Navy Representative in City

A U. S. Navy Recruiting Party will be in Sumter on Tuesday, July 20, to enlist men for the United States Navy. The party will make their headquarters at the Post Office building. Chief Machinist's Mate, G. J. Williams, who was in town yesterday, stated that many ex-navy men and reserves are now coming back into the navy due to the big benefits now offered them, namely, four months extra pay in cash at the Main Recruiting Station at Columbia, one month's leave immediately, higher rate of pay. Choice of location of duty in the United States.

Congress has recently increased the pay of the navy about 50 per cent. Chief Williams said that he will be very glad to explain the new increase of pay to any man next Tuesday. Young men from 17 to 35 years of age can enlist in the navy for 2, 3 or 4 years.

In addition to training and travel, the navy offers wonderful opportunities to a young man desiring to learn a trade. 52 trades are taught in the United States Navy.

A navy recruiting party will visit Sumter once a month, always coming to this city from Columbia on the third Tuesday of each month.

Columbia, July 15—Authority to proceed with the taking over of county roads now in the state highway system in accordance with the general highway act of 1920 was granted to Charles H. Moorehead, state highway engineer, at the meeting of the South Carolina Highway commission yesterday. This step will mean the maintenance of these roads by the state and discontinuance of upkeep by the counties.

The commission authorized Mr. Moorehead to begin the establishment of state maintenance of these roads as soon as possible as a first step toward actually putting the new highway act into force. This is an entirely new scheme for South Carolina and marks a new era for the good of the roads over the state. State maintenance will be only in the counties where the roads are now in the state system.

Columbia, July 15—Tuesday morning's session of the teacher's institute and literacy "lay-by" organizers was opened with an address by John B. Swearingen, state superintendent of education. The party will be brought here on a special train and will spend several days in the state.

Charleston, July 15—A fire that caused a loss of between \$250,000 and \$300,000 broke out at the plant of the Lumber Company on the Cooper river, above Charleston, early this morning and burned for several hours, gutting the planing mill, box factory, fabricated house plant and office property. The main saw mill, dry kilns and a large quantity of lumber escaped destruction, being some distance west of the blaze, with a favoring wind. This is the first fire this company has ever had of consequence. The loss is covered by insurance. The work of rebuilding the buildings lost and replacing the valuable machinery will start at once, the company hoping to resume full operations in about three months. Meanwhile a number of homes are left in rough timber with
