

TELEGRAPH STRIKE OVER.

Companies and Employes Adjust Differences—Committee of Arbitration Will be Named to Pass Upon the Grievances of the Men.

New York, July 19.—Col. Robert C. Clowry, president and general manager of the Western Union Telegraph company, this afternoon issued the following:

"The differences between the Western Union Telegraph company and its former employes at San Francisco and Oakland have been settled. On June 21 a portion of the Western Union operators at San Francisco and Oakland quit work without notice. About one-third of the forces remained on duty and 11 of those who quit were reinstated on their individual applications at their former compensation. Additions were promptly made to the force from other offices and except for a short period the traffic of the company has been moved promptly. The company will reemploy all reliable and efficient operators who left the service on their individual applications and the salaries paid when they quit work."

Mr. Adams' Statement.
C. C. Adams, a vice president of the Postal Telegraph-Cable company, tonight gave out the following:

"Edward J. Nally, vice president and general manager of the Postal Telegraph-Cable company, has just received word from L. W. Stores, general superintendent, San Francisco, that at a meeting held in San Francisco this afternoon the striking operators voted 103 to 4, practically unanimously, to return to work, they having been notified that the terms upon which they returned would be that they make individual application for reemployment, and all who were not objectionable to the local management would be reemployed, with the distinct understanding that the same conditions existing prior to their walk-out should govern their reemployment and faithful service and discontinue all agitation and interference with the company's business."

Telegraphers Accept Terms.

Oakland, Cal., July 19.—At a meeting in Oakland today the telegraphers' union voted unanimously to accept the terms of settlement proposed by the Western Union and Postal Telegraph companies. According to the terms of the compromise, the telegraphers will return to work and then both telegraph companies will receive a committee of arbitration to discuss and settle matters affecting the telegraphers.

What President Small Says.

Chicago, July 19.—The following message was received tonight from President Small by Secretary Russell of the Commercial Telegraphers union:

"The vote to accept was 103 to 4. All strikers to be reemployed and the question of increased wages to be taken up after resumption of work. All future grievances to be arbitrated. I advise all locals that settlement entirely satisfactory to us and to me personally, and I urge that all strike talk be stopped. As soon as I can return east I will issue statement to membership. We should rejoice at the fact that we are in a position to force an adjustment of grievances and not to forget our duty to our employers and the public now that the trouble is satisfactorily settled."

"I'll stop your pain free. To show you first—before you spend a penny—what my Pink Pain Tablets can do, I will mail you free, a trial package of them—Dr. Shoop's Headache Tablets. Neuralgia, headache, toothache, period pains, etc., are due alone to blood congestion. Dr. Shoop's Headache Tablets simply kill pain by coaxing away the unnatural blood pressure. That is all. Address Dr. Shoop, Racine, Wis. Sold by Sibert's Drug Store."

Rev. David M. Sweets, of Shelbyville, Ky., has been elected president of the Presbyterian College at Clinton.

G. B. Burhans Testifies After 4 Years

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently entirely cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."

Solicitor J. M. Spears, of Darlington, says he will be a candidate for re-election and has no idea of running for congress, as reported.

"When there is the slightest indication of indigestion, heart burn, flatulence or any form of stomach trouble take a little Kodol occasionally and you will be afforded prompt relief. Kodol is a compound of vegetable acids and contains the juices found in a healthy stomach. Kodol digests what you eat, makes your food do you good. Sold by all druggists."

Joe Davis was fatally shot in a Florence negro restaurant Monday night by Pope McKee. McKee was badly cut with a razor by Davis.

A Happy Man

Is Amos F. King, of Port Byron, N. Y., (85 years of age); since a sore on his leg, which had troubled him the greater part of his life, has been entirely healed by Bucklen's Arnica Salve, the world's great healer of sores, burns, cuts, wounds and piles. Guaranteed by Sibert's Drug Store. Price 25c.

THE MEMORY OF CALHOUN.

Some Thoughts to be Suggested by South Carolina's Statue at Washington.

The New York Mail graciously admits that the State of South Carolina has the right to set up a statue of John C. Calhoun in Statuary Hall at Washington. Just so, and we might add that it is really no one's business but South Carolina's. And we might go still further and say that no State will be more creditably represented than South Carolina will by having Calhoun in the hall. Of the great triumvirate—Calhoun, Clay and Webster—more than one northern writer of sound judgment has placed Calhoun at the head in all that tends to make a great man and a great statesman. Referring to the proposed action, the Mail says:

"Calhoun's effigy will stand in Statuary Hall very much as Cleopatra's Needle stands in Central Park. The obelisk, there, is a token and memorial of the fact that power and glory have departed from Egypt. The statue of Calhoun, at the Capitol, will be the costliest, perhaps the finest, of his monuments and it will grace the seat and scene of the federal power which the South Carolina statesman so profoundly suspected."

The inference is not exactly just or fair. Carried to its obvious conclusion it would mean that the theory of government for which Calhoun stood had departed from the American people, just as the glory has departed from Egypt, but this is not true, although we admit that the tendency of the present administration is towards making it true, if possible. Calhoun was neither a secessionist nor a disunionist. He loved the Union as devoutly as did either of his great colleagues, but the union he loved was the union as the founders of the republic understood it, and not a union which would make the federal government supreme.

