

COTTON ASSOCIATION COMMITTEES

South Carolina Cotton Organization Getting In Shape For Work

Columbia, Dec. 11.—At a meeting of the central committee of the South Carolina Cotton Association here on Tuesday afternoon the appointment of standing committees for the year were announced by the president, Col. R. M. Mixon. Those committees cover every phase of activity planned by the association for the coming year.

The committee on banking, legislation and warehousing considered one of the most important in the association, is composed of L. L. Guion, chairman; J. Skottow Wannamaker, G. L. Toole, W. G. Smith, B. Harris, O. L. Bethea and R. M. Cooper.

The marketing, tare and statistics committee is composed of T. L. Manning, chairman; D. W. Watkins and L. S. Wolfe.

The committee on finance, organization and membership is composed of J. N. Kirven, chairman; John T. Mackey, P. F. McLeod, J. P. Strubling, E. R. Buckingham, John B. Cannon and J. K. Keitt.

The following were appointed on the committee on seed improvement and diversification: T. J. Kirven, chairman; Prof. E. H. Barr, Lowndes J. Browning, G. L. Toole, Dr. J. H. David, J. Swinton Whaley and Dr. W. W. Long.

The committee on cost of production will be composed of B. F. McLeod, chairman; A. G. Smith, T. L. Manning, P. H. Gooding, E. J. Wannamaker, E. H. Bowen, L. D. Jennings and W. A. Bowman.

The budget committee is composed of John T. Mackey, chairman; T. G. McLeod and L. I. Guion.

The auditing committee is composed of G. L. Toole, chairman; D. W. Watkins and Julian C. Rogers.

The central committee discussed at length and plans for the coming year every effort will be made to carry out the program which has been mapped out.

Col. Mixon is preparing an appeal to the teachers, lawyers, doctors, preachers and other professional men of the State asking their assistance in the campaign for membership. In a letter which will shortly go to them, he declares that the movement "affects vitally every person in the South."

"The South," says Col. Mixon "is dependent on the farmer. When adversity hits the farmer it hits the whole South. None of us have forgotten the gloomy days of the fall of 1914 when the cotton market utterly collapsed, with the South appealing to the North to buy cotton at 10 cents a pound as an act of charity. Business was stagnated. Thousands upon thousands of men in the business world were thrown out of employment. Thousands suffered heavy cuts in salaries. Professional men were unable to collect what was due them. There was hardly a man, woman or child in the South but that was affected. Conditions did not improve a particle until the cotton market became stable.

"It seems to me that with the experience of 1914 fresh in our minds all of our people would be quick to see the necessity of everybody striving to cooperate with the farmer in any movement looking to higher prices for cotton.

"The teachers, the lawyers, the preachers, the doctors, all are interested in the betterment of the rural life of the South. They should, and I believe, will cooperate in this great movement for the organization of the American Cotton Association of which the South Carolina Cotton Association is a branch.

STATE COAL DIRECTOR NAMED

Columbia, Dec. 12.—L. D. McCullum, freight service agent for the Atlantic Coast Line railway in Columbia, was yesterday approved by Gov. R. A. Cooper as South Carolina representative of the Southern regional coal committee and will probably be appointed today. Lyman Delano of Wilmington, N. C., federal manager of the Atlantic Coast Line and a member of the regional committee telegraphed Governor Cooper yesterday notifying him that Mr. McCullum had been selected for the post and requesting the governor's approval, which was wired last night.

Mr. McCullum will have his office in the State capital, serving both the State and the railroad administration. It will be his province to bring together the fuel needs of the State and the ability of the railroads to supply these needs, thereby insuring the State an ample supply of coal for all emergencies. He will be kept informed as to all coal movements and any wants and requests of the State will be made through him thus getting and keeping the State in close connection with the regional coal committee which has charge of the enforcement of fuel restriction campaigns.

Mr. McCullum is at present freight service agent for the Atlantic Coast Line in Columbia and has been connected with the Columbia office ever since his arrival here from Augusta in November, 1915. He has been in the service of the Atlantic Coast Line for practically 20 years and is one of the best known railroad men in the city.

GREAT STORM ON ATLANTIC

Halifax, Dec. 12.—Fourteen vessels, wrecked, missing or making port in a crippled condition were recorded by the marine authorities today, as victims of the storms which swept the North Atlantic during last two days. A seventy-five mile an hour gale still rages over Newfoundland today and train service there is blocked by snow.

