

When Snowflakes Fly

**IT'S AS GOOD TIME AS ANY TO KEEP
YOUR EYES ON THE WRECK STORE!**

YOU'LL get a tip to outwit the thermometer by doing this. Cold weather comfort is a thing to be desired and easily obtained by a visit or a phone call to our store. For the weather man said it would be a cold winter and we took their tip and bought plenty of the things that help to turn the sunshine on a freezing day.

The chances are you need something to help you keep warm during the cold days through the rest of the winter—and we know we are going to have more of them. Come to the Wreck Store and get what you need with the knowledge that you are getting "More for a dollar than a dollar will buy elsewhere." You needn't spend a fortune for comfort either. Truly you'll get a surprise greater than the big snow brought when you get our prices on wearables for every member of the family.

And, needless to say, we'll be ready to greet you as a Spring shopper, too, if you so desire. Our Spring stocks are coming in every day, and your pocketbook will stand the strain better by a visit to us **FIRST**—Come and see for yourself. **NOTE A FEW PRICES THAT WE THINK LOOK A BIT INVITING TO THE SHOPPER WHO WANTS TO HAVE A LITTLE CHANGE LEFT OVER. WHAT DO YOU THINK?**
