nevertheless knew that this was the president's intention.

ing that interest on the refunded for spring. debt be not less than 4 1-4 per eent, which was added as an mittee, the only important change made in the bill by the senate was the climination of a provision which would have given the commission authority to settle and refund any claims which the United States hereafter might have had against "any foreign government."

provision to the measure; to limit the authority of the commission in deferring interest payments and to require congressional approval of the bond agreements failed. The senate did adopt, however, an amendment by Senator Walsh (Democrat) of Massachusetts requiring the commission after the conclusion of each refunding negotiation to report the results to the senate. Senator Walsh explained that the object was to give "pitiless publicity" to the work of the commission.

Graceful Gown

The graceful gown shown above might be effectively fashioned of black velvet with collar, fringe and flower of mulberry. It might also be done in gray with petunia.
