

THE MASTER HYPOCRITE.

Ex-Senator Burton, Just Out of Jail, Bitterly Assails the President—Talks on Third Term.

St. Louis, March 22.—Joseph Ralph Burton, the first United States senator to ever serve a prison sentence, this morning was released from the Iron county jail at Ironton, Mo., after serving five of a six months' sentence which had been imposed upon him by the United States district court in St. Louis on the charge of improperly representing the Rialto Grain and Securities Company of this city in government matters.

Burton is bitter against the president, and tomorrow he will tell the people of Abilene about Roosevelt, who Burton calls "the most monumental hypocrite in history."

"Is Roosevelt a candidate?" said Burton. "He is always a candidate, and has been since he was old enough to vote."

"A master hypocrite, he can successfully mislead the public into the idea that he is for some one else for the nomination, but when the time comes he will be the candidate. He has already succeeded in making the party declare that the Roosevelt policy must be pursued. The next thing we will hear is that if the Roosevelt policy is to continue, Roosevelt is the proper man for the nomination."

"That is precisely what Roosevelt is hoping to see happen, and from the outlook it does not appear that he will be disappointed. He killed off La Follette by being friendly to Spooner. Shaw was sidetracked when Roosevelt took up the cause of Cummins. Shaw saw the handwriting on the wall and left the cabinet to accept a position in New York. Foraker has been attended by the President's apparent friendliness to Taft, and who is left in the race? None but Roosevelt."

"He is using Taft like a flirting wife would impose on a foolish husband. When the time comes he will cast poor old Taft aside and accept the nomination for a third term, which he hopes will be thrust upon him."

"Taft isn't big enough for the presidency. He is simply the tool of Roosevelt, who may throw Root into the race to make the waters muddy almost any time. Cortelyou may also be shifted into the race, but none of them can be taken seriously save Roosevelt, who, though not openly a candidate, is playing his cards to bring about a nomination for a third term, and he will get it."

"Roosevelt is too shrewd to declare himself a candidate. If he did he would be out of the race the moment he announced his candidacy. He wants the nomination to be forced upon him, as it were, and he will accept it with open terms."

"We read in Scripture about the Saviour healing the leper, curing the sick, making the blind to see, and the lame to walk, but nowhere in Biblical history do we read of Christ either forgiving or curing the hypocrite."

"The disease is one which grows on a person as the years roll by, and is incurable."

"There are two kinds of hypocrites. One is the smooth, oily, scheming, humble individual, of which Dickens's character, Uriah Heep, is the immortal example. The other is the brusque, bulldozing, bold type, of which no better example can be found than Theodore Roosevelt."

"I will devote my time to publishing my magazine and speaking, and will do what I can to blot out hypocrisy wherever it may exist."

"I will advocate the election of the federal judges; they should be brought closer to the people. The idea of placing so much power in a man for his natural life is wrong."

"My body has been jailed at Ironton for the last five months, but my mind was as free as it ever was. I will not discuss my trouble further now. I have been wronged, but I bear no resentment against any one. I have learned to pity the hypocrites, but I do want to call their attention to one thing—I have only two cheeks."

"I differ from the author, also a Kansan, who said that opportunity visited a man only once in a lifetime. That is untrue. I am determined to succeed, and with the aid of friends I will again have the respect of all. Only the ignorant who are not conversant with the facts in my case believe me guilty."

Burton had a rose pinned on his coat which his wife placed there the day he entered Ironton jail, but fearing that it would fall to pieces he took it off.—New York Times.

Found at Last. \*J. A. Harmon, of Lizemore, West Va., says: "At last I have found the perfect pill that never disappoints me; and for the benefit of others afflicted with torpid liver and chronic constipation, will say: take Dr. King's New Life Pills." Guaranteed at Sibert's Drug Store.

