**Quite Canny.**

Eat everything you can, and what you can't eat, you can. Now, I don't mean to say you can eat what you can't, though it sounds as if I said that. Let me say it again: Eat everything you can, and what you can't eat, you can! It seems that I can't say what I try to, for now I say, eat what you can—we'll mean that; but, still how are you to can it if you eat it? Once more I'll try: Eat what you can and what you can't eat you can. Well, I give it up. It's too canny for me.

Company L, Sumter Light Infantry, received a new supply of clothes, shoes and materials yesterday and all new members were immediately fully equipped with these necessities. Some delay had been experienced in getting this shipment and the men have been considerably inconvenienced without the regular army accoutrements.

Mr. Seaborn Rose, who farms upon Dr. C. P. Osteen's place on the Mayesville road, brought a squash to town yesterday which measured fifty inches in length. It was quite a curiosity and is the largest squash seen here this season.

**Unfermented Grape Juice—Cold Press Method.**

Crush grapes and put them in press (cider press). Fill bottles with cold juice, and place bottles in wash boiler of cold water and let come to 200 degrees Fahrenheit, but do not boil. Cork bottles at once with tightly fitting cork, pushing the corks a little below the top of the bottle. Seal with wax or paraffine. Fruit jars may also be used for putting up grape juice.

**Hot Press Method.**

Pick grapes from stems and press out the juice. This can be done more easily if the grapes with a little water, are heated sufficiently to loosen the hull. Drip in jelly bag and proceed as in cold press method.

All exhibits for Fair must be in standard containers. These may be obtained from:

**MAY CAMP AT POCALLA.**

**Hartsville Boy Scouts Desire Local Pleasure Resort.**

Mr. Thos. P. McLeod, scout master of Troop No. 1 Boy Scouts of America, of Hartsville, S. C., has written the Chamber of Commerce that this troop desires to go into a ten day encampment near Sumter, beginning August 16th.

Mr. M. H. Beck, proprietor of Sumter's magnificent pleasure resort, Pocalia Springs, has offered the Hartsville scouts through the Chamber of Commerce a splendid site for their camp with free bathing and free fishing privileges at Pocalia, and has declared his desire to do anything within his power to make the encampment of the scouts as pleasant as possible.

The desirability of Pocalia Springs as a place of encampment with its magnificent and sanitary bathing pool fed from six flowing wells of clear, cool, and absolutely pure water, said by physicians to be one of the most sanitary bathing pools in the country with its constant flow of water in and out of the pool, day and night, will immediately appeal to our sister town's youngsters should they decide to come here. This place is shady and devoid of mosquitoes or malaria, cool and refreshing.

Mr. M. H. Beck is very much interested in the boy scout movement and always delights in entertaining the scouts at his pleasure resort. Pocalia Springs bathing pool has but quite recently been completely overhauled by clearing out the bottom, rebuilding the dams and numerous dressing rooms, and everything about the bathing facilities is practically new, clean, and absolutely sanitary in every respect.

The Chamber of Commerce has extended Hartsville's scouts a cordial invitation to camp in this city—or county, but has recommended that they accept Mr. Beck's generous offer by all means. The local Y. M. C. A. will extend the privileges of their reading rooms, gymnasium, bathing pool, and other facilities to the Hartsville scouts.

**OF INTEREST TO FARMERS.**

**Tri-County Association Urged to Pay Dues Immediately.**

Those who have joined the Tri-County Farmers' Cotton Marketing Association, of Sumter, S. C., are requested to pay in immediately the one dollar admission fee, as money is urgently needed to purchase furniture and fix up quarters leased at No. 12 East Liberty street, for the association, and the government cotton grader who will be here by September 1st if not before.

Any bank in Sumter or Sumter county will receive the money and forward same to the association's secretary-treasurer, J. Frank Williams. These banks will also accept new members, with their dollars, and furnish membership lists for new members to sign.

**SECOND DAY OF EXAMINATIONS.**

Majority of Drafted Men Pass Physical Tests—List of Those Who Appeared Tuesday.

From The Daily Item, Aug. 7.

The second day of examinations for the draft army saw no increase in the number of rejections than was made Monday. One hundred and eighty men had been summoned to appear today and the physicians were busy putting these men through the tests, following the same mode of procedure as was engaged in yesterday.

