## CONSTITUTION IS SUSPENDED BY KING

### Ruler of Servia Takes Matters Into Own Hands.

#### ACT IN INTEREST OF PEACE.

Belgrade, Servia, April 7.—King Alexander today executed a coup d'etat. He issued two proclamations in which he decreed a suspension of the constitution adopted April 19, 1901, repealing objectionable laws passed thereunder by the retiring councillors of state dissolving the skupshtina and re-enacting the laws as they existed previous to the constitution of 1901. The second proclamation restores this constitution to its former validity.

"I the first proclamation the king says the senate and the skupshtina created under the constitution granted by him in 1901, passed laws which proved impracticable. Furthermore the constitution by tending to gain political passions and prejudices injured the interests of the Fatherland and hindered its development as a state and nation.

"Affairs in the Balkans," the king adds, "are very serious and Servia needs order, unity and peace. She would offer a bright example of a peace-loving state and at the same time always be ready to defend her own true interests should this become necessary for the purpose of restoring the unity, strength and order of the country. The king then suspends the mandates of the senators to be null and void, and the proclamation goes on to announce that the councillors of state are retired and the skupshtina is dissolved.

Jersey City Will Not Permit Glorification of Criminals.

Jersey City, N. J., April 7.—Prosecutor Speer in reply to a request from Chief of Police Murphy for an official opinion as to the latter's power to stop theatrical performances tending to glorify criminals, says:

"If the performance is designed and has a clear tendency to elevate vice and degrade virtue, and to furnish a glittering and attractive enticement to youth to enter upon a career of vice and crime, it is corruptive of public morals and in fact a public nuisance. Plays which shock the public sense of decency and incite to crime are indictable at common law and under New Jersey statutes."

Plays founded upon the Bible brothers' case and the exploits of the Oregon outlaw Tracy were the cause of the chief's action. He says that after this week theatrical managers who present such pieces will be prosecuted.

## THE DRAUGHT

### BLACK-DRAUGHT THE ORIGINAL LIVER MEDICINE

A sallow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. Theodora's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by Theodora's Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than Theodora's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Mullins, S. C., March 10, 1901. I have used Theodora's Black-Draught for three years and I have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.