FAST TRAIN WRECKED. Train Wreckers Removed Fish Plates and Ditched Pennsylvania Limited. Pittsburg, Pa., March 22.—Train wreckers near Stewart station today sent the New York and Chicago Limited into a ditch, injuring many of the passengers and crew. The train was going 35 miles an hour when it hit the bad rail. No motive has been suggested. Mayor Tom Johnson, of Cleveland, was slightly bruised. One car was burned.

An investigation has been ordered. Railroad detectives are searching for the vandals or degenerates who are believed to have removed the fish plates from a rail and wrecked the Pennsylvania's Chicago-New York Limited today, injuring 16 persons. An official said that he was convinced the wreck was the work of vandals who hoped to loot the wreck during the excitement.

\*To remove a cough you must get at the cold which causes the cough. There is nothing so good for this as Kennedy's Laxative Cough Syrup. The liquid cold relief that is most quickly effective, that stills and quiets the cough and drives out the cold. Sold by all druggists.

MASSACRE OF JEWS.

The Peasants are Blood Mad and are Perpetrating Horrible Outrages. Bucharest, Roumania, March 22.—

The programme in Roumania is assuming most serious proportions. The aroused peasants are now blood mad and every Jew who offers the slightest resistance is instantly killed. Many horrible outrages against women have been perpetrated. The Jews are putting crosses in their windows to save themselves.

The local authorities have lost the power to control the situation. Absentee landlordism and the subletting of land in great tracts to rich farmers are directly responsible for the trouble. They leased it to Christians who sublet it to the peasants. The peasants have been convinced that the land would be cheaper if the Jews were driven out.

THE WORST IS OVER.

The Peasant Revolt and Massacre of Jews Being Suppressed. Bucharest, Roumania, March 23.—

—Reports this afternoon from the disturbed districts of Roumania are more hopeful. They indicate that General Tell, commander of the pogrom area, is getting situation under control. Soldiers are being rushed to General Tell's assistance. The Jews against whom the peasants' attack was directed are recovering from their panic. An announcement by the government says it believes the worst is over.

Chamberlain's Cough Remedy is Both Agreeable and Effective.

\*Chamberlain's Cough Remedy has no superior for coughs, colds and croup, and the fact that it is pleasant to take and contains nothing in any way injurious has made it a favorite with mothers. Mr. W. S. Pelham, a merchant of Kirksville, Iowa, says: "For more than twenty years Chamberlain's Cough Remedy has been my leading remedy for all throat troubles. It is especially successful in cases of croup. Children like it and my customers who have used it will not take any other." For sale by DeLorme's Pharmacy.

A NEW USE FOR CRIMINALS.

Baltimore Doctor Would Use Them as Germ Culture Mediums.

Baltimore, March 19.—Dr. J. H. Burton Stevenson, a well known experimenter with antitoxins and an ex-president of the Baltimore County Medical association, after declaring today that there should be only two unpreventable causes of death, namely, old age and accident, declared that all germ diseases are curable by antitoxins, and suggested that convicted criminals should be used as antitoxin factories, if they were willing. Continuing, Dr. Stevenson said: "Antitoxins should be produced from human beings and not from animals, and this should be brought about by utilizing the criminals in our State prisons. A law making punishment for certain crimes optional with the convicted—either imprisonment or inoculation with certain disease germs—would solve the problem for all time."

"With the work in the hands of experienced men, a human-produced antitoxin could be furnished which would supply the medical profession for all, or nearly all, the diseases known to be due to germs. It would not be dangerous to the subjects, either. If this suggestion is too radical for adoption in the present state of public opinion, much good can still be done if the State and national governments will co-operate with the medical profession in the work of investigations and manufacture. Antitoxins produced by corporations are put at so high a figure that they are beyond the reach of the poor."

Saved Her Son's Life. \*The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice, I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by Sibert's Drug Store. 50c and \$1. Trial bottle free.

THE UNWRITTEN LAW. A New Application for a Very Old Principle. Baltimore, Md., March 25.—A trial probably having the unwritten law as the ultimate appeal, but with women as principals, began today in the criminal court when Mrs. Josephine Kelley, a pretty young woman, appeared to answer to the charge of killing her sister, Miss Ida Gaff, aged nineteen, last November.