Although a majority of the men have so far passed the physical examination, it is understood that practically two-thirds of those passed are claiming exemptions and have put in their claim in due time. The local board will have to review a great many of the claims before final action is taken. In addition each man so far found physically fit will have to have his card carefully scrutinized by the head physician, Dr. J. A. Mood, before he is given his physical disability exemption certificate.

Tomorrow the last quota of men will be examined by Drs. Wilson, Baker, Stuckey and Mood. They have been notified to appear at 8 o'clock in the morning. It is expected that some of those who have not answered the call yet will appear on the final day. In case they do not appear every effort will be made to bring them up before the doctors.

The names of those examined up to the time The Item went to press, follows:

- Alfred Scarborough, rejected.

The third day of examinations under the draft act saw a considerable increase in those rejected for physical disabilities, going as high as 30 per cent. The examinations had to be discontinued for a short time while additional blanks were being printed, the board having consumed all they had.

One strange fact stands out very prominently, in that no man so far has been accepted for the army. None have waived exemption claims, and very few have certified a willingness to serve. It seems that the board will have to decide who must go if this condition still exists after all examinations have been completed.

Those examined up to the time of adjournment were as follows:

- W. C. Bull, passed.
- F. R. Wilson, passed.
- R. L. McLeod, rejected.
- F. M. Kortjohn, rejected.
- G. E. Josey, passed.

The friends of Dr. W. S. Burgess will be glad to know that he has been informed that he has received a commission in the medical corps of the army.

The local militia company, under command of Capt. Brown, is still keeping two drill periods each day and hopes to make a splendid showing when inspection is conducted on August 11th. The new recruits have caught on to the tactics in a manner pleasing to the officers and all are hard and willing workers. The drill periods are nine o'clock to eleven in the morning and four to six in the afternoon. The graded school square is being used by the company.

Mrs. B. J. Grier has returned from Manning, after spending three weeks with Mrs. S. F. Walker and little daughter, Evelyn.

**SUMTER BOYS AT OGLETHORPE.**

Many Already Have Received Commissions and Others in Line for Appointment.

The Chattanooga News of August 3rd has printed a list of the men who have already received commissions at Fort Oglethorpe and also an additional list of men who will likely receive commissions after the practice hike they are now on is ended.

Says The News: "Day by day the process of elimination has gone on until those who remain are practically the 'survival of the fittest' and the majority of them will be commissioned in the United States army with grades varying from second lieutenant up to the higher grades."

Among those known who have received commissions are: Irvine S. Belsler, first lieutenant, cavalry, U. S. R.; Theodore D. Ravenel, second lieutenant, U. S. R.; infantry; Captain W. H. Manning, F. A. U. S. R.; Second lieutenant, Bernard Manning, infantry, U. S. R.

Those who will likely receive commissions are: W. M. Levi, Geo. D. Levy, Des P. Moore, J. H. Forbes, Gailard Pinckney, H. C. Curtis, A. C. Dick, Norman Chandler, Edward Wright, W. B. Stuckey, W. L. McCutchen, J. C. Hood, Joe S. Chandler, J. P. Brunson, L. C. Bryan, R. O. Purdy, I. M. Richardson, H. C. Jennings, E. W. Dabbs, Jr., Earle Rowland and W. D. Boykin.

**The Sunday School Convention.**

The Sumter County Sunday School Convention is a convention of all schools of all denominations in Sumter. It is a part of State Sunday School association which is a part of the National Sunday School association which is a part of the world organization. Each Sunday school in Sumter county should be represented at the meeting held in the First Baptist church of Sumter on Tuesday and Wednesday of next week, Aug. 14th and 15th. Every person in the county who is interested in Sunday school work should attend. If you are satisfied with your Sunday school and think it as good as it might be, come and tell us how it was made so, that we of other schools may follow your example. If you are not satisfied with your own school come and hear the expert opinions of those who are making it their life work and see if we cannot get assistance in how to manage so as to do better and more efficient work. Those of us who heard Mrs. Moore two years ago know what a treat we have in store, as she will be at every meeting with a new message of greatest interest on the many phases of the work.

