 The Sumter Watchman was founded in 1866 and the True Southron in 1894. The Watchman and Southron now has the combined circulation and influence of both of the old papers, and is manifestly the best advertising medium in Sumter.

for the benefit of the average citizen, which has aroused the bitter antagonisms of the men who have heretofore controlled the country through the Republican party and have profited by special legislation dictated by them. These men know what they want and have the assurance that a Republican president and congress will obey their orders. They do not want the Federal Reserve banking system which removed from their control the financial system of the country; they do not want a rural credits law; they do not want a tariff commission; and they do not want a Democratic administration, which has given the country these things and is working for the enactment of other laws that will be to the benefit of the people as a whole. The election this fall will be a battle between the special interests and the people, and the stake is the industrial and financial independence of the farmers and working people of the United States.

MISS CLARISSA DAMON DROWN-ED.
Fourteen-Year-Old Charleston Girl Loses Life Off Station 27 Sullivan's Island.
 Charleston, July 6.—Miss Clarisse Damon, 14 years of age, a daughter of Capt. and Mrs. C. W. Damon of this city, was drowned this morning off Station 27, Sullivan's Island, and two girls with her on a reef, which a rising tide had cut off from the beach, were rescued unconscious and later resuscitated.
 The body of Miss Damon was recovered shortly before 1 o'clock this afternoon, off Station 20, and is now at the Atlantic Beach hotel. Several hours were spent by Capt. Coste of the life saving station and a party of volunteers, searching for the remains and at noon their quest had been in vain. An hour later, however, off Station 20, a mile from the reef, where the drowning took place, the recovery was made.
 Miss Clarisse Damon, with her cousin, Miss Damon, of Florence, 15 years of age, and Miss Ruth Smoak of Charleston, 13 years of age, with others bathing this morning off Station 27, waded out to a reef and remained there in knee deep water too long, not realizing the danger of being cut off by water in a deep gully between them and the beach.
 Miss Clarisse Damon started in and was immediately over her head in water. W. A. Smoak, who was on the beach with a baby at the time, called to the girls to go back and Mr. Wilkinson of Columbia hurried a boat to their assistance. Miss Damon of Florence and Miss Smoak were brought back to land partly unconscious, as they too were caught in the deep waters but were resuscitated by Dr. Thomas Wright of Augusta, a visitor on the island. Meanwhile Miss Clarisse Damon had been swept out of sight and was not seen again.
