

KILLED IN WAYNESVILLE.

W. W. Carter Shot to Death by Theodore Davis at Skating Rink.

The following account of the killing of W. W. Carter is taken from a Waynesville, N. C., newspaper of the 6th instant. Carter, the man killed, spent several months in this city last winter, running a photographic mess and electric theatre in partnership with a man named Winter.

Waynesville was shocked last night and this morning to learn of the fearful tragedy that was enacted about 9 o'clock yesterday evening at the skating rink on Main street. Mr. W. W. Carter, late of Hendersonville, but for the past two or three months of Waynesville, was shot down by Mr. Theodore Davis, of this town. The ball entered the breast, passing through the heart, it is thought, and producing death in about three minutes after it was fired. The facts in the case, so far as we have learned them at this writing, are about as follows:

Messrs. Theodore Davis and Clement Satterthwait, two young men well known in this community, and whose family connections are large and influential, went to the skating rink about 9 o'clock and asked admission of Mr. Carter, who was keeping the door. Mr. Carter told them to get tickets, but instead of doing so Satterthwait pushed by Carter and went in. Carter grabbed him and pulled him out of the room upon the platform, where several licks were passed in a scuffle between Carter and Satterthwait.

At that moment, it is alleged, Davis intervened between the two men and was struck by Carter. Whereupon Davis drew his pistol and fired from the platform at Carter, who was at that time standing upon the ground. He instantly fell and was dead in three minutes' time.

At the time of the tragedy the lights were out in the rink, as the moving pictures were being shown. The pistol shot, however, rang out, and there was intense excitement within. Deputy Sheriff Watson was upon the spot in an instant, as he was in the rink at the time, and arrested Davis, who held the smoking revolver in his hand. Davis, it is alleged, admitted the shooting and said he would shoot him again. He was, however, taken into custody by Mr. Watson and carried to jail, where he remained last night.

It is stated that very few people saw the tragedy. It was, as before related, quickly over with, and even those who saw will not or cannot tell much about it. The lights had been extinguished on the inside for the exhibition of the moving pictures, and the tragedy occurred at the door just on the outside.

JAIL FOR REBATERS.

Attorney General Bonaparte Favors Putting Big Men in Jail.

Washington, Aug. 7.—There is no longer any doubt in the minds of officials here, according to reliable information received today, that the federal grand jury assembling at Chicago on August 14th will inquire particularly into E. H. Harriman's management of the Chicago & Alton railroad at the time it is charged it granted rebates to oil trusts. The belief is growing in official circles here that the criminal prosecution of Harriman, Rockefeller and other high railroad and oil officials will follow as the result of the Chicago revelations. It is known that Attorney General Bonaparte favors putting the big men in jail, as the best way to stop rebating.

CAPT. T. S. DOAR.

Resolutions Adopted by Sumter Light Infantry.

Whereas, Capt. T. S. Doar having resigned command of the Sumter Light Infantry, therefore be it resolved:

1. That while the officers and members deeply regret his retirement from active service, they wish him every success in his future fields of labor.
2. That in appreciation of his ability, diligence and attention to the duties of his office while in command, we make him an honorary member.
3. That a copy of these resolutions be presented to Capt. Doar, that they be spread upon the minutes of the company and printed in the city papers.

CLEAN SWEEP IN CUBA.

Gov. Magoon May Turn Out All Provincial Governors and Give Outs a Turn.

Yavana, Aug. 7.—It is reported that Governor General Magoon is considering retiring all provincial governors and councils to make places for the clamorous Liberal politicians, who are demanding government jobs. It is said this action will be in conformity with a promise Secretary Taft made to the rebels when they laid down their arms.

BISHOP CAPERS IMPROVING.

News From Asheville of Most Encouraging Nature—Hope From the Family.

According to the Asheville Citizen Bishop Capers has improved greatly in the past few days and there are hopes for his recovery. The Citizen says:

"Rev. W. T. Capers has returned from a visit to his father, Bishop Capers, in Transylvania county, and brings encouraging news from the bedside of the stricken bishop. Mr. Capers said this morning that his father was now able to move the fingers and other parts of the side of his body that was paralyzed. The condition of Bishop Capers is now so far improved as to give strong hopes that he will ultimately regain the use of his body and be restored to complete health."

REV. GUERRY'S CONSECRATION.

The Ceremony to Take Place at Columbia—Bishop Gallor to Preach.

Columbia, Aug. 10.—A letter received today from Bishop Coadjutor-elect William A. Guerry settles the doubt as to where his consecration will take place.

He says that by direction of Bishop Capers and the standing committee, the ceremony will be held in Trinity Church, Columbia, the time has not yet been set, this detail awaiting the formal action of the standing committee of other dioceses in endorsing his election.