Mr. Ivey Jordan of Olanta spent Friday in Sumter and attended the play at the opera house.

TRAIN SERVICE IS RESTORED

Relaxation of Fuel Regulations Permits Resumption of Schedules

Atlanta, Dec. 12.—Suspension of all restrictions on the use of fuel and reinstatement of train service curtailed during the nationwide strike of bituminous coal miners was announced here tonight by the Southern regional coal committee, acting on authority received from Washington. Bunkering of vessels will be resumed, inland waterway vessels being given preference, then coastwise shipping, ships flying the American flag in overseas service and last ships flying foreign flags.

The order suspending fuel restrictions is effective immediately and trains will be restored at 12.01 a. m., Monday. In cases where resumption of passenger train schedules would interfere with movement of coal will not be put back until the situation clears up.

The orders mean that thousands of industries throughout the South which have been shut down because of lack of coal will be in operation again in a short time, and that stores which had to observe short hours where their light, heat or power came from consumption of coal, wood or gas, may return to normal hours in time to take care of the Christmas shopping. The railroads too, would be put in a position to take care of the rush of holiday travel.

In issuing its announcement of suspension of fuel restrictions, the committee thanked the "people of the South who have observed so loyally" the regulations and at the same time asked that coal still be conserved as much as possible. As a result of the strike the country lost production of between 30 and 75 million tons of coal.

Atlanta, Dec. 12.—In connection with the announcement tonight by the regional coal committee of removal of restrictions, it was said that the question of lifting the embargo on shipments of export freight from inland points to Southern ports would be taken up for consideration by Regional Director Winchell tomorrow.

CAMPS MADE PERMANENT

Two Million Dollars to Be Spent in South

Washington, Dec. 12.—Expenditures of more than \$2,000,000 at army camps and aviation fields in Southern States were approved tentatively today by the house in consideration a bill making funds available for the war department to complete military projects scattered throughout the country. None of the items carried in the bill for Southern camps was rejected.

Final action on the bill was delayed until tomorrow by a demand for the reading of the engrossing measure and before the vote of passage of the bill effort will be made to restore a provision for the airplane plant of the Dayton-Wright airplane plant and adjoining field at Dayton, Ohio.

For Camp Bragg, N. C., the house approved largest single expenditure at any of the Southern camps. The war department was authorized to spend \$1,128,000 in carrying out plans for buying land. Construction of a road between the camp and Fayetteville, costing \$25,000, also was provided, as also \$60,000 for buildings, now partly completed.

Among the land purchases, those in the Southern States, were at Miami, Fla., Chapman field, \$71,500; Richmond, aviation depot, \$5,100; Langley Field, Va., \$12,000, and Camp Humphreys, Va., \$20,400.

HEAVY COTTON EXPORTS

Foreign Shipments During November on Pre War Basis

Washington, Dec. 12.—Exports of cotton were extremely heavy during November, amounting to nearly 925,000 bales, according to the census bureau's monthly report. The exports during the month equaled the aggregate of the previous three months and were approximately what they were before the war.

HELD FOR RANSOM IN MEXICO

Two Americans and One Englishman Captured by Villistas

Eagle Pass, Texas, Dec. 13.—Two Americans and one Englishman are reported among the men taken by Villistas Tuesday in a raid on Musquiz. Advices today said ten thousand dollars ransom were demanded for each of the men.

MASONIC ELECTION

Claremont Lodge Elects Officers For 1920

At the regular meeting of Claremont Lodge No. 64, A. F. M., on Thursday night, the following officers were elected: R. M. Jones, Worshipful Master, Geo. D. Levy, Senior Warden, E. P. Dullant, Junior Warden, E. G. R. Wilder, Secretary, Abe Ryttenberg, Treasurer, H. W. Sholar, Senior Deacon, W. Y. Yeadon, Junior Deacon, Stewards—S. L. Roddey, John B. Duffie, Tiler, John S. Kennedy.

Income Tax Payers—In Sumter.

- The following is a list of the individuals who filed income tax returns for the year ended December 31, 1918 in Sumter county in the district of South Carolina:
- Averback, Alice.

BISHOPVILLE NEWS

Bishopville, Dec. 10.—The rain has come at last and we are relieved of the fearful dust greatly to our relief. The farmers have finished gathering their crops, and seem to have plenty of money, and are enjoying it. The banks are doing a flourishing business, also the automobile, horse, mule and vehicle dealers are doing a large trade.

