Dance at Providence.

Quite a number of young people from Sumter and the country surrounding Providence were at the pavilion Tuesday for the dancing. The music was not quite what it was cracked up to be but this did not lessen the enjoyment of the young people, who found the floor in excellent condition. The music did not come as early as was expected owing to the fact that it was left in Camden and had to come through the county in private conveyance. The managers were as much disappointed in the band as were the dancers.

Stop kicking about the weather. Sumter is not the hottest place on the map by a great deal. Study the weather reports and you will feel decidedly cool when you compare our temperature with most of our northern and western cities where the days are as hot as Helland where the nights are even worse.

A joint meeting of the County Board, City Council and Board of Directors of the Chamber of Commerce and also those interested in securing the Seaboard for Sumter, will be held in the Chamber of Commerce on Saturday at 12 o'clock.

BIG MAJORITY FOR SCHOOL LEVY.

Election Goes Ten to One in Favor of Extra School Levy.

The election Monday for the extra mill levy for school purposes did not bring out the largest crowd to vote that has ever voted in Sumter but it drew out a crowd large enough to give the vote for an additional school levy a substantially large majority. In fact there was so little opposition to the measure that there may be said to have been none at all.

The additional levy of one mill is for the purpose of securing funds for the city schools for getting a supervising principal of the primary department, instructor in singing and writing in the primary department and an instructor in drawing and manual training in the grammar and high school departments of the girls school. The election today practically assures the election of these additional teachers to the school faculty, adding materially to these departments in the school.

The summer tide of emmigration has set in and for the next two or three months Sumter will be without a great part of its population, for the mountains and seashore have begun to call, and there are many to answer the call.

The annual commencement of Virginia Military Institute was held Wednesday of last week. Among the graduates was Gilliard Rembert, a son of Mr. E. E. Rembert, of Rembert, Sumter County.

DEATH.

The six year old son of Mr. Nathan Averbuck died Sunday at 8 p. m. at the home of its parents. The funeral services were held on Monday at the cemetery.

If you want the Seaboard Air Line in Sumter, go after it, talk it over with your friends and neighbors, pull together and when you are called upon to do effective work, which you soon will be; act.

The work on Kendrick street is being pushed on rapidly and in a short time it is probable that the city will have its new storm sewer line laid and the street will be in readiness for street paving to be laid.

CLEARANCE SALE OF FINE CLOTHES

NOW comes the time when we begin to clear the decks for the fall campaign of clothes-selling; we like to have all the summer goods out of the way; as complete a clean-up as possible; and we try to do it by making special prices on what we have left.

HART SCHAFFNER & MARX FINE GOODS

The clothes are the same that we've been selling right along at regular prices; they're just as good now as they were then; such clothes don't deteriorate by time; even wearing them doesn't affect them as much as some clothes. The only difference you'll find is in the prices, and we've made them low as an inducement to the men who haven't yet bought new clothes, or who are willing to buy now for next season, or for the remainder of this.