It is easy and proper to admit that his plan of guarding the rights of the State by nullifying the acts of congress was wholly untenable, and we suppose no sound statesman would now stand for that doctrine, or advocate resorting to it, for it was—or would have been, if carried out—more destructive of the Union of the States than secession. If one State could nullify or set aside an act of congress for any given reason any other State could nullify another law for any other reason, and the result must have been anarchy or chaos. His theory of a dual government was no sounder or safer. In short, some of the doctrines so ably and strenuously held by the great South Carolinian cannot be defended or palliated and no one now upholds them.

But we should bear in mind that these theories for which Calhoun labored with the powers of his great mind were based on his intense devotion to the south and to the rights of the States which he believed to be endangered. Some of the acts of congress and the administration would in his judgment, lead to dangerous and unrepresentative centralization of power and ultimately change our form of government. Earnest, honest and fearless in advocacy of what he believed to be right, as we know him to have been, we may yet admit that the successful succession would have done. For all that, all his aberrations, if we may so term them, were founded on devotion to the reserved rights of the States, and we do not admit that this doctrine is dead as the glory of Egypt. And, by the way, we wonder what Calhoun would think and say of federal encroachments and centralization now? He would be ready to admit that what happened in his own time and gave him so much concern was really insignificant when compared to later happenings and tendencies.

By all means South Carolina should honor John C. Calhoun.—Montgomery Advertiser.

THE POWDER TRUST.

Federal Government Will Bring Suit for Dissolution of the Combine.

Washington, July 20.—A suit for the dissolution of the so-called powder trust will be begun by the government at Wilmington, Del., before the end of next week. Besides asking for an injunction restraining the defendants from further engaging in interstate traffic the circuit court will be petitioned to appoint a receiver for the Eastern Dynamite Company, E. J. DuPont-Nemours Powder Company and the Laflan and Rand Powder Company. The action is directed against 26 companies and 20 persons, including the DuPonts named as defendants. The attorney general must pass on the bill and soon as it gets his O. K. it will be filed.

"A cleansing, clean, cooling, soothing, healing household remedy is DeWitt's Carbolic Witch Hazel Salve. For burns, cuts, scratches, bruises, insect bites and sore feet it is unequalled. Good for piles. Beware of imitations. Get DeWitt's. It is the best. Sold by all druggists."

Gov. Ansel has appointed the following delegates to attend the convention of the National Prison association, which will be held in Chicago September 14: J. O. Wingo, Campobello; D. B. Purifoy, Walterboro; J. M. Smith, Smoak's; A. K. Sanders, Sumter; J. G. Mobley, Winnsboro.

Take the Postmaster's Word for It.

"Mr. F. M. Hamilton, postmaster at Cherryvale, Ind., keeps also a stock of general merchandise and patent medicines. He says: 'Chamberlain's Colic, Cholera and Diarrhoea Remedy is standard here in its line. It never fails to give satisfaction and we could hardly afford to be without it.' For sale by DeLorme's Pharmacy."

SOUTHERN ROAD FINED.

Assessed \$30,000 for Violation of New Rate Law—Agents Gets Off With a Fine of \$5.

Raleigh, N. C., July 19.—The Southern Railway was today fined \$30,000 and Thomas E. Green, ticket agent of the company, was fined \$5 in the State court here for selling railroad tickets at a rate in excess of that provided by the recent State law for a uniform rate of 2 1-4 cents a mile in North Carolina. The court required Green to promise not to sell tickets at the illegal rate. Green made the promise and paid the fine.

In the case against T. E. Green, Judge Long's sentence was \$10 and a promise from Green not to again defy the law by selling tickets at an excess rate. Green was given half an hour for consideration and came into court and agreed to pay the fine and give the promise, whereupon the fine was reduced to \$5, which Green paid.

The morning session was taken up by argument of counsel, followed by the charge to the jury. In imposing sentence on the Southern railway, Judge Long declared emphatically that jurisdiction in criminal cases in this State is exclusively with the State courts. He informed the Southern railway counsel that if the railway would obey the act of the legislature and put the rate law into effect until finally passed upon by the proper tribunal that the State would hold up its cases. He directed that execution be issued against agents of the Southern railway of the fine of \$30,000 imposed and that the papers be placed in the hands of the sheriff for execution. The court then adjourned.

There are cases on the docket here against agents of the Southern railway at Auburn, Garner, Cary and Mooresville, similar to the Green case. These go over to the next term.

It is understood that cases will be brought in every county in North Carolina in which the Southern railway sells tickets.

WRECKED AT WATERLOO.

Charleston and Western Carolina Train Derailed—Twelve People Injured.

Greenwood, July 19.—Charleston & Western Carolina train No. 2, Capt. Henry Stewart, conductor, due here at 2:50 p. m., was wrecked this afternoon a mile and a half north of Waterloo, a small station 17 miles north of here, the whole train, except the engine, being turned over. The wreck was caused by the front trucks of the tender running off, tearing up the track for a considerable distance. No one killed, and out of total of 50 passengers only 12 were slightly injured, the injuries consisting of bruises.

