**Investment With Safety!**

Safe and profitable investment of surplus funds calls for specialized knowledge and that close personal attention essential to the success of any other business matter.

Business and professional men, single and married women, widows, and others having funds to invest, often lack both the TIME and EXPERIENCE necessary to wisest, safest and most profitable investment.

It is an important feature of the business of this Bank to render service to men and women so situated.

Money entrusted for investment is SAFEGUARDED ABSOLUTELY against loss.

The officers of this Company invite your inquiry in person, by letter or telephone, as to the service we have to offer to those who desire Investment with Safety.

**KNOW PAINT.**  
There's a paint-education in this advertisement.  
Buy by the job, not gallon. Buy by the paint put-on; that's the job.  
The price of paint is so much a gallon; that can't be helped, but amounts to nothing.  
Put them together. How can you do it? You've got to or lose perhaps half of your money.  
Devoe, 10 gallons enough for the average job; an average paint, 15. Now reckon your costs. Count labor a day for a gallon. Devoe 10 days; the other 15.  
Devoe about \$50; the average paint about \$70 or \$80; the dearer the labor the bigger the difference, always that way.  
But that's for the job. How long is it going to last? One twice as long as the other.  
DEVOE  
Stone-Jones Hardware Co. sells it.
