islands are only sixty miles from Stockholm and form an important strategical position. The treaty of Paris to which Great Britain and Russia are signatories directed that the islands be unfortified.

Asthma Sufferers Should Know This.

*Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third street, Davenport, Iowa, writes: "A severe cold contracted 12 years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one 50 cent bottle entirely cured me of asthma which had been growing on me for 12 years. If I had taken it at the start I would have been saved years of suffering." Durant's Pharmacy.

Traffic Meeting.

The meeting of the Traffic Association of South Carolina which was to have been held in Columbia on the 3rd of July has been postponed to a date to be announced later. President L. W. Parker wished to have a meeting of the directors of the Association to pass upon certain important matters previous to a general meeting of the Association, and due to his absence from the State, it has not been possible to hold this meeting yet. Mr. Parker will call the meeting of Directors at an early date. In the mean time any persons interested in the plans of the Traffic Association may obtain a copy of the by-laws by applying to F. H. McMaster, secretary, Columbia, S. C.

A Tragic Finish.

*A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold; but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at Sibert's drug store, 50 and 51, Third Street, New York.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

Kodol Digests What You Eat

Make the Stomach Sweet.
