By All Means Get a SIX

There is a fluidity to the power of a good SIX that makes a simply irresistible appeal to the man who has driven any car.

There is a smoothness, a swiftness—an entirely new and fascinating pleasure awaiting the man who buys his first six.

Especially if he buys the new

GRANT SIX

For this car couples marvelous flexibility of operation with excess power. It is more economical than any "four"—owners average over 20 miles to the gallon of gasoline—many of them get 25 miles—some of them 28 miles.

And in riding luxury—in roominess—in excellence of appointments and completeness of equipment Grant Six will astonish you.

This astonishment will quickly turn into eager desire for ownership when you have had a demonstration.

When may we give it to you?

A. J. HOLT, Dealer, Whitmire, S. C.

Know the Result BEFORE Painting

The wear test is sure, but mighty expensive, when paint proves bogus and there is a bill for resurfacing and repainting. The one certain way is to know beforehand that paint is time-tried and weather-tested. You can bank on

Dutch Boy Lewis White Lead

pure linseed oil, turpentine and driers, tinted any color you wish. White-lead paint of this kind penetrates into wood pores, anchors there and dries hard. It holds on until it wears out. Dulling off is the only preparation for repainting.

Come to us if you have painting wants. Everything from paint brushes to white lead. Telephone orders promptly filled.

THE PRODIGAL GIRL.

Some poets have sung of the beauties of home,
Its comforts, its love and its joy;
How, back to its peace, his sins, to condone,
Is welcomed the prodigal boy.
They picture his father, with pardoning pride,
And glittering robes to unfurl;
But none of the poets have thought it worth while
To sing of the prodigal girl.

The prodigal son can resume his old place,
A leader in fashion's mad world,
With never a hint of his former disgrace,
But what of the prodigal girl?
The girl may return to the home that she left,
But nothing is ever the same;
The shadows still linger o'er dear one bereft,
Society scoffs at her name.

Perhaps that is why, when a prodigal girl
Gets lost on life's devious track,
She thinks of the lips that will scornfully curl,
And she hasn't the heart to come back.
Yes, welcome the prodigal son to his place,
Be merciful to him and just,
But shut not the door in his frail sister's face
Because some man's son broke a trust.

FACT.

Local Evidence.
Evidence that can be verified.
Fact is what we want.
Opinion is not enough.
Opinions differ.
Here's a Union fact.
You can test it.
Mrs. R. N. Sprouse, 263 W. Main St., Union, says: "I was in a bad way with kidney trouble. I felt nervous and my health was shattered. The pains in the small of my back were terrible and they seemed to bother me more at night. I always felt thirsty and never seemed able to get enough water. The kidney secretions passed too often and I had such bad dizzy spells that often if I did not catch hold of something I would have fallen. I doctored for six months and finally a friend told me to try Doan's Kidney Pills. I got some from the Palmetto Drug Co. and after I had taken one box, I felt relieved. I kept on until I had used six boxes and by that time all signs of kidney complaint left me."
Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Sprouse had. Foster-McBurg Co., Props., Buffalo, N. Y.

And some men are so full of human nature that they have no room for principle.

Cut Your Store Bill Down One Half

Tens of thousands of farmers as well as town and city folks cut down their store bills one-half last year and saved money in spite of generally short crops and reduced wages.

Absolutely millions of dollars were saved and countless families lived better than ever before in the face of the cotton crisis and general business depression.

How were these burdensome store bills cut down? By the real money-saving power of good home gardens, rightly planted and kept planted and tended through the season.

Hastings 1916 Seed Catalogue tells how to cut store bills down; tells about garden and farm seeds of kinds and a quality that cannot be bought from your merchant or druggist. It's full of garden and farm information. It's free if you ask for it. Write for it now. H. G. HASTINGS CO., Atlanta, Ga.—(Advt.)

PALMETTO-DRUG COMPANY

DRUGS SOAR SKYWARD.

Many persons in Shenandoah county, who in past years have gone to the corner drug store and brought home all the saltpeter they could carry for a dime, wonder why they are now charged 25 cents for just a little bit.

The reason for it is the European war. The Germans, who provide the world with most of the chemicals in general use, are unable to export their products, and the supply is thus cut off from us; and because certain drugs are becoming scarcer and scarcer we have to pay more and more for them—and in some instances can not buy them at any price.

The raw product does not necessarily come from Germany, in most cases it is grown or made elsewhere but this product is refined and purified there, without which it is unfit for use. A short time after the war broke out carbolic acid jumped 500 per cent. It could not be purified here except at great cost. Thomas A. Edison set to work and now has four factories turning out this acid at an increased cost of only 150 per cent. Even this wizard has not been able to compete with the Germans in price. Edison, on his birthday last week, was asked what was his greatest achievement of the year. He immediately replied, "The diamond disc and chemicals."

The cinchona tree, from which quinine is made, is grown in Mexico and Central America, but the raw material is shipped to Germany, there purified and shipped back to us at a price we can in no way compete with. Some of the more familiar drugs which are now greatly advanced in price are:

Salicylic acid—was 90c, now \$4.20 per pound; potassium Bromide—was 52c, now \$5.75; santolin—was \$4.00, now \$76.00; quinine sulphate—was \$8.20, now \$24.50; Epsom salts has advanced 350 per cent; sena leaves 100 per cent; cod liver oil, 100 per cent; blue stone, 1,000 per cent; phenacetin, 800 per cent; saltpeter, 1,200 per cent; powdered alum, 400 per cent; castor oil costs twice as much as it did, and glycerine is three times what it was a few weeks ago. Mercury preparations cost now many times what they did a few months ago. Atropine sulphate, used in eye prescriptions, now costs 25c a grain—one-480th of an ounce.)

There is every indication that these drugs will rise higher and higher until the end of the great war, or until American chemists can refine them cheaply for themselves.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop Using Dangerous Drug Before It Salivates You! It's Horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50 cent bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money. You will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

Many a large idea originates in a small head.

Other people's troubles bore us more than our own.

There are times when a man doesn't think he is getting his money's worth. One is when he invests in a monument.

Some men are such clever liars that they can even explain to the satisfaction of their wives where they have been.

MAMMA! DON'T YOU SEE YOUR CHILD IS SICK, CONSTIPATED

Look at Tongue! Move Poisons From Liver and Bowels at Once.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the California Fig Syrup Co."