The bruised were brought here this afternoon at 7 o'clock on a special, consisting of caboose and engine. The train was running about 35 miles an hour when the wreck occurred, and it is a miracle that no one was killed.

THE WAY OUT.

The Army Scandal Stirred Up By Col. Ayers Wife Settled by Retirement of the Colonel.

New York, July 20.—Col. Charles D. Ayers, U. S. A., who was brought into prominence by his wife's exclusion from West Point and the colonel's subsequent statement, was today declared incapacitated for service, as a result of Bright's disease, brought on by overwork and exposure. The report was made by medical members of the retiring board, which is now inquiring into the mental and physical condition of Col. Ayers.

Quick Relief for Asthma Sufferers.
"Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure. Sibert's Drug Store."

A REIGN OF TERROR.

New York Streets Not Safe for Women and Children.

New York, July 20.—The reign of terror here for women and children continued today unabated with three more assaults reported. Police Commissioner Bigham admits that the streets are no longer for women and children.

Mrs. Annie Krupke was attacked while sleeping in the park with her children. She went there to escape heat and was beaten, probably fatally. Mary Riley, aged twelve, was lured into a cellar and attacked. Mary Tussie was attacked in her home, but was saved by her mother.

Michael Gargone, who was arrested, charged with several crimes, narrowly escaped lynching. The police were forced to fight to protect him. Gargone, fearing the crowd, tried to commit suicide.

Constipation.
"For constipation there is nothing quite so nice as Chamberlain's Stomach and Liver Tablets. They always produce a pleasant movement of the bowels without any disagreeable effect. Price 25 cents. Samples free. DeLorme's Pharmacy."

The Daughters of the American Revolution are making efforts to erect a monument to Gen. Pickens and his men. The monument will be erected at Clemson.

THREW HER CHILD FROM TRAIN

Mother of Colored Infant Found at Bamberg Located.

Bamberg, S. C., July 17.—The mother of the colored child that was found near the Southern Railway track near here last Saturday morning has been located in Augusta, Ga. Her name is said to be Lula Gaines, and she has been arrested and will be taken to New York on a charge of forgery. It is said she has confessed that she threw her child from the car window as she was passing through Bamberg Friday night. An attempt has been made to get the child from Commanus Lee, who found it, and restore it to its mother, but he and his wife refuse to give it up, and say they will not part with it unless forced to do so by legal procedure.

It is rather remarkable that the child was not injured by its fall from the car window, and its tumble down an embankment about ten feet high.

Best Medicine in the World for Colic and Diarrhoea.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skirum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of the 25c. size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." For sale by DeLorme's Pharmacy.

AN AMERICAN EXECUTED.

Plutarch Bowen Kidnapped in Mexico, Carried to Guatemala and Shot.

Mexico City, July 20.—Plutarch Bowen, said to be an American, has been kidnapped from Mexican soil by Guatemalan troops and shot, according to a dispatch received today from Tapachula, Mexico. Bowen was accused of treason against the administration of President Cabrera, of Guatemala. Bowen's executors declare that he was a native of Guatemala.

"Do you really enjoy what you eat? Does your food taste good? Do you feel hungry and want more? Or do you have a heavy, dull feeling after meals, sour stomach, belching, gas on the stomach, bad breath, indigestion and dyspepsia? If so, you should take a little Kodol after each meal. Kodol will nourish and strengthen your digestive organs and furnish the natural digestive juices for your stomach. I will make you well. It will make your food do you good. Turn your food into good, rich blood. Kodol digests what you eat. Sold by all druggists."

A DEADLY EXCURSION.

Thirty or More People Killed in a Railroad Wreck in Michigan.

Detroit, Mich., July 20.—Thirty to forty persons are reported to have been killed in a collision between a Pere Marquette special excursion train from Ionia to Detroit and a freight at Sailem, Michigan, at 10 o'clock this morning. Dispatches received here say that thirty bodies have already been taken from the wreck.

Relief Sent Before Wreck.

Detroit, July 20.—It develops this afternoon that the wrecking and relief trains were made up at union depot yards here and dispatched for the scene several minutes before the collision actually occurred. The officials seeing that a wreck was inevitable called the surgeons, nurses and wrecking crew and sent them out without waiting to hear that the collision had occurred.

Details of Accident.

Detroit, Mich., July 20.—An official dispatch to the Pere Marquette officials places the dead at 22 and the injured at 65, with more still in the wreck. Doctors from the cities within a few hours ride have been sent to Sailem to attend the injured. The chief surgeon of the Pere Marquette has been ordered to the scene of the wreck with a special train and will leave here as soon as possible.

It is known that the excursion train was crowded, but no intimation of how the accident occurred has been received here. Of the 65 injured at least a score will probably die. The 22 given in the official report of the number of dead are recovered bodies, while it is unknown how many more are in the wreck. Of the 12 excursion cars seven were crushed, and both engines and three freight cars are burned in the ruins.
