**Is Your Money Supporting the Government**

At this critical period in our history our manufacturers are offering their mills and our young men are offering their services to the United States Government.

Would you like to do your share and help by putting your money where it will support the new Federal Reserve Banking System, which the Government has established to stand back of our commerce industry and agriculture?

You can do this by opening an account with us, as part of every dollar so deposited goes directly into the new system where it will always be ready for you when wanted.

**One Pair of Eyes to a  
...Lifetime...**

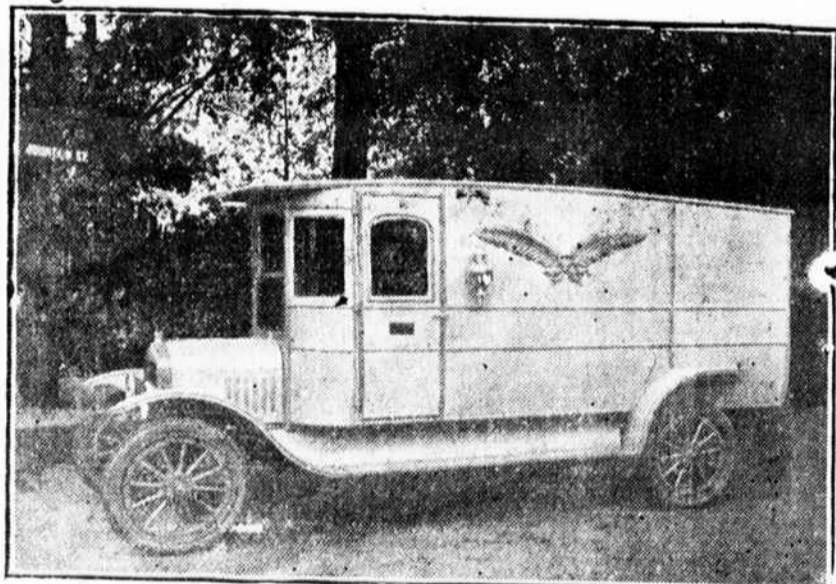

Are you abusing and neglecting yours? If, so, you will pay the price later. **More than two-thirds of all headaches arise from eye-strain.** Dim vision, aching, burning eyes that soon tire, granulated lids and many other ills are due to some form of eye strain. In such cases there is but one remedy and that is an unfailing one—**properly fitted glasses.**

**SCHOOL CHILDREN** should have their eyes carefully examined before being taxed by study and if necessary, fitted with glasses.

An examination will cost you nothing, and if there is no need for glasses I will tell you so. My prices for glasses are very reasonable and I stand back of every pair with an absolute guarantee of satisfaction.

**LOCKHART JUNCTION**

Lockhart Junction, May 15.—Well, we are having fine weather now such as we need, getting warm and a rain now and then is sure the thing for the cotton that is trying to come up, and it is also fine for the gardens, the vegetables are real fine and every one is feeling proud and talking of their fine gardens.

Sometimes things look gloomy, then again we feel like we are on the mountain top. If we people would stop and think for a moment we all should be very thankful to know it is as well with us as what it is. We are living and worshipping under our own vine and fig tree, while others are living under adverse circumstances. It could be worse with us and might be if this cruel war goes on. We don't know what we are coming to; maybe we are at the beginning of one of the greatest wars that history can tell us about and while we are enjoying this life and surrounded with plenty there are many who have not bread to eat.

I think about the young men of this country and of other lands and countries that have gone out from their homes to meet the many hardships of a soldier's life and they may never again enjoy the pleasures of home. This is a very sad thing to think about and yet it is true. We meet and know mothers who have sons away who are grieved because they are gone away and they are praying for them.

J. L. McKinney who is with the Coast Artillery at Fort Moultrie is at home on a furlough to see his his father and other relatives.

Mr. and Mrs. James Kelly who are now living in Spartanburg motored down to Kelly's Sunday to see his mother, Mrs. Pollie Kelly and attended church at Foster Chapel.

