Red Cross Shipment.
 The Sumter Chapter sent to Atlanta today a box of the following: 10 hospital bed sheets, 27 pairs of pajamas, 6 hot water bag covers, 6 wash cloths, 45 comfort pillows, 59 mufflers, 54 pairs of socks, 61 sweaters and 21 pairs of wristlets.
 Those who have started wristlets of the gray yarn, may finish them, but those who have remnants of yarn from sweaters are asked not to knit it into wristlets. We are to make, hereafter only sweaters and socks of the gray yarn.
 Our knitting needles, size for seweaters, have come and we are asking 25c a pair for them.

Annie Purdy,
 Secretary Sumter Chapter.
 Jeffersonville, Feb. 6.—Five of the thirteen buildings comprising the Indiana State reformatory were burned today with a loss estimated at a million dollars. Twelve hundred and eighty-five prisoners were removed safely, none trying to escape.

PARLIAMENT MEMBER FINED.

Big Sam Assessed Against British Legislator in Police Court for Stocking Larder.

London, Feb. 4.—William John MacCaw, Unionist member of the house of commons for West Down, was fined 400 pounds sterling and 35 pounds sterling costs today for food hoarding.
 Mr. MacCaw was tried in the Oxted, Surrey, police court. According to the attorney for the food committee of the Godstone division of Surrey, this member of parliament had in his larder at Rocknest 24 pounds of tapioca, 154 pounds of rice, 53 pounds of semolina, 100 pounds of biscuits, 53 pounds of tea, 100 pounds of sugar, 34 pounds of golden syrup and 21 pounds of honey.
 Although it was not contended that people living in country houses should come to London daily for their supplies, this stock of goods was held to constitute a hoard.
 The case of Mr. MacCaw was one of several hundred pending, while many more have already been disposed of, every class in the country being involved. Last week Admiral Sir Richard Poore was fined 90 pounds sterling for having in his possession a quarter of a ton of food, while others who were fined included a railroad worker, a wealthy widow and the proprietors of several hotels, the last being charged with exceeding the official ration.

As a general rule the local magistrates inflict stiff fines but Baron Rhondda, the food controller, is dissatisfied with this method of dealing with hoarding cases and besides confiscating the excess stores he has pressed the magistrates to inflict imprisonment upon the guilty in cases of systematic hoarding.

ARREST ABOUT UNIFORMS.
 A number of soldiers were arrested by military authorities today for violation of the order prohibiting non-commissioned officers and enlisted men from wearing leather puttees, and some officers were also severely reprimanded for failure to wear the proper uniform. The punishment in these cases, it is understood, will only be in the nature of a timely warning, but it is announced that the consequences of further violations will prove serious. A memorandum was issued Thursday from divisional headquarters at Camp Sevier instructing all organization commanders to take immediate steps to have all the officers and enlisted men placed in proper uniform. A memorandum from the inspector general of the army and letters from the adjutant general have called attention to the laxness in the observance of uniform regulations and strict compliance with them is hereafter expected. Extreme variation from regulation in hats, hards, legging, officers' overcoats and raincoats, shoes, and the wearing of knitted articles supplied by the Red Cross or other organizations or persons have been noticed. Silk and mercerized hat cords will not be worn by enlisted men, although nearly every enlisted man owned such hat-cords by personal purchases. Woolen helmets, mufflers and sweaters of other colors than olive drab are absolutely prohibited. The division headquarters urged that widespread publicity be given this fact, as thousands of persons are now engaged probably in knitting sweaters, mufflers, etc., for the soldiers and it may serve to keep persons from making articles that cannot be worn by the recipients. Knitted helmets, mufflers and wristlets of olive drab color, may be worn when in the opinion of the immediate commanding officer concerned, climatic conditions and lack of other sufficient warm clothing make it necessary.—Greenville Piedmont, Jan. 26.

BREAD RATION ORDERED.
 Patrons of Hotels and Restaurants Can Get Two Ounces of Bread.
 Washington, Feb. 5.—A two ounce bread ration was ordered today by the food administration for patrons of hotels, restaurants and dining cars. This allowance is about that now observed in England. When only one kind other than wheat bread is ordered, the portion may consist of four ounces. Rolls may not weigh over one ounce.

NO TAX ON NITRATE.

Clemson College Fertilizer Board Will Not Require Fee on Chilean Product.

The following statement was given out last night by the Clemson College board of fertilizer control:
 "The Clemson College board of fertilizer control, has decided that the farmers of South Carolina shall not be required to pay an inspection tax on the nitrate of soda which is to be imported by the government and distributed in this State. In purchasing this nitrate, the farmers will have to do so on the good faith of the government. It would not be possible for them to recover damages, even if the goods proved inferior. The farmers, therefore, would get no benefit in this particular case from the fertilizer tax, and the board felt that it would not be just for him to have to pay it.
 "Ordinarily, in the purchase of fertilizers from private concerns, the inspection and the analysis protect the farmer against inferior goods, and, in case they prove inferior, the analysis made at Clemson College enables the farmer to recover damages.
 "It is estimated that the fertilizer tax from the government assignment of nitrate of soda in South Carolina would amount to between \$6,000 and \$7,000, but the board of control foregoes the collection of this money on the ground that it would not be just to collect it. Farmers who purchase nitrate of soda from the government should see that the tax is not charged them by mistake. The secretary of agriculture recently announced that the farmer must pay \$75.50 per ton, plus all transportation charges from port to entry, and in addition the fertilizer inspection tax required by State laws."
