Mr. B. A. Hussey, who lives near the city and who was so unfortunate as to have to be confined in the State Hospital for the Insane, escaped from that institution some days ago and returned home. It is stated that this is the second or third time that Mr. Hussey has escaped and returned home.

The fence of the new Court House grounds on the Main Street side was taken away today and the improvements on the grounds are still going on apace. The cement walks are being laid.
The sales at the dispensary on Saturday were the heaviest so far this fall, the total being \$1,308. The Mayesville dispensary reported a sale of \$1,000, which was an extra heavy business for that town, too.

Read O'Donnell & Co's Millbourne flour advertisement. This flour is too well-known to the housekeepers of Sumter to require any recommendation but their advertisement should be called to the price at which it is now being sold.

Nothing new has developed in the case of Waites Muldrow, colored, in jail and charged with the murder of Warren Smart. The woman witness, Jane Price, has not been located yet, but one of the other material witnesses has been found. There will be no preliminary trial until the necessary witnesses are found.

Mr. Blanding Durant, of the Jordan section, planted some improved cotton seed this year that are netting him some very good returns. He planted four acres, has gathered four 500 weight bales already, and persons who have seen the cotton say the crop is not more than half gathered. 1,260 pounds of seed cotton yielded 424 pounds of lint, or 33.6 per cent.

Saturday was a very quiet day considering the amount of whiskey sold at the dispensary. There was a small audience to face Recorder Hurst this morning and the offenders were only of the lighter nature. One officer said today that it either spoke well for the purchasers of whiskey or badly for the police force. However, it may be said that much of the whiskey sold here on Saturdays goes to outside towns and communities and is used there.

The pain in ma's head has gone, She's as happy as she can be, Her health is right, her temper bright, Since taking Hollister's Rocky Mountain Tea.

MARRIED.

A goodly company of friends and relatives were present to witness the marriage of Mr. H. A. Dollard and Miss Olivia Newman at 4 p. m., Oct. 8th, at the home of the bride's parents on Council street, Rev. F. M. Satterwhite officiating.

INGRAM-LEONARD.

Social Favorite of Dillon Weds While Visiting Exposition.

Dillon, Oct. 2.—A telegram Tuesday morning from Mrs. Isaac C. Ingram to the family in Dillon announcing the marriage in Norfolk, Va., of her daughter Kate to Mr. C. P. Leonard of Washington, D. C. was a great surprise to her many friends, who in wishing for her a pleasant trip to the exposition last Friday little dreamed there was to be any romance connected with it. Miss Ingram during the three years the family has been living here, has deservedly been a great social favorite, and while sincere congratulations and best wishes go with her all here regret the loss her good fortune entails upon them. Mrs. Leonard will return to Dillon with her mother for a short stay before leaving permanently for her future home in Washington.—The State.

Mrs. Leonard was well known in this city, having spent some time here with her uncle, Mr. W. H. Ingram.

Death of Miss Essie Kennedy.

A message received this morning announced the death of Miss Essie Kennedy at Ridgeway last night. Miss Kennedy was the sister of Mrs. S. B. Mitchell, and was well known here, having graduated at the Sumter Training School for Nurses. The news of her death will be a shock to her many friends here. No particulars of her death were given in the message received here. The funeral services will be held at Ridgeway at 11 a. m. tomorrow.

Religious Notice.

There will be religious service at the Baglette Street Baptist Church on Thursday and Friday nights of this week, from 8.15 to 9, conducted by the pastor, and looking to the series of meetings to begin next Monday night.

A cordial invitation is extended to all.

The sewerage commission met last night, but only matters of a routine nature were considered by the commission.

The circus is coming. The Great Hagenbeck and Wallace Shows will exhibit here on Friday, Nov. 1. Mr. Fred Wagner, the agent of the show, was in the city yesterday making the preliminary arrangements for the coming of the circus here.

Photographs of the new high school building have been presented to Superintendent Edmunds by Architect A. W. Todd, of Charleston, and they show what a handsome building the new school will be when completed.

The cool weather this morning caused people to think of winter clothing. Ladies could be seen on the streets with cloaks and wraps on and many men put on vests or buttoned up their coats.

The force of workmen on the sewerage excavations have reached Ricker street, or Ellerbe street, as it is known now, and the work is progressing very satisfactorily. A scarcity of hands has somewhat handicapped the work so far, but it is hoped to secure more help within the next few days.

The American Motor League is forming a South Carolina division and prominent motorists are being selected to serve as the first State board of officers. The following Sumter automobilists have been named among the representatives: Dr. Walter Cheyne, Dr. J. A. Mood and Mr. I. C. Strauss.

Engineer Gibbon, who has charge of the sewerage work here, says that some parties, driving vehicles, have disregarded the fact that certain blocks must be fenced off while the work is going on. Some persons have removed the obstacles placed by the engineer and have driven over the grade stakes, causing extra work for the engineers. Such persons, if apprehended, will probably be prosecuted.

Some strong kicking was heard yesterday from two business men of this city in regard to the placing of show signs on Main street when the signs of merchants and others were prohibited. It was said that the business signs looked as well as the gorgeous show posters and that they represented concerns that meant the life of the city and which were conducted by men who made this city their home and helped to pay the taxes. The street is now decorated with carnival announcements and will probably be dressed with circus signs shortly.

If taken patiently and persistently will relieve the most obstinate cases of indigestion, constipation, bad blood, bad liver, no matter how long standing. That's what Hollister's Rocky Mountain Tea will do. 35 cents, tea or tablets. Sibert's Drug Store.

"Passion Play" Next Week.

The management of the Theatorium has secured a hand colored copy of Pathe's great painting of "The Life of Christ," commonly known as "The Passion Play," which is one of the most beautiful and artistic pictures ever shown in a moving picture machine. The picture cost \$40,000 and is the most realistic picture of the kind ever shown. This picture will be on exhibition all of next week, being shown in three sections, each one running two days. The cost of seeing this picture has been as high as \$1, but the management of the Theatorium will charge only five cents, the regular price at this popular amusement place. Will open at 2.30 every afternoon. 19-9-11

Attention is directed to the advertisement of the Nodick Novelty Company. A sale of goods at less than present cost of staple and fancy dry goods and notions is announced for the purpose of raising money. The goods will be sold at the reduction stated in the advertisement and those who have purchases to make can save practically one-half on every article purchased. It is an opportunity to obtain bargains that will not be equalled this season and the sale will not last many days.

Ladies, be sure and examine my fall stock of hats, before buying; for ladies', misses' and children's French styles in pattern hats for ladies, baby caps, children's caps and bonnets. Up stairs over the Sumter Clothing Co. Yours to please, Miss S. A. Murray. 10-7-11 & w-2t

Letter to Bartow Walsh,

Sumter, S. C.
Dear Sir: There are two sorts of paint: one to sell and make money, the other to paint and save money. Who gets the money? The maker, the seller, the painter.

Where does it come from? The owner, of course; he pays the painter for doing the work, and the dealer for gallons of paint, and he pays the paint manufacturer, gallons again; more gallons all round; for the owner to pay to the paint dealer and paint-manufacturer.

What's the paint that saves money? Gallons again; less gallons, less money for paint, less money for wages; a gallon of paint is \$5 for wages and paint. Less gallons, less money to pay, \$5 a gallon.

Two sorts of paint: less gallons and more; less money and more; \$5 a gallon difference: two to one in gallons and money.

It takes twice as much to paint the average more-gallons paint as to paint Devco. When the people find-out, it may not be quite so easy to sell extravagant paint by calling it "cheap." Yours truly
