DEATH.

Bishopville, July 18.—Mr. Henry G. Shaw, aged 61 years, died at the home of his daughter, Mrs. Grier, after an illness of several weeks, the cause of his death being consumption of the stomach. Mr. Shaw was one of the oldest citizens of Lee county and one of a few of the old soldiers of this section. Mr. Shaw was a true and conscientious man and always did as he thought best, taking into consideration the rights of others. He was one of the leading members of Mount Zion Presbyterian church, of which he has been a member for a number of years. Mr. Shaw leaves a wife and several children to mourn his death. The funeral services and interment took place today at Mount Zion, his old long-loved church.

Mrs. Anna Reddic, wife of Mr. C. C. Reddic, died in Columbia Sunday. The remains were brought to this city for interment and the funeral services were held at the cemetery on Monday. Mrs. Reddic was a sister of Mr. C. W. Stansill.

LOCAL NEWS PARAGRAPHED.

Items of Interest Gathered in and Around the City.

Hollywood Camp, W. of W., has reconsidered the matter of having a picnic at Cane Savannah Crossing and will give a smoker in October instead.

Mr. Elvin Stubbs, who will shortly remove to St. Matthews to engage in business, has resigned as secretary of Ward 3 Democratic club and has been succeeded by Mr. Henry P. Moses. All Democrats who desire to enroll in Ward 3 club should call on Mr. Moses at the office of the McCallum Realty Co.

Everybody knows the weather is sultry—don't talk about it.

The ice men are happy.

The Atlantic Coast Line has been asked to put on Sunday excursions to the Isle of Palms.

There will be a big crowd in town next week to attend the Clemson College Farmers' Institute.

Crops are beginning to suffer for rain in this county. In some sections a heavy rain has not fallen since early in June.

Many unmuzzled dogs are still running at large. Several dog catchers should be employed.

There will be a game of ball at the ball park Thursday, July 23d, between Boyle's Sluggers and the Durant, S. C., team. Boyle's Sluggers have played seven games, won six and tied one. The Durant team has been whipping everything in sight. A good game is expected. A small admission of 10 cents will be charged. Come out and see some good (home raised) ball.

The one flush tank on the sewerage system which was found defective when the system was inspected has been replaced by a new tank and the Eastern section of the system is now complete.

The supervisors of registration have issued certificates to more than 600 persons. This is less than one-third the voting strength of Sumter county.

BACK-ACHE

The report is being circulated that there are a large number of cases of typhoid fever in this city. The matter has been carefully and thoroughly investigated and it has been found that there have been but nine cases of typhoid fever in Sumter since December 1st, 1907, and several of these did not originate in Sumter, but were brought here for treatment. During the preceding twelve months there were six cases of typhoid in Sumter and some of these were brought here for treatment from other places. The reports that are being circulated are damaging to the town and Sumter people especially should be sure of their facts before circulating such reports.

A letter from Pinewood states that the man Reynolds who is in jail charged with swindling a number of negroes in this county by collecting money for fire insurance policies which he never delivered, operated in that section also and swindled a great many negroes.

BISHOP POTRER DEAD.

Distinguished Ecclesiastic Passes Away Without Pain.

Cooperstown, N. Y., July 21.—Henry Colman Potter, seventh Protestant Episcopal bishop of the diocese of New York, died tonight at "Fernleigh" his summer home near here, after an illness of several weeks. The bishop was unconscious all day, and the end, which came at 8.35 o'clock tonight, was peaceful and quiet. The prelate was 74 years old.

A want advertisement is a profitable investment.

Some of the farmers of Spartaburg are troubled with a worm that is destroying the corn. It is a white worm about three-fourths of an inch long. It bores into the joint about the surface of the ground and works upward. Four and five are often seen in one stalk. When they get in their work the corn keels over and dies. If it lives it amounts to nothing. Some of the farmers who have planted after the Williamson plan have lost one-tenth or more of their corn already.

Dr. J. M. Johnson, formerly of Newberry, has been made an instructor in medicine at Johns Hopkins, Baltimore.