In a statement following the shooting, Mrs. Kelley explained that she found her sister with her husband in his restaurant. Mrs. Kelley had warned her sister to keep away from her husband, Frank P. Kelley, but Miss Gaff declared she loved him and would get Kelley away from her. United States Senator William Pinkney White and Congressman Harry B. Wolfe are defending Mrs. Kelley.

Wall Street Depressed. New York, March 25.—Wall street suffered another depression today, many stocks going five points off. Brokers representing foreign holders of securities are selling. There was a slight rally about noon.

SELIGMAN VISITS ROOSEVELT.

A Prominent New York Banker Called to Washington.

Washington, March 20.—Isaac N. Seligman, the New York banker, had a conference with the president today lasting half an hour. When he left the president's office he said he had been sent for by the president and that the general financial situation had been discussed at length.

Mr. Seligman said the president does not believe he can do anything to relieve the railroad situation, if it needs relieving. All he can do is to enforce laws now on the statute books. The president said he was not responsible for the action of the various State legislatures.

He is quoted as declaring, "I do not believe the money market needs any further relief. Mr. Cortelyou seems to have the situation well in hand."

MRS. OSLER DEAD AT 100.

Mother of Dr. William Osler Was a Pioneer in Canada.

Toronto, Ontario, March 18.—The death of Mrs. Featherstone G. Osler this afternoon in her 101st year, removes a remarkable pioneer woman. Mrs. Osler was born in Cornwall, England, when George III was on the throne. She came to Canada in 1838 with her late husband, who was a missionary of the Anglican church. Mr. Osler died in 1895.

Mrs. Osler celebrated her one hundredth birthday on Dec. 14 with her sons, E. B. Osler, M. P., Judge Osler, and Dr. William Osler, Regius Professor of Medicine, at Oxford, and a daughter, Mrs. Gwyne. Up to that time she had been perfectly well. After that her health broke. She always lived simply.

She had 30 grandchildren, most of whom lived in Toronto. The smaller ones, up to a few days ago, had a daily romp about the old lady's chair.

Given Up To Die.

\*B. Spiegel, 1204 N. Virginia Street, Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Why not let it help you? Sibert's Drug Store.

A PERFECT COUNTERFEIT.

The "Monroe Hundred" the Best Ever Made.

There is one lost art among criminals, one trade which United States secret service men have seemingly wiped out, to the very last man. This is the art of counterfeiting currency. Kansas City bank officials say that for eight years not one spurious bank note worthy of passing comment has been handled in the money world, says the Kansas City Star. They declare that the day of the successful counterfeiter has come to an end.

"Not a bank note which fools the experts is on the market," said E. F. Swinney, president of the First National bank. "There is counterfeit currency, plenty of it," he said, "but it's a kind detected almost at a glance. Inspection of it quickly reveals the flaws. Usually the work is clumsy. But not since the notorious gang in Philadelphia which made the famous 'Monroe hundred' was wiped out has there been a really clever counterfeiter at work. At least we have no record of any."

"The 'Monroe hundred' was a \$100 silver certificate with the face of President Monroe stamped upon it. It was of a series of 1891, check letter D. Tillman register, Morgan treasurer. It was an absolutely perfect counterfeit. Experts in the treasury department were fooled by it. The notes became so numerous and were accepted so extensively that the government called in the entire issue of the bill, amounting to several million dollars. Even now, a Monroe hundred is occasionally picked up and it is almost impossible to tell whether it is genuine or not."

"The only difference between the genuine bill and the counterfeit was in the shape of the figures 3 and 4 and the length of the bill. In the figure 3 the lower loop did not extend up so far toward the center of the figure as it should have extended. In the figure 4 the space between the base and the center cross line was narrower than it was in the genuine."

"The gang which made the Monroe hundred was arrested in Philadelphia in 1899. The plates which printed the bills were recovered and the counterfeiters sentenced to long terms in prison."