Bishop Gallor, of Tennessee, will preach the consecration sermon and five other bishops will assist in conducting the services.

There will be a great gathering of leading Episcopalians from all over the State, principally from Charleston, on the occasion of the consecration ceremony, which is being looked forward to with great interest here.

FIRST BOLL OF SEASON.

Picked on the Farm of a Negro in Bamberg County.

Bamberg, Aug. 6.—The first cotton boll of the season was picked here yesterday in a cotton field near town. Mr. Fred Free found the boll in a field belong in to a negro named Brealand. The boll was well formed and opened wide. Reports from the lower part of the county state that cotton bolls are bursting rapidly, and that a bale of cotton will be marketed in a week or two.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Siberts' Drug Store.

TILLMAN BATS FORAKER.

Challenges Him to a Debate on the Negro Question.

A dispatch from Coshocton, Ohio, on Friday, says: Senator Ben Tillman, opening the Coshocton Chautauqua today before 2,000 people, replied to Senator Foraker's Belle Fontaine speech, and formally challenged him to a debate on the negro question.

"And before an audience composed entirely of Republicans," Tillman said, "I'll beat him on his own proposition and make the Republicans of the north admit that the south has the best of the argument all the way through. I have put the pitchfork into Foraker and other senators of the north, and turned it round and round, but they always answer me at long range. I'll force them yet to take up this question on the floor of the senate."

Tillman denied that the south brought the fifteenth amendment on itself, as Foraker charged, and branded it purely political greed, and not at all necessary. He declared the legal aspect of the case was in favor of the south, but that politics was all that kept the north on the negro's side.

"Senator Foraker and the others in the north dare not go against the negro. If they do they will be voted out of office, for the negroes hold the balance of power in Ohio, Indiana, Iowa, New York, Kansas and Delaware," he said.

Tillman said he agreed with Foraker on the Brownville affair, and admired him as an adroit statesman.

Endorsed by the County.

"The most popular remedy in Otsogo county, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otsogo Journal, Gilbertsville, N. Y., is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for Lung and Throat diseases. Guaranteed to never disappoint the taker, by Siberts Drug Store. Price 50c and 1.00. Trial bottle free.

RAILROAD COMMISSION MEETS.

Coast Line Manager Asks for Conference.

Columbia, Aug. 6.—The railroad commission today received from Mr. J. R. Kenly, vice president and general manager of the Atlantic Coast Line, a telegram asking for a conference with the commission some day next week in regard to the questions raised by Judge Dantzler's decision setting aside the commission's rule in regard to demurrage. The commission replied that it would be unable to set a date next week for the conference, but that either the 20th or 21st of this month would suit, the conference to be held in the office of the commission at Columbia.

It will be recalled that on the 26th of last month the commission addressed to Mr. Kenly a letter asking if it was to be understood, by the position taken in the Cross case, that the Atlantic Coast Line does not intend to observe the rules of the commission, and Mr. Kenly's telegram refers to this matter. It is likely that an amicable understanding will be reached.

PROHIBITION BILL SIGNED.

Gov. Smith Affixes Signature in Presence of a Large Crowd.

Atlanta, Aug. 6.—A large crowd of enthusiastic prohibitionists today watched Gov. Hoke Smith attach his official signature to the prohibition bill. The new law is effective Jan. 1, 1908.

AFTER THE CLUBS.

\$10,000 Tax on All Clubs Which Keep Liquor in Lockers.

Atlanta, Ga., Aug. 6.—Representative Sheffield, of Decatur, will offer in the house tomorrow an amendment to the general tax act putting a prohibitory tax of \$10,000 on all clubs not open to the general public which permit intoxicants to be kept in lockers for the use of members or on the premises for any use whatsoever. The amendment was drafted and sent to the clerk's desk this afternoon, but the house adjourned before it could be read. Under the State prohibition bill, while clubs cannot sell liquors, there is nothing to prevent members from keeping them in lockers or in private ice boxes. Mr. Sheffield, who was one of the most rampant of the prohibitionists, has it in for the clubs. A lively fight on the amendment is anticipated.

Ready to Start.

New York, Aug. 7.—Commander Robert E. Peary arrived here today ready for his dash for the north pole as soon as his ship, the Roosevelt, is ready. Peary talked confidently, saying the late start will be no hindrance. He says he will reach the pole this time if it takes three years.

Remedy for Diarrhoea—Never Known to Fail.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I cannot say too much for the best remedy of the kind in the world." —S. Jamison, Spring Grove, York county, Pa. This remedy is for sale by DeLorme's Pharmacy.

DARROW DISMISSED.

Haywood's Chief Counsel Discharged by Federation of Miners.

