Roofing Paints and Varnishes

is the most efficient type of roof for factories, office buildings, farm buildings, garages, etc.

It costs less to buy, less to lay and less per year of life than other types of roofing. It does not rust, is proof against gases, coal smoke, acids, fumes, etc. It is a non-conductor of heat and cold, is fire retardant and weather-proof.

The cost of laying prepared roofings is the same whether you use good materials or poor. Therefore, it pays to get CERTAIN-TEED, which is the best. It is guaranteed for 5, 10 or 15 years according to thickness (1, 2 or 3 ply), and it will remain efficient long after the time when a poor quality roof would have had to be relaid.

For residences, CERTAIN-TEED Slate Surfaced Asphalt Shingles have all the advantages of CERTAIN-TEED Roofing, plus artistic beauty. They need no paint, are pliable, eliminate waste and misfits, cannot curl, buckle, rot or crack. Guaranteed for ten years.

are good, reliable products made by experienced paint men who know how to make good paints and varnishes.

These men have at their command all the machinery, equipment, materials and resources necessary to manufacture good paints and varnishes economically. They also have at their disposal the extensive selling organization and warehouse system of the Certain-teed Products Corporation, which materially reduces the cost of distributing and marketing.

The result is that CERTAIN-TEED Paints and Varnishes are high grade products, sold at lower prices than you would expect to pay for good paints and varnishes.

We guarantee CERTAIN-TEED Paints and Varnishes to give satisfaction. Whether you do your own painting or hire a professional painter you will find it to your interest to see that you get CERTAIN-TEED.

Any good dealer can sell you CERTAIN-TEED Paints and Varnishes. If he does not carry them in stock he can get them for you.

**AMERICAN AND GREEK IDEALS.**

Venizelos Encourage the Greeks of America to Support American Democratic Ideals as Symbolized by Star-Spangled Banner.

(National, N. Y., Herald.)

You have expressed the unanimous sentiment of all liberal Greeks in repudiating the king, with whom since the tragic events of December the nation has once and for all severed every tie.

I congratulate you on your resolve to devote all your strength to the noble task undertaken by the United States.

In your distinguished President's stirring and inspiring declaration, defining America's aims in the war, the Star-Spangled Banner has become the symbol of humanity's purest ideal. Devotion to such a cause is henceforth the duty and privilege of every free man.

I am convinced that the Greeks of the United States, imbued with this conception, will succeed in winning the active and highly valued sympathy of the great American nation.

Venizelos.
