Sardinia.		It will not be safe to set up an automobile on the strength of the report that a Long Island chemist has invented a substitute for gasoline that can be manufactured from water and a secret green powder at a cost of one cent a gallon. There is no scarcity of water, but the adequate supply of the green powder is not assured.

Banking by Mail.

We call the attention of readers who live outside of our town that this bank receives deposits by mail. To farmers and others who desire banking connections of the highest character we courteously remind them that this is a safe bank for safe people, conducting its affairs with courteous conservatism.