Denver, Aug. 7.—Clarence S. Darrow, Wm. D. Haywood's leading counsel in the Boise trial, has been dismissed from the service of the Western Federation of Miners. It is said here today he will not appear for Pettibone or Moyer. E. F. Richardson taking the chief counselship. This change in counsel is the result of Richardson's disagreement with Darrow.

Eczema.

"For the good of those suffering with eczema or other such trouble, I wish to say, my wife had something of that kind and after using the doctor's remedies for some time concluded to try Chamberlain's Salve, and it proved to be better than anything she had tried. For sale by DeLorme's Pharmacy."

GERMAN RAILWAY WRECK.

Express and Freight Trains Collide—Fifty Casualties Reported.

Berlin, Aug. 7.—An express train bound to Berlin from Hamburg collided with a freight today at Sumpfen, being smashed into kindling wood, with fifty casualties resulting. Details are lacking, but it is known that several Americans and Englishmen were in the wreck.

Twenty Bodies Found.

Berlin, Aug. 7.—The latest advices from the scene of the wreck state that twenty bodies have already been taken from the wreckage, and the workers have not half cleaned away the debris.

"Keep the pores open and the skin clean when you have a cut, burn, bruise or scratch. DeWitt's Carbolic Witch Hazel Salve penetrates the pores and heals quickly. Sold by all druggists."

DASTARDLY CRIME IN ASHEVILLE.

Fiend Enters Home and Gives Chloroform to Asheville Girl—Tracked by Bloodhounds.

Asheville, N. C., Aug. 11.—When the family of Mr. J. A. Wild, living on Hill Street, awoke this morning, it was discovered that some fiend had entered the house during the night, administered chloroform to Mr. Wild's daughter and attempted to set fire to the bed on which she slept. Nothing of value was taken from the house, except a watch belonging to Henry Wild, a son.

The family did not retire until after midnight, and when Mr. Wild awoke this morning he found the doors of his house open and the place strongly filled with the odor of chloroform. Upon going to the room of his daughter he found her in a deep sleep and had much difficulty in arousing her. On the bed was a small bundle of rags thickly saturated with chloroform, while her clothing and hair smelt strongly of the deadly drug. A large number of half burnt matches were strewn on the bed in which she slept and the bedding was scorched in a number of places.

A bloodhound was taken to the scene of the attempted crime and apparently found a strong scent, which led the officers through a nearby cornfield, where a watch fob was picked up, which had been attached to the watch stolen from Henry Wild, which indicated that the miscreant had passed that way. The trail was later lost, owing to many people having crossed and recrossed it, thus interfering with the dog.

No further clue has been discovered, although the search still continues. Should the miscreant be discovered, his life may pay the penalty for his daring crime.—The State.

The Limit of Life.

"The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by Siberts Drug Store, 50c."

Lewis Gray while in a half drunken condition, attended a colored meeting in Georgetown. He pulled out his pistol and shot at Robert Jackson. The shooting broke up the meeting.

"Everybody Should Know" says C. G. Hays, a prominent business man of Bluff, Mo., that Bucklen's Arnica Salve is the quickest and surest healing salve ever applied to a sore, burn or wound, or to a case of piles. I've used it and know what I'm talking about." Guaranteed by Siberts Drug Store, Druggists, 25c.

BRYAN THE FAVORITE.

Chairman Griggs of Democratic Campaign Committee Says He Can Have the Nomination.

Washington, Aug. 7.—Chairman James K. Griggs, of Georgia, of the Democratic congressional campaign committee said today that Bryan can have the presidential nomination if he wants it.

"The west and south are for the Nebraska," he said, "and even though the east objects the other sections overbalance this opposition."

"Should Bryan decide not to be a candidate the south will probably furnish the nominee. We have excellent men, such as Senator Culberson, of Texas, Senator Daniels, of Virginia, and Representative John Sharpe Williams, of Mississippi."

COMFORTING WORDS.

Many a Sumter Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Sumter readers.

R. M. McCavey, Columbia, S. C., says: "After what Doan's Kidney Pills did for me I could hardly refuse to recommend them. Before I used them my back hurt me all the time and kept me awake at night. I would often get up in the morning as tired as when I went to bed. I had a dull pain across my loins, sometimes so severe that I could not stand up straight. I would go to bed tired all over, fall asleep and awaken in the night with an awful pain in my back. I had no strength and would have to use both hands to help me when shifting my position. The secretions from the kidneys were dark, full of sediment and the irregularity of the passages bothered me a great deal. I used a number of different remedies advertised for such ailments and tried treatments prescribed by physicians as well as liniments, and over-exhausted applications, but nothing did me any good until I got a box of Doan's Kidney Pills and used them. As I have said before they did me so much good that I know they will cure backache."

Plenty more proof like this from Sumter people. Call at A. J. China's drug store and ask what customers report. For sale by all dealers. Price 50 cents. Foster-McBirney Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other. No. 49