Mr. and Mrs. Elzie Gudyen of Spartanburg were at the Junction this morning on their way home from a visit to Mr. and Mrs. D. J. Gallman.

Rev. H. K. Ezell and L. E. Yarbrough of Cross Anchor visited Richard Littlejohn and family last week and attended preaching at New Hope church.

I met Mrs. Susie Coleman of Jonesville at the Junction this morning; she has been visiting her mother, Mrs. Newton Gallman at Kelton.

Mrs. W. C. Edmonds and children of Spartanburg are now visiting Mr. and Mrs. T. B. Kelley and other relatives in this community.

Mr. and Mrs. C. L. Gault of Great Falls were visitors in this section Sunday, coming in their auto.

Mr. and Mrs. L. G. Garner spent the week-end in Cherokee to see their son-in-law and daughter, Mrs. and O. T. Inman. Miss Ruth Inman came home with them.

Dr. Thrasher and I were again invited to another birthday dinner last Thursday, the 9th of May. Mrs. L. G. Garner celebrated her 57th birthday, entertaining her friends royally with many varieties of good things to eat. I will say Mr. Editor you would have been welcome if you had happened along at that hour (Moxy, you quit telling us about the good dinners you have; it makes us hungry—Editor). They have eight children, all living, all belong to the church, also 33 grandchildren. She has one boy in the service of Uncle Sam. These are praying people. My dear readers I go into many homes and sometime have been in strange homes but I was not a stranger any more. I find many big-hearted people everywhere I go. It is good to go around and meet the people and associate together.

**DON'T SCOLD MOTHER!  
THE CROSS CHILD IS  
BILIOUS, FEVERISH**

Look at tongue! If coated, clean little stomach, liver bowels

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children like this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

I will say to those who do not get the Weekly Times or Daily Times that have paid up your subscriptions, let me know and we will have it sent. Sometimes I might get your post office or mail route wrong and turn it in to the editor that way and you might miss getting it some time. I will say again, the editor sure has been lenient to his patrons. I find many behind in payment for three or four years that are paying up for the paper and want it on—they cannot do without it.

The Gault school closed last Friday night exercises by the children which were well attended. The teachers are Prof. O. A. Darby, of Chester, Miss Garry Laurens of Inman and Miss Lucile Tracy of Union. Miss Laurence is Mrs. Waters now as she got married since she began to teach. The teachers will not come back, but they have given satisfaction and I wish them all much success wherever they go.

Messrs. Carbery and House of Union will be at Elford Grove school house on Sunday evening of the 19th to meet the Sunday school at that place.

Moxy.

**CALOMEL DYNAMITES  
A SLUGGISH LIVER**

Crashes into sour bile, making you sick and you lose a day's work

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy constipated and all knocked out just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

**AGREEMENT BETWEEN  
U. S. AND JAPAN**

Tokio, April 30.—(Correspondence of the Associated Press)—Submitting written answers to interpellations in the house of representatives, just before the recent adjournment of that body, Viscount Motono then Japan's foreign minister, but who afterward resigned, said that the Japanese government had no intention of repealing the "gentlemen's agreement" between the United States and Japan at the present time.

The interpellator, Mr. Hayami, thought that the time had come to send more Japanese laborers to the United States because the war had increased demand of labor here. He believed that the time had arrived to solve the immigration question and thought the "gentlemen's agreement" should be abolished.

Mr. Hayami continued by recommending that the government open the way for a supply of Japanese la-

Viscount Motono replied that the government did not think the present circumstances allowed of such an arrangement.

Commenting on Mr. Hayami's desire that the general granting of passports to Japanese emigrants be expedited and simplified in procedure, Viscount Motono answered that the government would try to meet the interpellator's wishes as far as possible. He added that the government will give due consideration to the matter of giving preparatory education to emigrants.