Fortunately for us we have not been worried about our lights, on account of the want of coal, but we came very near being without water on this account, but we escaped narrowly. There are a good many new dwellings being put up which I hope will relieve the pressure.

Mr. Ed. Woodham, an old Confederate veteran, was buried last Saturday. He had been in bad health for some time, but died very unexpectedly to his friends. Mrs. Pate, a very old lady, was buried this p. m. She was the mother of Mrs. Skinner, who keeps the hotel at this place.

Rev. G. P. Watson left this p. m. for his work at Mullins. Our new pastor, Rev. W. V. Dibble, is expected to come in Thursday. From what I hear, we will all be pleased with him. I bespeak for him a warm reception. Mr. John Montgomery had to be taken to Charleston for treatment, for some disease of the nose. He had an operation performed and is still in the hospital.

Mr. Tom McLendon got a severe fall about one year ago injuring one leg badly. He has been in bad health from the effects of this fall, for some time, is now quite ill.

SAW MILL BURNED

The saw mill of Mr. T. S. DuBose, Jr., located near DuBose's Siding, was burned Wednesday night. The loss was in excess of \$1,500, there being no insurance. The origin of the fire is unknown, but is supposed to have been accidental.

HOT SUPPER AT WEDGEFIELD

The Wedgefield Baptist church, of which Rev. William Haynsworth is pastor, will give a hot supper to which the public is cordially invited, on Friday evening, December 19th, beginning at 6 o'clock, and lasting until 11 o'clock. The supper will be served at the Wedgefield School building.

Winchester, Va., Dec. 12.—The entire plant of the Shenandoah Valley Apple Cider and Vinegar Company, here, was destroyed by fire today. The loss is estimated at three hundred thousand dollars, and is half covered by insurance.

To abort a cold and prevent complications, take

The purified and refined calomel tablets that are nausealess, safe and sure.

Medicinal virtues retained and improved. Sold only in sealed packages. Price 35c.

RED CROSS SEALS

Each year at the coming of the Yuletide season the cry has gone out through the villages, towns and cities. "Buy Christmas Seals." That is a slogan this year in the campaign to raise \$6,500,000 to battle with tuberculosis but there is still another slogan heard in the 1919 campaign. That is "Secure public health with health securities and make health secure."

The new phrase is spoken by the army of white garbed girls who besides selling the penny stamps are floating a health bond on the market in an attempt to smother the white plague. The bonds are payable in twelve months of perfect health and the coupons attached tell where portions of the contribution enter into work against the greatest disease menace of the land today.

The plea, "Won't you please buy Christmas Seals?" and "Won't you invest in the fight against tuberculosis by buying a health bond?" is being heard in all communities of South Carolina where the ardent workers wearing all double-barred crosses are endeavoring to get for the Palmetto State its quota of \$56,000.

In the midst of Christmas shopping when the appeal is heard, it is well to remember what the double-barred cross means. It is the cross of hope which by the support of Christmas Seals is cutting down the death toll of 150,000 lives yearly in the country and 2,000 lives alone in South Carolina. Likewise it is endeavoring to decrease the economic loss of over half a billion dollars annually due to tuberculosis.

Of every dollar received in South Carolina by the seal sale, ninety-two percent remains here for the organized work of this State Tuberculosis Association. The remaining eight percent is used to defray the expenses of the campaign and what is left goes to the American Red Cross and the National Tuberculosis Association for the National efforts in building up preventative of tuberculosis.

Miss Watson Entertains.

Pisgah, Dec. 13.—Miss Ethel Watson celebrated her birthday last evening by having a number of her friends with her. It was an enjoyable occasion, made largely so by the popular young hostess who did all she could to make it pleasant for her friends.

After many hours of social intercourse and amusement the hour to leave came all too soon and the guests left realizing what a fun time they had and wishing for Ethel many happy returns of the day. Refreshments were served.

Marriage Licenses.

Colored—James Goodman, Lynchburg and Sarah Gibson, Lynchburg. David Brunson, Mayesville and Hattie Caesar, Mayesville. DeWitt Chandler, Shiloh and Hattie Wells, Shiloh. King David Fullward, Lynchburg and Ethel Ben, Lynchburg. Willie McCoy, Sumter and Julia Anderson, Sumter.