While the meeting is held again at the First Baptist church it is done so only for the reason that it is centrally located and has a dining room and other equipments making it most suitable, but the meeting is of all denominations, and the county is to be the guests of the city churches and dinner on the grounds will be served for out-of-town folks by the Sunday schools of the city, and every school in the county is urged to send representatives to the convention and the city schools will be the host.

**Just an Incident of Christian War.**

Amsterdam, Aug. 7.—Dutch newspapers print in a parallel column with an account of the murder of the crew of the British steamship Belgian Prince a Berlin telegraph announcing the following extract from a pastoral letter read in all the protestant churches of Berlin last Sunday: "We will comport ourselves as Christians towards our enemies and conduct the war in the future as in the past with humanity and chivalry."

The pastoral letter was read at a service which Emperor William and the German empress attended at the cathedral. It exhorts the people to humanity, and recognized the hand of God in the protection from invasion which the fatherland has enjoyed.

The British steamship Belgian Prince was sunk July 31 by a German submarine. According to survivors who reached a British port, the u-boat shelled the vessel and the German commander then ordered the crew to take to the boats and go alongside the submarine. The Germans, the survivors assert, removed the life belts and outer clothing of all the members of the crew except eight, smashed the lifeboats with axes, and then reentered the submarine and closed the hatches, leaving the men on deck. The submarine traveled on the surface for about two miles and then submerged. Thirty-eight of the crew were drowned. Three others were rescued by a patrol boat.

It is rumored that Capt. R. T. Brown, the capable and efficient commanding officer of the Sumter Light Infantry, is to be transferred to the headquarters of the Southeastern division at Charleston, there to become paymaster of that division. Nothing official could be ascertained as to this contemplated change.

**Recommended by Doctor Cothram**

Dr. T. E. Cothram is a well-known pharmacist of Alexis, Ala. And when he gets bilious or needs a purgative medicine, what do you suppose he does? Out of his whole big stock of liver medicine he selects and uses Granger Liver Regulator. He says "There is none better." That's a pretty strong endorsement, don't you think, from a man who knows all about the merits of the different medicines on the market? Granger Liver Regulator is purely vegetable, does not gripe nor irritate the delicate lining of the stomach and bowels and always gives quick and pleasant results. It is the best system purifier known. Your druggist can supply you—25c for large box. Accept no substitute.

**PUBLIC SAFETY COMMITTEE CONGRATULATED.**

**Chamber of Commerce Adopts Resolutions Calling for Continuance of the Work.**

It has long been recognized that the Chamber of Commerce should be the Committee of Safety did fine work in the County last spring in preparing the people for the rising cost of living and in getting them to take successful steps to combat the same. The Chamber of Commerce in the resolutions below has congratulated the Committee on the work done, and calls on them to continue it during the fall.

The resolutions follow:

Be it Resolved: That the Chamber of Commerce call to the attention of the Committee of Safety necessity of impressing on the people of this county the great good to come from the planting of winter food crops, of the larger crops such as winter wheat and rye and oats, and also of winter vegetable gardens; that the Committee of Safety take steps to present this matter forcefully to the public, continuing the campaign of education so ably begun the past spring.

That the Chamber of Commerce extend its congratulations to the Committee of Safety for the excellent work already accomplished, a work that has resulted in Sumter County having more home raised food than ever before. The Chamber of Commerce feels that in starting this pioneer work and in driving home its message of self-support and home independence the Committee of Safety was a great force for good in this county, and that its example and influence has had a far-reaching effect.

That copies of this resolution be furnished to the press and that a copy be transmitted to the Committee of Safety through its chairman.

**MUSN'T FLEECE MEN.**

New York, Aug. 7.—Steps to end exorbitant war profits reaped by notaries who frequent draft board headquarters and do a flourishing business in preparing exemption affidavits for \$5 or \$10 were taken here today by several of the boards which made arrangements with designated notaries to do this work for from 10 to 25 cents in fees.

Several cases of attempted bribery of board members and examining physicians, who say they were offered sums ranging from \$20 to \$300 to help registrants escape the draft, have been placed in the hands of the federal authorities for action.

Police Commissioner Woods today received from Secretary Baker an unofficial statement of opinion that members of the police and fire departments are not exempt from the draft.
