The State Campaign Meeting

The state campaign meeting was held at the Court House Monday, beginning at 10 o'clock. All the announced candidates for state offices were present and spoke, except W. H. Coleman, of Union county, one of the six candidates for governor. The meeting was well attended, the crowd being estimated at approximately one thousand. It was good tempered throughout, and all the speakers received an attentive hearing. Few people being advised that J. J. Cantey, of Summerton, one of the candidates for governor, who has not attended previous meetings, was present and would speak, the crowd began to disperse at the conclusion of the speech of Cole L. Blease, who was the last speaker on the regular program. When quiet was restored about half of the crowd resumed their seats and remained to the conclusion of Mr. Cantey's speech. The meeting adjourned at 3:15. Funny things happen. We know a farmer who is making money. New York brags she convicts more criminals. Look at her chances.

Hotel Fire in Camden

Camden, July 14.—Camden had the extraordinary experience here this afternoon of two fires at the same time caused from lightning during a violent electrical storm. The north wing of the large Kirkwood tourist hotel was first struck and was soon in flames and while the firemen were fighting this blaze a barn to the rear of the residence of Henry Savage was struck and was a complete loss. By good work on the part of the firemen the main building of the hotel located on Camden Heights was saved. The fire was confined to the north wing. The kitchen and servants' quarters will be almost a complete loss.

The Kirkwood is one of the show places of the South and while the fire marred the beauty of the building to some extent, the front view was not damaged. The damage to the Kirkwood is estimated at \$40,000. Camden officials called on Chief May of Columbia for help yesterday afternoon at 4:45 o'clock. C., July 13.—Ten men imported by the Seaboard Air Line for special police duty at the Raleigh shops during the strike of shop-craftsmen were ordered back to Portsmouth, Va., today after their presence here had given birth to a variety of rumors on the wholesale importation of strike-breakers and had aroused strikers and their sympathizers to the point where Mayor T. Payment IS DEMANDED

Allied Commission Replies to German Request. Paris, July 13.—The reparations commission today notified the German government in reply to the demand for a moratorium for reparations payments that it would give a definite answer only when it has in hand the full report of the committee on guarantees which went to Berlin a short time ago to supervise reforms to which the German government gave its assent. The commission demands that the balance of the 32,000,000 gold marks of the payment due July 15, shall be paid. In its letter to the German government the commission says it does not consider payment of reparations the only cause for depreciation in the value of the mark. It adds that stability of the mark can be reestablished only if the financial reforms it has demanded for a long time be put into force immediately and that it is information from the committee on the guarantee regarding application of those reforms that the commission requires before answering definitely the demand of the German government. The commission hopes to be able to make a definite decision before July 15.