"In 1897 I had a stomach disease. Some physicians said dyspepsia, some consumption. One said I would not live until spring. For four years I existed on boiled milk, soda biscuits, and doctors' prescriptions. I could not digest anything I ate; then I picked up one of your almanacs and it happened to be my life-saver. I bought a 50c bottle of Kodol and the benefit I received from that bottle all the gold in Georgia could not buy. In two months I went back to my work, as a machinist, and in three months I was well and hearty. May you live long and prosper."—C. N. Cornell, Roding, Ga., 1906. The above is only a sample of the great good that is daily done everywhere by Kodol, for dyspepsia. It is sold here by druggists.

Treasures Found in Our American Forests.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers of this and other countries. Even the untamed Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce, of Buffalo, N. Y., believes that our American forests abound in medicinal roots for the cure of most obstinate and fatal diseases. If we would properly investigate them, and, in confirmation of this conviction, he points with pride to the most marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action.

The reason why "Golden Medical Discovery" cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

To aid in healing old sores, or ulcers, apply Dr. Pierce's All-Healing Salve to them while taking the "Golden Medical Discovery" to purify and enrich the blood.

Dr. Pierce's All-Healing Salve is cleansing and pain relieving. It destroys the bad odors arising from suppurating, or running, sores and puts them in the best possible condition for healing.

The "All-Healing Salve" is a superior dressing for all open, running, or suppurating, Sores or Ulcers. For healing open wounds, cuts and scratches it is unsurpassed.

If your medicine dealer does not have the "All-Healing Salve" in stock mail 50 cents in postage stamps to Dr. R. V. Pierce, Buffalo, N. Y., and you will receive it by return post.

In treating all open sores, or ulcers, boils, carbuncles and other swellings, it is important that Dr. Pierce's Golden Medical Discovery be taken persistently to purify the blood and thereby remove the cause of the trouble. It is in the blood that the great battle of health has to be fought. The ulcer and the sore are simply the scarlet flowers of disease, with roots running down into the blood. These roots must be eradicated or the disease will break out afresh. "Golden Medical Discovery" cleanses the blood of all foul and poisonous accumulations, pushes out the dead and waste matter, and thus purifies the entire life current. Disease in the flesh must die out when it is no longer fed by foul blood. "Golden Medical Discovery" effectively cures disease in the flesh by curing its cause in the blood.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of catarrhal pelvic drains, painful periods, irregularities, prolapsus

and other displacements caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines and physicians had failed.

Nursing mothers and over-burdened women in all stations of life, whose vigor and vitality may have been undermined and broken-down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating, restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers too will find it a priceless boon to prepare the system for baby's coming and rendering the ordeal comparatively painless. It can do no harm in any state, or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, backache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, gnawing or distressed sensation in stomach, dizzy or faint spells, see imaginary specks or spots floating before eyes, have disagreeable pelvic catarrhal drain, prolapsus, anteversion or retroversion or other displacements of womanly organs, from weakness of parts, will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully, and fairly persistently, Dr. Pierce's Favorite Prescription.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

Drugs and Medicines. Do You Enjoy What You Eat?

You can eat whatever and whenever you like if you take Kodol. By the use of this remedy disordered digestion and diseased stomachs are so completely restored to health, and the full performance of their functions naturally, that such foods as would tie one into a double-bow-knot are eaten without even a "rumbling" and with a positive pleasure and enjoyment. And what is more—these foods are assimilated and transformed into the kind of nutriment that is appropriated by the blood and tissues.

Kodol is the only digestant or combination of digestants that will digest all classes of food. In addition to this fact, it contains, in assimilative form, the greatest known tonic and reconstructive properties.

Kodol cures indigestion, dyspepsia and all disorders arising therefrom. Kodol Digests What You Eat. Makes the Stomach Sweet.

Bottles only. Regular size, \$1.00, holding 2 1/2 times the trial size, which sells for 50 cents. Prepared by E. C. DeWitt & Co., Chicago, Ill. For Sale by all Druggists.
