LENT.

Forty Day Period to be Observed by Many Churchmen Is a Period of Penance and Fasting For Episco-

On last Wednesday, March 4, known in religious circles Ash Wednesday the time of penance and preparation known as Lent began and the day was observed with fitting and appropriate service in the Episcopal and Catholic churches. Lent continues for a period of forty days and it is observed as a time when the devout abstain from the worldly pleasures. Good Friday falls on April 17th and Easter Sunday on April 19th.

A well known churchman in discursing Lent recently said:

"I find there is a good deal of ignorance you might say, in regard to 000, with \$4,000 insurance. The sacred days in connection with Lent. heard many questions which prove and to be administered by the United that I am right in my assertion. For instance, the observance of Shrove Tuesday and Ash Wednesday. What is really means by shrove, shriven rather, is confeming and is the com-

mencement of time for confersion extending over the period of forty days before Easter.

"In England the day was observed by cock fighting, ball playing, bull bating, and in some countries it is time for pancakes and fritaers, which gave it the name of Pancake Tuesday. The carnival is observed on that day known to be nothing more than the continuation of a heathen

feast observed by Old Romans, which the church unable to eliminate, was forced to preserve in connection with the observance of Lent.

The idea of feasting and reveling to such an extent before the sudden constion of worldly pleasures has never been approved by the best churchmen, but custom has brought it down through the centuries. It is gradually and surely being eliminated, however, for the Christian world, and the time will come, I believe, when there will be no more Mardi celebrations in Gras the United States.

"Ash Wednesday derives its name ed to July 23-August 3, as an act of penitence. The present

The younger Shippy, who was believed at first to have been mortally injured by two bullet wounds in the breast, was said at a late hour night to have a good chance of recovery. Neither of the other men were seriously hurt.

The identity of the assassin, who was killed by a shot through the head, was learned late tonight from 000, with \$400 insurance on the fur- his sister Olga, with whom he had lived for three weeks at the home pled rooms on the second story, had of Mrs. Harry Pine, 218 Washburn avenue, in the western portion of the other fire burned, amounting to about city. Through information received from his sister and from a fellow employe in a produce commission house where Averbuch had been recently employed, the police were able to trace Averbuch's movements and learned the views he held.

> It was learned that Chief Shippy's interference several weeks ago with a parade of unemployed men. headed by "Dr." Ben. L. GREAT ENTHUSIASM AT STATE DEMOCRATIC CONVENTION.

Platform Adopted Was Largely Bryan's Own Work-He Says It is Incomplete and That Some Subjects Not Included in it Will Go Into the National Platform.

Omaha, Neb., March 5 .- This was B"yan Day" in Omaha and throughout Nebraska. With the Democratic State convention as a neucleus, party leaders from every county and practically every primary in the commonwealth gathered here to pledge allegiance to the presidential aspirations of Mr. Bryan, and to consider means for furthering his interests before the Democratic national convention at Denver next July. Enthusiasm was prevalent throughout the day. It broke early in the afternoon session of the convention, and gradually gathering volume, broke out in tumultuous vociferations, when, at the beginning of the evening session, the platform committee presented this resolution:

"The Democratic party of Nebraska declare confidence in and admiration for William Jennings Bryan. In him we behold the ideal American citizen -the ideal Democrat. We rejoice that the principles which he has so ably advocated have been gladly received and are now generally accepted by the American people.

"Resolved, That the delegation, by this convention chosen, be, and hereby are, instructed to vote as a unit for the nomination of Mr. Bryan for the presidency "

This official endorsement of Mr. Bran's candidacy met the full approval of the delegates. The iron-clad instructions to the 10 men selected during the afternoon to represent the State at Denver will, it is thought, leave no doubt as to where Bryan's home State stands.

The platform, as a whole, was largely Mr. Bryan's own work. That it reflected the leader's views as to what should form the issue upon which the party should go before the country next fall was not denied.

Mr. Bryan, however, said that the declarations of the platform were necessarily incomplete that some subjects that would undoubtedly be
