

# DELCO-LIGHT

*The Complete Electric Light and Power Plant*

*Specified and used by  
the U.S. Army and Navy  
the Red Cross and the Y.M.C.A.*

ARMY

RED CROSS

Y.M.C.A.

NAVY

More than four thousand Delco-Light plants were delivered for war work. They were used to supply electric light in camps, storehouses, hospitals, Y. M. C. A. huts, airplane hangars, sub-chasers, and other branches of the service.

In Red Cross hospitals at the front, Delco-Light operated life-saving X-ray apparatus.

Delco-Light was specified by the Government because it is dependable, efficient, simple to operate, requires little attention, and because it is AIR-COOLED.

Delco-Light will work for you, supplying electric light and power for your farm, store or home in the same dependable, trustworthy way that it has for the United States Government—twenty-four-hours-a-day electric service with a minimum of attention.

Over 60,000 satisfied users all over the country know from experience that Delco-Light eases

the ways of peace just as much as it has so recently been lightening the burdens of war.

By simply pressing a convenient button, you can flood the home, barns, or other buildings on the farm—or stores and homes in the towns—with Delco-Light, modern, brilliant and clean.

Delco-Light operates a pressure water system, giving you all the advantages of fresh running water for your house and barn, protecting you from fire and enabling you to have a complete modern bathroom.

Delco-Light power will run the churn, washing machine, electric iron, vacuum cleaner, electric fan or sewing machine, and a hundred other things in field, barn and home. In stores, it will operate the coffee grinder, meat chopper, carbonated drink mixer, and various labor-saving appliances—or charge automobile batteries.

Install Delco-Light because—

**DELCO-LIGHT betters living conditions, increases efficiency and soon pays for itself in time and labor saved**

*Call, phone or write for your copy of the new Delco-Light Catalogue—a nicely illustrated 16-page book, showing how Delco-Light Pays for Itself in Time and Labor Saved.*
