WANT HISTORY OF GEN. ANDERSON.

Meeting of Dick Anderson Camp Held in Interest of Work—Gen. C. I. Walker of Charleston Elected Editor of Book.

A meeting of Dick Anderson Camp, U. D. C., was held in the grand jury room of the court house at Sumter, today for the purpose of devising plans and raising funds for publishing a work comprising the life of Gen. Richard Heron Anderson of Stateburg, Sumter county.

President: Visiting Officer, Gen. C. Irvine Walker; Presiding Officers, Commander Perry Moses; Adjutant, E. Carson.

M. W. Seabrook was nominated and elected secretary of the meeting.

Matter under consideration: The compilation and publication of the life of Lieut. Gen. Richard Heron Anderson.

After discussion it was Resolved: That three methods be adopted for raising the funds necessary to the carrying forward of this project.

1st. That there be one list of voluntary subscribers.

2nd. That there be one list of parties subscribing loans for the enterprise.

3rd. That there be one list of donors.

Gen. Walker submits data upon the cost of the work, and it was decided that the book should sell for \$2.50 per volume, or \$2.00 to those who pay their subscriptions in advance.

Col. Lee moves that Gen. C. Irvine

Walker be appointed the literary editor of the work.

The motion was seconded and carried.

Col. Lee moved that the subscription list to the loan fund be formulated by petitions endorsed by a committee from Dick Anderson Camp and also by the local U. D. C. chapter, and that the subscription list be signed by them and distributed to other camps in the State. He nominated on the committee Messrs. Perry Moses, H. J. McLaurin, W. M. Graham, E. S. Carson, D. J. Winn and T. E. Richardson. The motion was seconded and carried.

At the close of the meeting several liberal subscriptions were taken, about one hundred and thirty-five dollars being raised in the room of the twelve hundred desired before the work is set on foot.

BORDEAUX MIXTURE.

Care Should be Used in Making Bordeaux Mixture to Get Best Results.

Clemson College, May 3.—Dissolve four pounds of blue stone in a small pail of water. After it has dissolved dilute to twenty-five gallons. Slack six pounds of lump lime in a small pail of water, and dilute to twenty-five gallons. Do not pour the two solutions into the other, but pour the two solutions into a third barrel at the same time, stirring vigorously to insure thorough mixing. It is very essential that the two solutions be mixed this way so as to prevent crystals from forming, and thus reducing the strength of the mixture.

Receipts from the sale of fertilizer under the privilege tax amount to \$142,338.60 to last Saturday, as compared with \$135,748.34 for the corresponding period of last year and \$246,227.19 for the like period of 1914. The State treasurer's office reports a falling off in receipts from this source for the past few days, indicating that very little fertilizer is now being sold.

DEATH OF O. E. BOSTICK.

From The Daily Item, May 4.

Olley Edward Bostick, a well known citizen of Sumter, died very suddenly this morning at about 10 o'clock, after an illness from acute indigestion of only about half an hour. Mr. Bostick seemed in his usual good health when he got up this morning and after his breakfast left for his store as usual. While there he was suddenly taken ill and went home, when he died in a few minutes. When first taken ill he went to a near-by drug store to secure medicine to relieve him, but after taking the dose and not feeling any better he went on home. A physician was speedily summoned, but it was impossible to relieve him and he passed away shortly after the doctor's arrival.

Mr. Bostick was born and raised in Hampton county, coming to this place in 1882, where he has lived ever since. In 1884 he was married to Miss Martha Ann McKagen, who with two sons, Messrs. S. H. and W. O. Bostick, and one daughter, Mrs. S. E. Rittenbaker of Charleston, survive him. He also leaves one sister, Mrs. Tom Jones of the Jordan section of this county, and one brother, W. O. Bostick, of Ocala, Fla. He was in his fifty-fourth year and would have been fifty-five years of age had he lived to June 19th.

The funeral services will be held on Saturday morning and announcement of the hour will be made later.

Since coming to Sumter Mr. Bostick has conducted a mercantile business and he was generally known in the city and over the county by all of those who traded here. He had many friends who were shocked at his sudden death and to whom it brought a feeling of sadness. He was a member of Trinity Methodist church, having connected himself with the church last spring during the Bob Jones revival, when he was converted by the preaching of the evangelist. His conversion had brought about a big change in his life and he died a sincere Christian.

NEWS FROM WISACKY.

Fire Proves Destructive to Community—Crops Needing Rain—T. E. Davis at Hospital.

Wisacky, May 3.—This very unseasonable weather for the first of May is very hurtful to the gardens and young crops. Pretty fair stands of corn and cotton are up in some places, and are being plowed, but one-half of our cotton is not up, and won't get up until it rains. Oats are heading out very low, and are more in need of rain than any of the other crops. We have been troubled very little with birds. They seem to be scarce, except the English sparrow. They are abundant and I believe are driving the other birds away. I wish we could find something to drive them away, as they are worse than a nuisance.

There have been a number of forest fires around this section. One of our best colored citizens lost his barn, forage, mule and two hogs last Sunday from a forest fire. He had fought it all the night before and believing he had it extinguished, went to his house and went to sleep. The fire broke out again and burnt to his barn. It being on the edge of the wood and destroyed all he had in the lot, a total loss. Mr. Ben Keels had his house and smoke house with their contents burnt the week before. Mr. John Montgomery's home and smoke house were burnt last Saturday. Mr. Willie McNeil occupied the house. He saved very little of his household goods. No insurance. The dwelling was insured for \$1,500, about half its value.

Mrs. Pearl Green had to go to the infirmary for an operation. She is able to return to her home and is doing well.

Mrs. J. N. Scott, after a long spell of illness, is about well again.

Mrs. H. W. Scott has been a great sufferer with neuralgia in face and eyes. She still suffers some, but is in a measure relieved.

Mrs. R. M. Cooper, Jr., is on a visit to her mother in Atlanta.

Miss Owens, teacher of the McCutchen school, provided a competent teacher in her place to enjoy a week's visit at her home and attended the marriage of one of her relatives. She is at her post again, faithfully discharging her duties.

Mr. T. E. Davis, who is in the Florence Hospital, I am told today, after a successful operation, is doing well. This is good news to his many friends.

NEW JERSEY EPIDEMIC.

Wilmington, Del., May 3.—Gov. Miller has arrived here and is inspecting the smallpox question and considering calling out the militia. Two new cases are reported. Secretary Frantz of the State board of health appeals to all citizens of the State to be vaccinated. Cases are reported in Middletown, Laurel, and Bridgeville. The saloons in Wilmington will be closed.

"How Much Money Must I Have?"

You can start an account at the People's Bank with any reasonable sum. In the experience of the officers of this Bank they have seen many very small accounts grow into thousands of dollars. Beginning with a small account here—adding to it from time to time you can build up a large account.

May we have your account this week?

THE PEOPLES BANK.

EVERY DAY

We are adding new accounts. If we have not already succeeded in handling yours, come in and let us talk it over. We might make it to your interest.
